COMPLAINT NOTICE

All complaints and disputes relating to coverage under this plan must be resolved in accordance with the plan's grievance procedures. Grievances may be made by telephone (please call the number described on your Identification Card) or in writing (write to Anthem Blue Cross Life and Health Insurance Company, 21555 Oxnard Street, Woodland Hills, CA 91367 marked to the attention of the Member Services Department named on your identification card). If you wish, the Claims Administrator will provide a Complaint Form which you may use to explain the matter.

All grievances received under the plan will be acknowledged in writing, together with a description of how the plan proposes to resolve the grievance. Grievances that cannot be resolved by this procedure shall be submitted to arbitration.

Dear Plan Member:

This Benefit Booklet ("benefit booklet") provides a complete explanation of your benefits, limitations and other plan provisions which apply to you.

Subscribers and covered dependents ("members") are referred to as "you" and "your". The plan administrator is referred to as "we", "us" and "our".

All italicized words have specific definitions. These definitions can be found either in the specific section or in the DEFINITIONS section of this benefit booklet.

Please read this Benefit Booklet ("benefit booklet") carefully so that you understand all the benefits your plan offers. Keep this Benefit Booklet handy in case you have any questions about your coverage.

Important: This is not an insured benefit plan. The benefits described in this Benefit Booklet or any rider or amendments hereto are funded by the plan administrator who is responsible for their payment. Anthem Blue Cross Life and Health Insurance Company provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims.

Anthem Blue Cross Life and Health Insurance Company is an independent licensee of the Blue Cross Association (BCA).

TYPES OF PROVIDERS

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED. IF YOU HAVE SPECIAL HEALTH CARE NEEDS, YOU SHOULD CAREFULLY READ THOSE SECTIONS THAT APPLY TO THOSE NEEDS. THE MEANINGS OF WORDS AND PHRASES IN ITALICS ARE DESCRIBED IN THE SECTION OF THIS BOOKLET ENTITLED “DEFINITIONS”.

Participating Providers in California. The plan has made available to the beneficiaries a network of various types of “Participating Providers”. These providers are called “participating” because they have agreed to participate in the claims administrator’s preferred provider organization program (PPO), called the Prudent Buyer Plan. Participating providers have agreed to a rate they will accept as reimbursement for covered services. The amount of benefits payable under this plan will be different for non-participating providers than for participating providers. See the definition of “Participating Providers” in the DEFINITIONS section for a complete list of the types of providers which may be participating providers.

We will provide you with a directory of participating providers upon request. The directory lists all participating providers in your area, including health care facilities such as hospitals and skilled nursing facilities, physicians, laboratories, and diagnostic x-ray and imaging providers. You may call the claims administrator at the Member Services number listed on your ID card and ask the claims administrator to send you a directory. You may also search for a participating provider using the “Find a Doctor” function on the claims administrator’s website at www.anthem.com/ca.

If you need details about a provider’s license or training, or help choosing a physician who is right for you, call the Member Services number on the back of your ID card.

How to Access Primary and Specialty Care Services

Your health plan covers care provided by primary care physicians and specialty care providers. To see a primary care physician, simply visit any participating provider physician who is a general or family practitioner, internist or pediatrician. Your health plan also covers care provided by any participating provider specialty care provider you choose (certain providers’ services are covered only upon referral of an M.D. (medical doctor) or D.O. (doctor of osteopathy), see “Physician,” below). Referrals are never needed to visit any participating provider specialty care provider including a behavioral health care provider.
To make an appointment call your physician’s office:

- Tell them you are a Prudent Buyer Plan member.
- Have your Member ID card handy. They may ask you for your group number, member I.D. number, or office visit copay.
- Tell them the reason for your visit.

When you go for your appointment, bring your Member ID card.

After hours care is provided by your physician who may have a variety of ways of addressing your needs. Call your physician for instructions on how to receive medical care after their normal business hours, on weekends and holidays. This includes information about how to receive non-emergency care and non-urgent care within the service area for a condition that is not life threatening, but that requires prompt medical attention. If you have an emergency, call 911 or go to the nearest emergency room.

**Participating Providers Outside of California**

The Blue Cross and Blue Shield Association, of which the claims administrator is a member, has a program (called the “BlueCard Program”) which allows our members to have the reciprocal use of participating providers contracted under other states’ Blue Cross and/or Blue Shield Licensees (the Blue Cross and/or Blue Shield Plan).

If you are outside of the California service areas, please call the toll-free BlueCard Provider Access number on your ID card to find a participating provider in the area you are in. A directory of PPO Providers for outside of California is available upon request.

**Non-Participating Providers.** Non-participating providers are providers which have not agreed to participate in the Prudent Buyer Plan network or the Blue Cross and/or Blue Shield Plan. They have not agreed to the reimbursement rates and other provisions of a Prudent Buyer Plan contract nor the Blue Cross and/or Blue Shield Plan.
The claims administrator has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking services from non-participating providers could be balance billed by the non-participating provider for those services that are determined to be not payable as a result of these review processes and meets the criteria set forth in any applicable state regulations adopted pursuant to state law. A claim may also be determined to be not payable due to a provider’s failure to submit medical records with the claims that are under review in these processes.

Contracting and Non-Contracting Hospitals. Another type of provider is the "contracting hospital". This is different from a hospital which is a participating provider. The claims administrator has contracted with most hospitals in California to obtain certain advantages for patients covered under the plan. While only some hospitals are participating providers, all eligible California hospitals are invited to be contracting hospitals and most—over 90%—accept.

Physicians. "Physician" means more than an M.D. Certain other practitioners are included in this term as it is used throughout the plan. This doesn't mean they can provide every service that a medical doctor could; it just means that the plan will cover expense you incur from them when they're practicing within their specialty the same as if the care were provided by a medical doctor. As with the other terms, be sure to read the definition of "Physician" to determine which providers' services are covered. Only providers listed in the definition are covered as physicians. Please note also that certain providers' services are covered only upon referral of an M.D. (medical doctor) or D.O. (doctor of osteopathy). Providers for whom referral is required are indicated in the definition of "physician" by an asterisk (*).

Other Health Care Providers. "Other Health Care Providers" are neither physicians nor hospitals. They are mostly free-standing facilities or service organizations, such as ambulance companies. See the definition of "Other Health Care Providers" in the definitions section for a complete list of those providers. Other health care providers are not part of the Prudent Buyer Plan provider network or the Blue Cross and/or Blue Shield Plan.
Reproductive Health Care Services. Some hospitals and other providers do not provide one or more of the following services that may be covered under your plan and that you or your family member might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective physician or clinic, or call the claims administrator at the Member Services telephone number listed on your ID card to ensure that you can obtain the health care services that you need.

Participating and Non-Participating Pharmacies. "Participating Pharmacies" agree to charge only the prescription drug maximum allowed amount to fill the prescription. You pay only your co-payment amount.

"Non-Participating Pharmacies" have not agreed to the prescription drug maximum allowed amount. The amount that will be covered as prescription drug covered expense is significantly lower than what these providers customarily charge.

