2022 OPEN ENROLLMENT CHECKLIST

➢ Review your current benefit elections
  □ Log into USFWorks through myUSF, click the Benefits worklet and choose View Benefit Elections.
  □ From the top right corner, choose to print your benefits elections.

➢ Download and review the 2022 Benefits Guide.

➢ Review your current Flexible Spending Account Elections vs. your actual expenses to help you decide whether you need to make any changes to your contributions for 2022
  □ Flexible Spending Accounts (FSAs) require annual re-enrollment should you wish to continue these benefits for the upcoming plan year. The 2022 maximum annual election amounts are $2,750 per employee for the Healthcare FSA and $5,000 per household for the Dependent Care FSA.
  □ NOTE: Childcare subsidy funds are added to employees’ Dependent Care FSAs through BASIC. Total combined childcare subsidy and Dependent Care FSA contributions may not exceed $5,000 per household in 2022. Reimbursement requests must meet the IRS criteria for qualified dependent care expenses.

➢ Gather required documentation
  □ If you are enrolling a new dependent, you must upload the supporting documentation. For example, if adding a spouse, you must upload your marriage certificate. For any eligible children, upload a birth certificate. Failure to provide documentation can delay your enrollment.

➢ Print the Open Enrollment Job Aid
