Knowledge is the best investment.

Help feel more secure in your savings strategy by taking steps to verify that you’re on the right track. And if you’re off track, know what adjustments you may need to make. Are you saving enough? Have you taken taxes into account? Do you have a financial plan – and have you thought about what retirement looks like?

TIAA-CREF’s workshop leaders will help teach you how to manage investments and strategies you can consider for your own planning needs.

• Help determine your investing personality and how it should impact the way you allocate your assets.
• Learn ways to help maximize savings potential. If you’re not where you need to be, there are ways you can catch up.
• See what else you should consider – like taxes, inflation and what an ordinary day in retirement will look like.

Join us on Wednesday, March 9, 2016 from 12-1:00 in LM 100 as we hone our investing and portfolio management knowledge to help build a healthy retirement.