Centers of Medical Excellence and Blue Distinction Centers. The claims administrator is providing access to Centers of Medical Excellence (CME) networks and Blue Distinction Centers for Specialty Care (BDCSC). The facilities included in each of these networks are selected to provide the following specified medical services:

- **Transplant Facilities.** Transplant facilities have been organized to provide services for the following specified transplants: heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures. Subject to any applicable co-payments or deductibles, CME and BDCSC have agreed to a rate they will accept as payment in full for covered services. **These procedures are covered only when performed at a CME or BDCSC.**

- **Bariatric Facilities.** Hospital facilities have been organized to provide services for bariatric surgical procedures, such as gastric bypass and other surgical procedures for weight loss programs. **These procedures are covered only when performed at a BDCSC.**

Benefits for services performed at a designated CME or BDCSC will be the same as for participating providers. A participating provider in the Prudent Buyer Plan or the Blue Cross and/or Blue Shield Plan network is not necessarily a CME or BDCSC facility.
Care Outside the United States—BlueCross BlueShield Global Core

Prior to travel outside the United States, call the Member Services telephone number listed on your ID card to find out if your plan has BlueCross BlueShield Global Core benefits. Your coverage outside the United States is limited and the claims administrator recommends:

- Before you leave home, call the Member Services number on your ID card for coverage details. **You have coverage for services and supplies furnished in connection only with urgent care or an emergency when travelling outside the United States.**
- Always carry your current ID card.
- In an emergency, seek medical treatment immediately.

**The BlueCross BlueShield Global Core Service Center is available 24 hours a day, seven days a week toll-free at (800) 810-BLUE (2583) or by calling collect at (804) 673-1177. An assistance coordinator, along with a medical professional, will arrange a physician appointment or hospitalization, if needed.**

**Payment Information**

- **Participating BlueCross BlueShield Global Core hospitals.** In most cases, you should not have to pay upfront for inpatient care at participating BlueCross BlueShield Global Core hospitals except for the out-of-pocket costs you normally pay (non-covered services, deductible, co-payments, and co-insurance). The hospital should submit your claim on your behalf.

- **Doctors and/or non-participating hospitals.** You will have to pay upfront for outpatient services, care received from a physician, and inpatient care from a hospital that is not a participating BlueCross BlueShield Global Core hospital. Then you can complete a BlueCross BlueShield Global Core claim form and send it with the original bill(s) to the BlueCross BlueShield Global Core Service Center (the address is on the form).
Claim Filing

- **Participating BlueCross BlueShield Global Core hospitals will file your claim on your behalf.** You will have to pay the hospital for the out-of-pocket costs you normally pay.

- **You must file the claim** for outpatient and physician care, or inpatient hospital care not provided by a participating BlueCross BlueShield Global Core hospital. You will need to pay the health care provider and subsequently send an international claim form with the original bills to the claims administrator.

Additional Information About BlueCross BlueShield Global Core Claims.

- You are responsible, at your expense, for obtaining an English-language translation of foreign country provider claims and medical records.

- Exchange rates are determined as follows:
  - For inpatient hospital care, the rate is based on the date of admission.
  - For outpatient and professional services, the rate is based on the date the service is provided.

Claim Forms

- International claim forms are available from the claims administrator, from the BlueCross BlueShield Global Core Service Center, or online at:
  
  **www.bcbsglobalcore.com**

The address for submitting claims is on the form.
SUMMARY OF BENEFITS

THE BENEFITS OF THIS PLAN ARE PROVIDED ONLY FOR THOSE SERVICES THAT ARE CONSIDERED TO BE MEDICALLY NECESSARY AS DEFINED IN THE BENEFIT BOOKLET. THE FACT THAT A PHYSICIAN PRESCRIBES OR ORDERS A SERVICE DOES NOT, IN ITSELF, MEAN THAT THE SERVICE IS MEDICALLY NECESSARY OR THAT THE SERVICE IS COVERED UNDER THIS PLAN. CONSULT THIS BOOKLET OR TELEPHONE THE CLAIMS ADMINISTRATOR AT THE NUMBER SHOWN ON YOUR IDENTIFICATION CARD IF YOU HAVE ANY QUESTIONS REGARDING WHETHER SERVICES ARE COVERED.

THIS PLAN CONTAINS MANY IMPORTANT TERMS (SUCH AS "MEDICALLY NECESSARY" AND "MAXIMUM ALLOWED AMOUNT ") THAT ARE DEFINED IN THE DEFINITIONS SECTION. WHEN READING THROUGH THIS BOOKLET, CONSULT THE DEFINITIONS SECTION TO BE SURE THAT YOU UNDERSTAND THE MEANINGS OF THESE ITALICIZED WORDS.

For your convenience, this summary provides a brief outline of your benefits. You need to refer to the entire benefit booklet for more complete information about the benefits, conditions, limitations and exclusions of your plan.

Mental Health Parity and Addiction Equity Act. The Mental Health Parity and Addiction Equity Act provides for parity in the application of aggregate treatment limitations (day or visit limits) on mental health and substance abuse benefits with day or visit limits on medical and surgical benefits. In general, group health plans offering mental health and substance abuse benefits cannot set day/visit limits on mental health or substance abuse benefits that are lower than any such day or visit limits for medical and surgical benefits. A plan that does not impose day or visit limits on medical and surgical benefits may not impose such day or visit limits on mental health and substance abuse benefits offered under the plan.

The Mental Health Parity and Addiction Equity Act also provides for parity in the application of non-quantitative treatment limitations (NQTL). An example of a non-quantitative treatment limitation is a precertification requirement.
Also, the plan may not impose deductibles, co-payments, co-insurance, and out of pocket expenses on mental health and substance abuse benefits that are more restrictive than deductibles co-payments, co-insurance and out of pocket expenses applicable to other medical and surgical benefits.

Medical Necessity criteria and other plan documents showing comparative criteria, as well as the processes, strategies, evidentiary standards, and other factors used to apply an NQTL are available upon request.

Second Opinions. If you have a question about your condition or about a plan of treatment which your physician has recommended, you may receive a second medical opinion from another physician. This second opinion visit will be provided according to the benefits, limitations, and exclusions of this plan. If you wish to receive a second medical opinion, remember that greater benefits are provided when you choose a participating provider. You may also ask your physician to refer you to a participating provider to receive a second opinion.

Triage or Screening Services. If you have questions about a particular health condition or if you need someone to help you determine whether or not care is needed, triage or screening services are available to you by telephone. Triage or screening services are the evaluation of your health by a physician or a nurse who is trained to screen for the purpose of determining the urgency of your need for care. Please contact the 24/7 NurseLine at the telephone number listed on your identification card 24 hours a day, 7 days a week.

After Hours Care. After hours care is provided by your physician who may have a variety of ways of addressing your needs. You should call your physician for instructions on how to receive medical care after their normal business hours, on weekends and holidays, or to receive non-emergency care and non-urgent care within the service area for a condition that is not life threatening but that requires prompt medical attention. If you have an emergency, call 911 or go to the nearest emergency room.
Telehealth. This plan provides benefits for covered services that are appropriately provided through telehealth, subject to the terms and conditions of the plan. In-person contact between a health care provider and the patient is not required for these services, and the type of setting where these services are provided is not limited. “Telehealth” is the means of providing health care services using information and communication technologies in the consultation, diagnosis, treatment, education, care management and self-management of a patient's physical and mental health care when the patient is located at a distance from the health care provider. Telehealth does not include consultations between the patient and the health care provider, or between health care providers, by telephone, facsimile machine, electronic mail or chat therapy.

All benefits are subject to coordination with benefits under certain other plans.

