

Coaching

An opportunity for personal growth and change

Opportunity for Growth

Through a collaborative process of discovery, goal setting and strategic action, you and your coach will create a plan for growth and change. You'll set priorities, clarify values, talk through challenges, and establish your own vision for wellbeing.

Why Coaching

- ✓ **Experienced, certified coaches**
NBHWC certified, URAC accredited
- ✓ **30-minute telephonic sessions**
- ✓ **Positive, nonjudgmental support**
- ✓ **Enhance mood**
- ✓ **Lower stress**
- ✓ **Confidential**
- ✓ **Proven results**
- ✓ **Convenient on-line scheduling**

- Exercise
- Compassion Fatigue
- Chronic Pain
- And more!

Coaching vs. Counseling.

Coaches guide by asking questions and structuring a process for individuals to achieve their physical and emotional wellbeing goals. Counselors focus on mental health and emotional healing for issues like anxiety and depression, which impair the ability to function well.
