

How to Edit the Order of the Global Navigation Apps

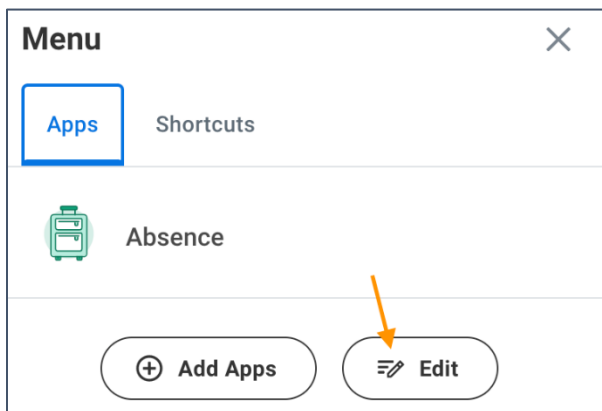

This job aid will help you to order your global navigation apps so that you can have your most used apps appear at the top of the home page.

1. Go to the [Workday Homepage](#)

2. Click on **Menu**

3. Click on **Edit**

4. Select app(s) and drag to desired order. Once the list is finalized, click **Save Changes**.