The benefits of this plan are subject to the REIMBURSEMENT FOR ACTS OF THIRD PARTIES section.
MEDICAL BENEFITS

DEDUCTIBLES

Calendar Year Deductibles

- Individual Deductible ................................................................. $250
- Family Deductible ........................................................................ $750*

* But not more than the Member Deductible amount per member indicated above for any one enrolled family member. For any given family member, the Deductible is met either after he/she meets the Member Deductible, or after the entire Family Deductible is met. The Family Deductible can be met by any combination of amounts from any family member.

Additional Deductibles*

- Emergency Room Deductible ....................................................... $50
- Non-Certification Deductible ......................................................... $250

*Please note these deductibles do not accrue toward the satisfaction of the Calendar Year Deductibles.

Exceptions: In certain circumstances, one or more of these deductibles may not apply, as described below:

- The Calendar Year Deductible will not apply to benefits for Preventive Care Services provided by a participating provider.
- The Calendar Year Deductible will not apply to hospice care services provided by a physician who is a participating provider.
- The Calendar Year Deductible will not apply to office visits to a physician who is a participating provider.

Note: This exception only applies to the charge for the visit itself. It does not apply to any other charges made during that visit, such as for testing procedures, surgery, etc.

- The Calendar Year Deductible will not apply to diabetes education program services provided by a physician who is a participating provider.
- The Calendar Year Deductible will not apply to chiropractic services provided by a physician who is a participating provider.
– The Calendar Year Deductible will not apply to acupuncture services provided by a physician who is a participating provider.
– The Calendar Year Deductible will not apply to chat therapy when provided by a participating provider.
– The Calendar Year Deductible will not apply to transplant travel expenses authorized by the claims administrator in connection with a specified transplant procedure provided at a designated CME or a BDCSC.
– The Calendar Year Deductible will not apply to bariatric travel expense in connection with an authorized bariatric surgical procedure provided at a designated BDCSC.
– The Emergency Room Deductible will not apply if you are admitted as a hospital inpatient immediately following emergency room treatment.
– The Inpatient Deductible will not apply to emergency admissions.
– The Non-Certification Deductible will not apply to emergency admissions or services, services provided by a participating provider or to medically necessary inpatient facility services available to you through the BlueCard Program. See UTILIZATION REVIEW PROGRAMS.
– The Additional Deductibles will not apply for the remainder of the year once your Out-of-Pocket Amount is reached.

CO-PAYMENTS

First Level of Co-Payments.* After you have met your Calendar Year Deductible, and any other applicable deductible, you will be responsible for the following percentages of the maximum allowed amount:

- Participating Providers .......................................................... 10%
- Other Health Care Providers ................................................. 20%
- Non-Participating Providers ................................................... 30%

Note: In addition to the Co-Payment shown above, you will be required to pay any amount in excess of the maximum allowed amount for the services of an other health care provider or a non-participating provider.

*Exceptions:
– There will be no Co-Payment for any covered services provided by a participating provider under the Preventive Care benefit.
There will be no Co-Payment for any covered services provided by a participating provider under the Hospice Services benefit.

Your Co-Payment for non-participating providers for emergency services will be 10% of billed charges (physician and institutional charges). Please note that you will be responsible for the balance of billed charges which exceed the maximum allowed amount.

Your Co-Payment for non-participating providers will be the same as for participating providers for the following services. You will be responsible for charges which exceed the maximum allowed amount.

a. All emergency services;

b. An authorized referral from a physician who is a participating provider to a non-participating provider;

c. Charges by a type of physician not represented in the Prudent Buyer Plan network or the Blue Cross and/or Blue Shield Plan; or

d. Clinical Trials.

If you receive services from a category of provider defined in this benefit booklet as an other health care provider but such a provider participates in the Blue Cross and/or Blue Shield Plan in that service area, your Co-Payment will be as follows:

a. if you go to a participating provider, your Co-payment will be the same as for participating providers.

b. if you go to a non-participating provider, your Co-Payment will be the same as for non-participating providers.

If you receive services from a category of provider defined in this benefit booklet as a participating provider that is not available in the Blue Cross and/or Blue Shield Plan in that service area, your Co-Payment will be the same as for participating providers.

Your Co-Payment for office visits to a physician who is a participating provider will be $20. This Co-Payment will not apply toward the satisfaction of any deductible.

Note: This exception applies only to the charge for the visit itself. It does not apply to any other charges made during that visit, such as testing procedures, surgery, etc.
– Your Co-Payment for diabetes education program services provided by a physician who is a participating provider will be $20. This Co-Payment will not apply toward the satisfaction of any deductible.

– Your Co-Payment for chiropractic services provided by a physician who is a participating provider will be $20. Your Co-Payment will not apply toward the satisfaction of any deductible.

– Your Co-Payment for acupuncture services provided by a physician who is a participating provider will be $20. Your Co-Payment will not apply toward satisfaction of any deductible.

– Your Co-Payment for chat therapy provided by a physician who is participating provider will be $10 of the maximum allowed amount.

– Your Co-Payment for specified transplants (heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures) determined to be medically necessary and performed at a designated CME or BDCSC will be the same as for participating providers. Services for specified transplants are not covered when performed at other than a designated CME or BDCSC. See UTILIZATION REVIEW PROGRAM.

NOTE: No Co-Payment will be required for the transplant travel expenses authorized by the claims administrator in connection with a specified transplant performed at a designated CME or BDCSC. Transplant travel expense coverage is available when the closest CME or BDCSC is 75 miles or more from the recipient’s or donor’s residence.

– Your Co-Payment for bariatric surgical procedures determined to be medically necessary and performed at a designated BDCSC will be the same as for participating providers. Services for bariatric surgical procedures are not covered when performed at other than a designated BDCSC. See UTILIZATION REVIEW PROGRAM.

NOTE: Co-Payments do not apply to bariatric travel expenses authorized by the claims administrator. Bariatric travel expense coverage is available when the closest BDCSC is 50 miles or more from the member’s residence.
Out-of-Pocket Amount*. After you have made the following total out-of-pocket payments for covered charges incurred during a calendar year, you will no longer be required to pay a Co-Payment for the remainder of that year, but you remain responsible for costs in excess of the maximum allowed amount and the prescription drug maximum allowed amount.

- Per member..............................................................................................................$ 889
- Per family....................................................................................................................$2,667**

** But not more than the Out-of-Pocket Amount per member indicated above for any one enrolled member in a family

Non-Contracting Hospital Penalty. The maximum allowed amount is reduced by 25% for services and supplies provided by a non-contracting hospital. This penalty will be deducted from the maximum allowed amount prior to calculating your Co-Payment amount, and any benefit payment by us will be based on such reduced maximum allowed amount. You are responsible for paying this extra expense. This reduction will be waived only for emergency services. To avoid this penalty, be sure to choose a contracting hospital.

