Around-the-clock support when your employees need it most

Members can access a coach anytime, anywhere for 1-on-1 support.

Many areas of focus
Wellness coaches can help members with stress, sleep, smoking cessation, and more. They’re not mental health care providers, but they can set up an action plan to keep your employees motivated toward their health goals.

Convenient scheduling
Phone sessions are available 5 days a week and typically last 20 minutes.

Dedicated support
The same coach will get to know you over multiple sessions — providing tailored guidance at whatever time and frequency works best.
