- You will have until March 24 to complete your self-appraisal.
- Once you complete and submit your appraisal, your manager will automatically receive a notification that they need to complete your review in Workday.
- After your manager has completed your review and it has been approved, your manager will schedule a 1:1 with you.

Goals and Objectives for 2023

A goal is an outcome you want to achieve; an objective is a specific and measurable action that can be reached in a short amount of time, related to a goal.

GOALS:

• Setting goals can provide self-motivation and show your manager how you aim to improve in your position and contribute to your department.
• Common types of goals: Productivity, Skills, Training, and Achievement-Based goals
• SMART goals

OBJECTIVES:

• Specific actions and measurable steps that you need to take to achieve a goal.
• Strong objectives are specific, measurable, achievable, realistic and time-bound.
SMART Goal Method

Specific: What will be accomplished? What actions will you take?

Measurable: What data will measure the goal? (How much? How many? How well?)

Achievable: Is the goal doable? Do you have the necessary skills and resources?

Relevant: How does the goal align with broader goals? Why is the result important?

Time-Based: What is the time frame for accomplishing the goal?
Thinking Ahead to Next Year
Keep Notes Throughout the Year

• Archive emails on a job well done in your self-assessment folder along with any other feedback you receive throughout the year.
• Use your calendar as a tool to track your accomplishments and projects.