MEDICAL BENEFIT MAXIMUMS

The plan will pay for the following services and supplies, up to the maximum amounts, or for the maximum number of days or visits shown below:

Skilled Nursing Facility
- For covered skilled nursing facility care.................................................100 days per calendar year

Home Health Care
- For covered home health services..................................................120 visits per 12-month period

Home Infusion Therapy
- For all covered services and supplies received during any one day.................................................$600*

*Non-participating providers only
Ambulatory Surgical Center
- For all covered services and supplies ................................................. $350*
  *Non-participating providers only

Outpatient Hemodialysis
- For all covered services and supplies ................................................. $350*
  per visit
  *Non-participating providers only

Advanced Imaging Procedures
- For all covered services ................................................................. $800*
  per procedure
  *Non-participating providers only

Ambulance
- For air ambulance transportation that is not related to an emergency ................................................. $50,000*
  per trip
  *Non-participating providers only

Chiropractic Services
- For covered outpatient services ....................................................... 30 visits
  per calendar year, additional visits as authorized if medically necessary

Acupuncture
- For all covered services ................................................................. 20 visits
  per calendar year

Transplant Travel Expense
- For all authorized travel expense in connection with a specified transplant performed at a designated CME or BDCSC ............ $10,000
  per transplant
Unrelated Donor Searches

- For all charges for unrelated donor searches for covered bone marrow/stem cell transplants ........................................... $30,000 per transplant

Bariatric Travel Expense

- For all authorized travel expenses in connection with a specified bariatric surgery performed at a designated BDSC ......................................... up to $3,000 per surgery

Bariatric Travel Expense

- For all authorized travel expenses in connection with a specified bariatric surgery performed at a designated BDSC ......................................... up to $3,000 per surgery

Lifetime Maximum

- For all medical benefits ................................................... Unlimited
PRESCRIPTION DRUG BENEFITS

PRESCRIPTION DRUG CO-PAYMENTS. The following co-payments apply for each prescription:

Retail Pharmacies: The following co-payments apply for a 30-day supply of medication.

Participating Pharmacies

- **Generic Drugs**.................................................................................................................. $10
- **Brand Name Drugs:**
  - *Formulary drugs* .................................................................................................................. $20
  - *Non-formulary drugs* .......................................................................................................... $25
- **Compound medications** .................................................................................................... $25

Please note that presentation of a prescription to a pharmacy or pharmacist does not constitute a claim for benefit coverage. If you present a prescription to a participating pharmacy, and the participating pharmacy indicates your prescription cannot be filled, your deductible, if any, needs to be satisfied, or requires an additional Co-Payment, this is not considered an adverse claim decision. If you want the prescription filled, you will have to pay either the full cost, or the additional Co-Payment, for the prescription drug. If you believe you are entitled to some plan benefits in connection with the prescription drug, submit a claim for reimbursement to the claims administrator.

Non-Participating Pharmacies*.................................................................................................. 50% of the prescription drug covered expense

Home Delivery Prescriptions. The following co-payments apply for a 90-day supply of medication.

- **Generic Drugs**.................................................................................................................. $10
- **Brand Name Drugs:**
  - *Formulary drugs* .................................................................................................................. $20
  - *Non-formulary drugs* .......................................................................................................... $25
Your co-payment for orally administered anti-cancer medications will not exceed the lesser of any applicable co-payment listed above or:

- For a 30-day supply from a retail pharmacy........................................................................................................ $200
- For a 90-day supply through home delivery........................................................................................................ $600

Your copayment for all other drugs covered under this plan will not exceed the lesser of any applicable copayment listed above or:

- For a 30-day supply from a retail pharmacy........................................................................................................ $250
- For a 90-day supply through home delivery........................................................................................................ $750

**Exception to Prescription Drug Co-payments**

- “Preventive Prescription Drugs and Other Items” covered under YOUR PRESCRIPTION DRUG BENEFITS ......................................................... No charge

**Important Note About Prescription Drug Covered Expense and Your Co-Payment:** Prescription drug covered expense for non-participating pharmacies is significantly lower than what providers customarily charge, so you will almost always have a higher out-of-pocket expense when you use a non-participating pharmacy.

YOU WILL BE REQUIRED TO PAY YOUR CO-PAYMENT AMOUNT TO THE PARTICIPATING PHARMACY AT THE TIME YOUR PRESCRIPTION IS FILLED.

**Note:** If your pharmacy’s retail price for a drug is less than the co-payment shown above, you will not be required to pay more than that retail price.
Day Supply and Refill Limits

Certain day supply limits apply to prescription drugs as listed in the “PRESCRIPTION DRUG CO-PAYMENTS” and “PRESCRIPTION DRUG CONDITIONS OF SERVICE” sections of this plan. In most cases, you must use a certain amount of your prescription before it can be refilled. In some cases the claims administrator may let you get an early refill. For example, the claims administrator may let you refill your prescription early if it is decided that you need a larger dose. The claims administrator will work with the pharmacy to decide when this should happen.

If you are going on vacation and you need more than the day supply allowed, you should ask your pharmacist to call the pharmacy benefits manager and ask for an override for one early refill. If you need more than one early refill, please call Member Services at the number on the back of your Identification Card.

Preferred Generic Program

Prescription drugs will always be dispensed by a pharmacist as prescribed by your physician. Your physician may order a drug in a higher or lower drug co-payment tier for you. You may request your physician to prescribe a drug in a higher drug co-payment tier instead of a drug in a lower co-payment tier or you may request the pharmacist to give you a drug in a higher co-payment tier instead of a drug in a lower co-payment tier. Under this plan, if a drug is available in a lower co-payment drug tier, and it is not determined that a drug in a higher co-payment drug tier is medically necessary for you to have (see PRESCRIPTION DRUG FORMULARY PREFERRED DRUG PROGRAM: PRIOR AUTHORIZATION below), you will have to pay the co-payment for the lower tier drug plus the difference in cost between the prescription drug maximum allowed amount for the lower co-payment drug tier and the higher co-payment drug tier, but, not more than 50% of the average cost for the tier that the drug is in. If your physician specifies “dispense as written,” in lieu of paying the co-payment for the lower tier drug plus the difference, as previously stated, you will pay just the applicable co-payment shown for the higher tier drug you get. For certain higher cost generic drugs, the plan may make an exception and not require you to pay the difference in cost between the generic drug and brand name drug.
Special Programs

From time to time, the claims administrator may initiate various programs to encourage you to utilize more cost-effective or clinically-effective drugs including, but not limited to, generic drugs, home delivery drugs, over-the-counter drugs or preferred drug products. Such programs may involve reducing or waiving co-payments for those generic drugs, over-the-counter drugs, or the preferred drug products for a limited time. If the claims administrator initiates such a program, and determines that you are taking a drug for a medical condition affected by the program, you will be notified in writing of the program and how to participate in it.

Half-tab Program

The Half-Tablet Program allows you to pay a reduced co-payment on selected “once daily dosage” medications. The Half-Tablet Program allows you to obtain a 30-day supply (15 tablets) of a higher strength version of your medication when the prescription is written by the physician to take “½ tablet daily” of those medications on a list approved by the claims administrator. The Pharmacy and Therapeutics Process will determine additions and deletions to the approved list. The Half-Tablet Program is strictly voluntary and your decision to participate should follow consultation with and the concurrence of your physician. To obtain a list of the products available on this program call the number on the back of your ID card or go to the claims administrator’s internet website www.anthem.com/ca.

Split Fill Dispensing Program

The split fill program is designed to prevent and/or minimize wasted prescription drugs if your prescription or dose changes between fills, by allowing only a portion of your prescription to be filled. This program also saves you out-of-pocket expenses.

The drugs that are included under this program have been identified as requiring more frequent follow up to monitor response to treatment and potential reactions or side-effects. This program allows you to get your prescription drug in a smaller quantity and at a prorated co-payment so that if your dose changes or you have to stop taking the prescription drug, you can save money by avoiding costs for prescription drugs you may not use. You can access the list of these prescription drugs by calling the toll-free number on your member ID card or log on to the website at www.anthem.com.
Day Supply and Refill Limits

Certain day supply limits apply to prescription drugs as listed in the “PRESCRIPTION DRUG CO-PAYMENTS” and “PRESCRIPTION DRUG CONDITIONS OF SERVICE” sections of this plan. In most cases, you must use a certain amount of your prescription before it can be refilled. In some cases the claims administrator may let you get an early refill. For example, the claims administrator may let you refill your prescription early if it is decided that you need a larger dose. The claims administrator will work with the pharmacy to decide when this should happen.

If you are going on vacation and you need more than the day supply allowed, you should ask your pharmacist to call the pharmacy benefits manager and ask for an override for one early refill. If you need more than one early refill, please call Pharmacy Member Services at the number on the back of your ID card.

Therapeutic Substitution

Therapeutic substitution is an optional program that tells you and your physicians about alternatives to certain prescription drugs. The claims administrator may contact you and your physician to make you aware of these choices. Only you and your physician can determine if the therapeutic substitute is right for you. For questions or issues about therapeutic drug substitutes, please call the toll-free number on your member ID card.

Rebate Impact on Prescription Drugs You get at Retail Pharmacies or Home Delivery

The claims administrator and/or its pharmacy benefits manager may also, from time to time, enter into agreements that result in the claims administrator receiving rebates or other funds ("rebates") directly or indirectly from prescription drug manufacturers, prescription drug distributors or others.

You will be able to take advantage of a portion of the cost savings anticipated by the claims administrator from rebates on prescription drugs purchased by you from a retail pharmacy, home delivery or specialty pharmacy under this section. If the prescription drug purchased by you is eligible for a rebate, most of the estimated value of that rebate will be used to reduce the maximum allowable amount for the prescription drug. Any deductible or coinsurance would be calculated using that reduced amount. The remaining value of that rebate will be used to reduce the cost of coverage for all members enrolled in coverage of this type.
It is important to note that not all prescription drugs are eligible for a rebate, and rebates can be discontinued or applied at any time based on the terms of the rebate agreements. Because the exact value of the ultimate rebate will not be known at the time you purchase the prescription drug, the amount of the rebate applied to your claim will be based on an estimate. Payment on your claim will not be adjusted if the later determined rebate value is higher or lower than our original estimate.

YOUR MEDICAL BENEFITS
MAXIMUM ALLOWED AMOUNT

General
This section describes the term “maximum allowed amount” as used in this Benefit Booklet, and what the term means to you when obtaining covered services under this plan. The maximum allowed amount is the total reimbursement payable under your plan for covered services you receive from participating and non-participating providers. It is the claims administrator’s payment towards the services billed by your provider combined with any Deductible or Co-Payment owed by you. In some cases, you may be required to pay the entire maximum allowed amount. For instance, if you have not met your Deductible under this plan, then you could be responsible for paying the entire maximum allowed amount for covered services. In addition, if these services are received from a non-participating provider, you may be billed by the provider for the difference between their charges and the maximum allowed amount. In many situations, this difference could be significant.

Provided below are two examples below, which illustrate how the maximum allowed amount works. These examples are for illustration purposes only.

Example: The plan has a member Co-Payment of 10% for participating provider services after the Deductible has been met.

- The member receives services from a participating surgeon. The charge is $2,000. The maximum allowed amount under the plan for the surgery is $1,000. The member’s Co-Payment responsibility when a participating surgeon is used is 10% of $1,000, or $100. This is what the member pays. The plan pays 90% of $1,000, or $900. The participating surgeon accepts the total of $1,000 as reimbursement for the surgery regardless of the charges.

Example: The plan has a member Co-Payment of 30% for non-participating provider services after the Deductible has been met.
The member receives services from a non-participating surgeon. The charge is $2,000. The maximum allowed amount under the plan for the surgery is $1,000. The member’s Co-Payment responsibility when a non-participating surgeon is used is 30% of $1,000, or $300. The plan pays the remaining 70% of $1,000, or $700. In addition, the non-participating surgeon could bill the member the difference between $2,000 and $1,000. So the member’s total out-of-pocket charge would be $300 plus an additional $1,000, for a total of $1,300.

When you receive covered services, the claims administrator will, to the extent applicable, apply claim processing rules to the claim submitted. The claims administrator uses these rules to evaluate the claim information and determine the accuracy and appropriateness of the procedure and diagnosis codes included in the submitted claim. Applying these rules may affect the maximum allowed amount if the claims administrator determines that the procedure and/or diagnosis codes used were inconsistent with procedure coding rules and/or reimbursement policies. For example, if your provider submits a claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed, the maximum allowed amount will be based on the single procedure code.

Provider Network Status

The maximum allowed amount may vary depending upon whether the provider is a participating provider, a non-participating provider or other health care provider.

Participating Providers. For covered services performed by a participating provider the maximum allowed amount for this plan will be the rate the participating provider has agreed with the claims administrator to accept as reimbursement for the covered services. Because participating providers have agreed to accept the maximum allowed amount as payment in full for those covered services, they should not send you a bill or collect for amounts above the maximum allowed amount. However, you may receive a bill or be asked to pay all or a portion of the maximum allowed amount to the extent you have not met your Deductible or have a Co-Payment. Please call the Member Services telephone number on your ID card for help in finding a participating provider or visit www.anthem.com/ca.

If you go to a hospital which is a participating provider, you should not assume all providers in that hospital are also participating providers. To receive the greater benefits afforded when covered services are provided by a participating provider, you should request that all your provider services (such as services by an anesthesiologist) be performed by participating providers whenever you enter a hospital.
If you are planning to have outpatient surgery, you should first find out if the facility where the surgery is to be performed is an *ambulatory surgical center*. An *ambulatory surgical center* is licensed as a separate facility even though it may be located on the same grounds as a *hospital* (although this is not always the case). If the center is licensed separately, you should find out if the facility is a *participating provider* before undergoing the surgery.

**Note:** If an *other health care provider* is participating in a Blue Cross and/or Blue Shield Plan at the time you receive services, such provider will be considered a *participating provider* for the purposes of determining the *maximum allowed amount*.

If a provider defined in this *benefit booklet* as a *participating provider* is of a type not represented in the local Blue Cross and/or Blue Shield Plan at the time you receive services, such provider will be considered a *non-participating provider* for the purposes of determining the *maximum allowed amount*.

**Non-Participating Providers and Other Health Care Providers.***

Providers who are not in our Prudent Buyer network are *non-participating providers* or *other health care providers*, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers. For covered services you receive from a *non-participating provider* or *other health care provider* the *maximum allowed amount* will be based on the applicable *non-participating provider* rate or fee schedule for this *plan*, an amount negotiated by the *claims administrator* or a third party vendor which has been agreed to by the *non-participating provider*, an amount derived from the total charges billed by the *non-participating provider*, or an amount based on information provided by a third party vendor, or an amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services (“CMS”). When basing the *maximum allowed amount* upon the level or method of reimbursement used by CMS, the *claims administrator* will update such information, which is unadjusted for geographic locality, no less than annually.

Providers who are not contracted for this product, but are contracted for other products, are also considered *non-participating providers*. For this *plan*, the *maximum allowed amount* for services from these providers will be one of the methods shown above unless the provider’s contract specifies a different amount.
For covered services rendered outside the Anthem Blue Cross service area by non-participating providers, claims may be priced using the local Blue Cross Blue Shield plan’s non-participating provider fee schedule / rate or the pricing arrangements required by applicable state or federal law. In certain situations, the maximum allowed amount for out of area claims may be based on billed charges, the pricing used if the healthcare services had been obtained within the Anthem Blue Cross service area, or a special negotiated price.

Unlike participating providers, non-participating providers and other health care providers may send you a bill and collect for the amount of the non-participating provider’s or other health care provider’s charge that exceeds the maximum allowed amount under this plan. You may be responsible for paying the difference between the maximum allowed amount and the amount the non-participating provider or other health care provider charges. This amount can be significant. Choosing a participating provider will likely result in lower out of pocket costs to you. Please call the Member Services number on your ID card for help in finding a participating provider or visit the website www.anthem.com/ca. Member Services is also available to assist you in determining this plan’s maximum allowed amount for a particular covered service from a non-participating provider or other health care provider.

Please see the “Inter-Plan Arrangements” provision in the section entitled GENERAL PROVISIONS for additional information.

*Exceptions:

- Clinical Trials. The maximum allowed amount for services and supplies provided in connection with Clinical Trials will be the lesser of the billed charge or the amount that ordinarily applies when services are provided by a participating provider.
If Medicare is the primary payor, the *maximum allowed amount*
does not include any charge:

1. By a hospital, in excess of the approved amount as determined
   by Medicare; or

2. By a physician who is a participating provider who accepts
   Medicare assignment, in excess of the approved amount as
determined by Medicare; or

3. By a physician who is a non-participating provider or other health
   care provider who accepts Medicare assignment, in excess of
   the lesser of *maximum allowed amount* stated above, or the
   approved amount as determined by Medicare; or

4. By a physician or other health care provider who does not accept
   Medicare assignment, in excess of the lesser of the *maximum
   allowed amount* stated above, or the limiting charge as
determined by Medicare.

You will always be responsible for expense incurred which is not
covered under this *plan*. 
MEMBER COST SHARE

For certain covered services, and depending on your plan design, you may be required to pay all or a part of the *maximum allowed amount* as your cost share amount (Deductibles or Co-Payments). Your cost share amount and the Out-Of-Pocket Amounts may be different depending on whether you received covered services from a *participating provider* or *non-participating provider*. Specifically, you may be required to pay higher cost-sharing amounts or may have limits on your benefits when using non-participating providers. Please see the SUMMARY OF BENEFITS section for your cost share responsibilities and limitations, or call the Member Services telephone number on your ID card to learn how this plan’s benefits or cost share amount may vary by the type of provider you use.

The *claims administrator* will not provide any reimbursement for non-covered services. You may be responsible for the total amount billed by your provider for non-covered services, regardless of whether such services are performed by a *participating provider* or *non-participating provider*. Non-covered services include services specifically excluded from coverage by the terms of your plan and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, Medical Benefit Maximums or day/visit limits.

In some instances you may only be asked to pay the lower *participating provider* cost share percentage when you use a *non-participating provider*. For example, if you go to a participating hospital or facility and receive covered services from a *non-participating provider* such as a radiologist, anesthesiologist or pathologist providing services at the hospital or facility, you will pay the *participating provider* cost share percentage of the *maximum allowed amount* for those covered services. However, you also may be liable for the difference between the *maximum allowed amount* and the *non-participating provider’s* charge.
AUTHORIZED REFERRALS

In some circumstances the claims administrator may authorize participating provider cost share amounts (Deductibles or Co-Payments) to apply to a claim for a covered service you receive from a non-participating provider. In such circumstance, you or your physician must contact the claims administrator in advance of obtaining the covered service. It is your responsibility to ensure that the claims administrator has been contacted. If the claims administrator authorizes a participating provider cost share amount to apply to a covered service received from a non-participating provider, you also may still be liable for the difference between the maximum allowed amount and the non-participating provider’s charge. Please call the Member Services telephone number on your ID card for authorized referral information or to request authorization.

WARNING! Reduction of The Maximum Allowed amount for Non-Contracting Hospitals. A small percentage of hospitals which are non-participating providers are also non-contracting hospitals. Except for emergency care, the maximum allowed amount is reduced by 25% for all services and supplies provided by a non-contracting hospital. You will be responsible for paying this amount. You are strongly encouraged to avoid this additional expense by seeking care from a contracting hospital. You can call the Member Services number on your identification card to locate a contracting hospital.

DEDUCTIBLES, CO-PAYMENTS AND MEDICAL BENEFIT MAXIMUMS
(Refer to Summary of Benefits starting on Page 7)

After subtracting any applicable deductible and your Co-Payment, the plan will pay benefits up to the maximum allowed amount, not to exceed any applicable Medical Benefit Maximum. The Deductible amounts, Co-Payments, Out-Of-Pocket Amounts and Medical Benefit Maximums are set forth in the SUMMARY OF BENEFITS.

DEDUCTIBLES

Each deductible under this plan is separate and distinct from the other. Only the covered charges that make up the maximum allowed amount will apply toward the satisfaction of any deductible, except as specifically indicated in this booklet.
Calendar Year Deductibles. Each year, you will be responsible for satisfying the individual's Calendar Year Deductible before we begin to pay benefits. If individuals of an enrolled family pay deductible expense in a year equal to the Family Deductible amount shown in the SUMMARY OF BENEFITS, the Calendar Year Deductible for all individuals of an enrolled family will be considered to have been met.

Covered charges incurred from October through December and applied toward the Calendar Year Deductible for that year also count toward the Calendar Year Deductible for the next year.

Additional Deductibles

1. Each time you visit an emergency room for treatment you will be responsible for paying the Emergency Room Deductible of $50. But this deductible will not apply if you are admitted as a hospital inpatient from the emergency room immediately following emergency room treatment.

2. Each time you are admitted to a hospital or residential treatment center or have outpatient surgery at an ambulatory surgical center without properly obtaining certification, you are responsible for paying the Non-Certification Deductible of $250. This deductible will not apply to an emergency admission or procedure, services provided at a participating provider, or to medically necessary inpatient facility services available to you through the BlueCard Program. Certification is explained in UTILIZATION REVIEW PROGRAM.

Note: You will no longer be responsible for paying any Additional Deductibles for the remainder of the year once your Out-of-Pocket Amount is reached (see the SUMMARY OF BENEFITS section for details).

CO-PAYMENTS

After you have satisfied any applicable deductible, your Co-Payment will be subtracted from the remaining maximum allowed amount.

If your Co-Payment is a percentage, the plan will apply the applicable percentage to the maximum allowed amount remaining after any deductible has been met. This will determine the dollar amount of your Co-Payment.

MEDICAL BENEFIT MAXIMUMS

The plan does not make benefit payments for any member in excess of any of the Medical Benefit Maximums.
CREDITING PRIOR PLAN COVERAGE

If you were covered by the plan administrator's prior plan immediately before the plan administrator signs up with the claims administrator, with no lapse in coverage, then you will get credit for any accrued Calendar Year Deductible and, if applicable and approved by the claims administrator, Out of Pocket Amounts under the prior plan. This does not apply to individuals who were not covered by the prior plan on the day before the plan administrator's coverage with the claims administrator began, or who join the plan administrator later.

If the plan administrator moves from one of the claims administrator's plans to another, (for example, changes its coverage from HMO to PPO), and you were covered by the other product immediately before enrolling in this product with no break in coverage, then you may get credit for any accrued Calendar Year Deductible and Out of Pocket Amounts, if applicable and approved by the claims administrator. Any maximums, when applicable, will be carried over and charged against the Medical Benefit Maximums under this plan.

If the plan administrator offers more than one of the claims administrator’s products, and you change from one product to another with no break in coverage, you will get credit for any accrued Calendar Year Deductible and, if applicable, Out of Pocket Amounts and any maximums will be carried over and charged against Medical Benefit Maximums under this plan.

If the plan administrator offers coverage through other products or carriers in addition to the claims administrator’s, and you change products or carriers to enroll in this product with no break in coverage, you will get credit for any accrued Calendar Year Deductible, Out of Pocket Amount, and any Medical Benefit Maximums under this plan.

This Section Does Not Apply To You If:

- The plan administrator moves to this plan at the beginning of a calendar year;
- You change from one of the claims administrator’s individual policies to the plan administrator’s plan;
- You change employers; or
- You are a new member of the plan administrator who joins after the plan administrator's initial enrollment with the claims administrator.
CONDITIONS OF COVERAGE

The following conditions of coverage must be met for expense incurred for services or supplies to be covered under this plan.

1. You must incur this expense while you are covered under this plan. Expense is incurred on the date you receive the service or supply for which the charge is made.

2. The expense must be for a medical service or supply furnished to you as a result of illness or injury or pregnancy, unless a specific exception is made.

3. The expense must be for a medical service or supply included in MEDICAL CARE THAT IS COVERED. Additional limits on covered charges are included under specific benefits and in the SUMMARY OF BENEFITS.

4. The expense must not be for a medical service or supply listed in MEDICAL CARE THAT IS NOT COVERED. If the service or supply is partially excluded, then only that portion which is not excluded will be covered under this plan.

5. The expense must not exceed any of the maximum benefits or limitations of this plan.

6. Any services received must be those which are regularly provided and billed by the provider. In addition, those services must be consistent with the illness, injury, degree of disability and your medical needs. Benefits are provided only for the number of days required to treat your illness or injury.

7. All services and supplies must be ordered by a physician.
MEDICAL CARE THAT IS COVERED

Subject to the Medical Benefit Maximums in the SUMMARY OF BENEFITS, the requirements set forth under CONDITIONS OF COVERAGE and the exclusions or limitations listed under MEDICAL CARE THAT IS NOT COVERED, we will provide benefits for the following services and supplies:

**Urgent Care.** Services and supplies received to prevent serious deterioration of your health or, in the case of pregnancy, the health of the unborn child, resulting from an unforeseen illness, medical condition, or complication of an existing condition, including pregnancy, for which treatment cannot be delayed. Urgent care services are not emergency services. Services for urgent care are typically provided by an urgent care center or other facility such as a physician’s office. Urgent care can be obtained from participating providers or non-participating providers.

*When obtaining Urgent Care from a non-participating provider or facility, you may be subject to balance billing and higher out-of-pocket costs.

**Hospital**

1. Inpatient services and supplies, provided by a hospital. The maximum allowed amount will not include charges in excess of the hospital’s prevailing two-bed room rate unless there is a negotiated per diem rate with the hospital, or unless your physician orders, and the claims administrator authorizes, a private room as medically necessary.

2. Services in special care units.

3. Outpatient services and supplies provided by a hospital, including outpatient surgery.

_Hospital_ services are subject to pre-service review to determine medical necessity. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews.

**Skilled Nursing Facility.** Inpatient services and supplies provided by a skilled nursing facility, for up to 100 days per calendar year. The amount by which your room charge exceeds the prevailing two-bed room rate of the skilled nursing facility is not covered under this plan.

_Skilled nursing facility_ services and supplies are subject to prior authorization to determine medical necessity. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews.
Home Health Care. Benefits are available for covered services performed by a home health agency or other provider in your home. The following are services provided by a home health agency:

1. Services of a registered nurse or licensed vocational nurse under the supervision of a registered nurse or a physician.

2. Services of a licensed therapist for physical therapy, occupational therapy, speech therapy, or respiratory therapy.

3. Services of a medical social service worker.

4. Services of a health aide who is employed by (or who contracts with) a home health agency. Services must be ordered and supervised by a registered nurse employed by the home health agency as professional coordinator. These services are covered only if you are also receiving the services listed in 1 or 2 above. Other organizations may give services only when approved by the claims administrator, and their duties must be assigned and supervised by a professional nurse on the staff of the home health agency or other provider as approved by the claims administrator.

5. Medically necessary supplies provided by the home health agency.

When available in your area, benefits are also available for intensive in-home behavioral health services. These do not require confinement to the home. These services are described in the BENEFITS FOR MENTAL HEALTH CONDITIONS OR SUBSTANCE ABUSE section below.

In no event will benefits exceed 120 visits per 12-month period. A visit of four hours or less by a home health aide shall be considered as one home health visit.

Home health care services are subject to prior authorization to determine medical necessity. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews.

Home health care services are not covered if received while you are receiving benefits under the "Hospice Care" provision of this section.
Hospice Care. You are eligible for hospice care if your physician and the hospice medical director certify that you are terminally ill and likely have less than twelve (12) months to live. You may access hospice care while participating in a clinical trial or continuing disease modifying therapy, as ordered by your treating physician. Disease modifying therapy treats the underlying terminal illness.

The services and supplies listed below are covered when provided by a hospice for the palliative treatment of pain and other symptoms associated with a terminal disease. Palliative care is care that controls pain and relieves symptoms but is not intended to cure the illness. Covered services include:

1. Interdisciplinary team care with the development and maintenance of an appropriate plan of care.

2. Short-term inpatient hospital care when required in periods of crisis or as respite care. Coverage of inpatient respite care is provided on an occasional basis and is limited to a maximum of five consecutive days per admission.

3. Skilled nursing services provided by or under the supervision of a registered nurse. Certified home health aide services and homemaker services provided under the supervision of a registered nurse.

4. Social services and counseling services provided by a qualified social worker.

5. Dietary and nutritional guidance. Nutritional support such as intravenous feeding or hyperalimentation.

6. Physical therapy, occupational therapy, speech therapy, and respiratory therapy provided by a licensed therapist.

7. Volunteer services provided by trained hospice volunteers under the direction of a hospice staff member.

8. Pharmaceuticals, medical equipment, and supplies necessary for the management of your condition. Oxygen and related respiratory therapy supplies.

9. Bereavement (grief) services, including a review of the needs of the bereaved family and the development of a care plan to meet those needs, both before and after the member’s death. Bereavement services are available to the patient and those individuals who are closely linked to the patient, including the immediate family, the primary or designated care giver and individuals with significant personal ties, for one year after the member’s death.
10. Palliative care (care which controls pain and relieves symptoms, but
does not cure) which is appropriate for the illness.

Your physician must consent to your care by the hospice and must be
consulted in the development of your treatment plan. The hospice must
submit a written treatment plan to the claims administrator every 30 days.

Benefits for services beyond those listed above that are given for disease
modification or palliation, such as but not limited to chemotherapy and
radiation therapy, are available to a member in hospice. These services
are covered under other parts of this plan.

Home Infusion Therapy. The following services and supplies when
provided by a home infusion therapy provider in your home for the
intravenous administration of your total daily nutritional intake or fluid
requirements, including but not limited to Parenteral Therapy and Total
Parenteral Nutrition (TPN), medication related to illness or injury,
chemotherapy, antibiotic therapy, aerosol therapy, tocolytic therapy,
special therapy, intravenous hydration, or pain management:

1. Medication, ancillary medical supplies and supply delivery, (not to
exceed a 14-day supply); however, medication which is delivered but
not administered is not covered;

2. Pharmacy compounding and dispensing services (including
pharmacy support) for intravenous solutions and medications;

3. Hospital and home clinical visits related to the administration of
infusion therapy, including skilled nursing services such as those
provided for: (a) patient or alternative caregiver training; and (b)
visits to monitor the therapy;

4. Rental and purchase charges for durable medical equipment;
maintenance and repair charges for such equipment;

5. Laboratory services to monitor the patient's response to therapy
regimen.

6. Total Parenteral Nutrition (TPN), Enteral Nutrition Therapy, antibiotic
therapy, pain management, chemotherapy, and may also include
injections (intra-muscular, subcutaneous, or continuous
subcutaneous).

Our maximum payment will not exceed $600 for the services or supplies
received during any one day when provided by a home infusion therapy
provider which is not a participating provider.

Home infusion therapy provider services are subject to prior authorization
to determine medical necessity. See UTILIZATION REVIEW PROGRAM for
details.
Ambulatory Surgical Center. Services and supplies provided by an ambulatory surgical center in connection with outpatient surgery.

For the services of a non-participating provider facility only, our maximum payment is limited to $350 each time you have outpatient surgery at an ambulatory surgical center.

Ambulatory surgical center services are subject to pre-service review to determine medical necessity. If the required pre-service review is not performed, the services received will be subject to the Non-Certification Deductible of $250. If you are seeking services from a non-participating provider, it is your responsibility to ensure this process is completed prior to the service being rendered.

Retail Health Clinic. Services and supplies provided by medical professionals who provide basic medical services in a retail health clinic including, but not limited to:

1. Exams for minor illnesses and injuries.
2. Preventive services and vaccinations.
3. Health condition monitoring and testing.

Online Visits. When available in your area, covered services will include consultations using the internet via webcam, voice or chat therapy. Online visits are covered under plan benefits for office visits to physicians.

Non-covered services include, but are not limited to, the following:

- Reporting normal lab or other test results.
- Office visit appointment requests or changes.
- Billing, insurance coverage, or payment questions.
- Requests for referrals to other physicians or healthcare practitioners.
- Benefit precertification.
- Consultations between physicians.
- Consultations provided by telephone, electronic mail, or facsimile machines.

Note: You will be financially responsible for the costs associated with non-covered services.
For mental health conditions or substance abuse online visits, please see the “BENEFITS FOR MENTAL HEALTH CONDITIONS AND SUBSTANCE ABUSE” for a description of this coverage.

**Professional Services**

1. Services of a **physician**.
2. Services of an anesthetist (M.D. or C.R.N.A.).

**Reconstructive Surgery.** Reconstructive surgery performed to correct or repair abnormal structures of the body caused by congenital defects, developmental abnormalities, trauma, infection, tumors, or disease to do either of the following: (a) improve function; or (b) create a normal appearance, to the extent possible. This includes surgery performed to restore and achieve symmetry following a medically necessary mastectomy. This also includes medically necessary dental or orthodontic services that are an integral part of reconstructive surgery for cleft palate procedures. “Cleft palate” means a condition that may include cleft palate, cleft lip, or other craniofacial anomalies associated with cleft palate.

This does not apply to orthognathic surgery. Please see the “Dental Care” provision below for a description of this service.

**Ambulance.** Ambulance services are covered when you are transported by a state licensed vehicle that is designed, equipped, and used to transport the sick and injured and is staffed by Emergency Medical Technicians (EMTs), paramedics, or other licensed or certified medical professionals. Ambulance services are covered when one or more of the following criteria are met:

- For ground ambulance, you are transported:
  - From your home, or from the scene of an accident or medical emergency, to a **hospital**,
  - Between **hospitals**, including when you are required to move from a hospital that does not contract with the **claims administrator** to one that does, or
  - Between a **hospital** and a **skilled nursing facility** or other approved facility.
• For air or water ambulance, you are transported:
  – From the scene of an accident or medical emergency to a hospital,
  – Between hospitals, including when you are required to move from a hospital that does not contract with the claims administrator to one that does, or
  – Between a hospital and another approved facility.

The plan’s maximum payment will not exceed $50,000 per trip for air ambulance transportation that is not related to an emergency when performed by a non-participating provider.

Non-emergency ambulance services are subject to medical necessity reviews. Emergency ground ambulance services do not require pre-service review. Pre-service review is required for air ambulance in a non-medical emergency. When using an air ambulance in a non-emergency situation, the claims administrator reserves the right to select the air ambulance provider. If you do not use the air ambulance the claims administrator selects in a non-emergency situation, no coverage will be provided. You must be taken to the nearest facility that can provide care for your condition. In certain cases, coverage may be approved for transportation to a facility that is not the nearest facility.

Coverage includes medically necessary treatment of an illness or injury by medical professionals from an ambulance service, even if you are not transported to a hospital. Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your family members or physician are not a covered service.

Other non-covered ambulance services include, but are not limited to, trips to:
• A physician’s office or clinic;
• A morgue or funeral home.

If provided through the 911 emergency response system*, ambulance services are covered if you reasonably believed that a medical emergency existed even if you are not transported to a hospital.
Important information about air ambulance coverage. Coverage is only provided for air ambulance services when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a hospital than the ground ambulance can provide, this plan will cover the air ambulance. Air ambulance will also be covered if you are in a location that a ground or water ambulance cannot reach.

Air ambulance will not be covered if you are taken to a hospital that is not an acute care hospital (such as a skilled nursing facility or a rehabilitation facility), or if you are taken to a physician’s office or to your home.

Hospital to hospital transport: If you are being transported from one hospital to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the hospital that first treats you cannot give you the medical services you need. Certain specialized services are not available at all hospitals. For example, burn care, cardiac care, trauma care, and critical care are only available at certain hospitals. For services to be covered, you must be taken to the closest hospital that can treat you. Coverage is not provided for air ambulance transfers because you, your family, or your physician prefers a specific hospital or physician.

* If you have an emergency medical condition that requires an emergency response, please call the “911” emergency response system if you are in an area where the system is established and operating.

Diagnostic Services. Coverage is provided for outpatient diagnostic imaging, laboratory services and genetic tests. Genetic tests are subject to pre-service review to determine medical necessity. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews. This does not include services covered under the “Advanced Imaging Procedures” provision of this section.

Advanced Imaging Procedures. Imaging procedures, including, but not limited to, Magnetic Resonance Imaging (MRI), Computerized Tomography (CT scans), Positron Emission Tomography (PET scan), Magnetic Resonance Spectroscopy (MRS scan), Magnetic Resonance Angiogram (MRA scan), Echocardiography and nuclear cardiac imaging are subject to pre-service review to determine medical necessity. You may call the toll-free Member Services telephone number on your identification card to find out if an imaging procedure requires pre-service review. See UTILIZATION REVIEW PROGRAM for details.

Advanced imaging procedures, when performed by a non-participating provider, will have a maximum benefit of $800 per procedure.
Radiation Therapy. This includes treatment of disease using x-ray, radium or radioactive isotopes, other treatment methods (such as teletherapy, brachytherapy, intra operative radiation, photon or high energy particle sources), material and supplies used in the therapy process and treatment planning. These services can be provided in a facility or professional setting.

Chemotherapy. This includes the treatment of disease using chemical or antineoplastic agents and the cost of such agents in a professional or facility setting.

Hemodialysis Treatment. This includes services related to renal failure and chronic (end-stage) renal disease, including hemodialysis, home intermittent peritoneal dialysis home continuous cycling peritoneal dialysis and home continuous ambulatory peritoneal dialysis.

The following renal dialysis services are covered:

- Outpatient maintenance dialysis treatments in an outpatient dialysis facility;
- Home dialysis; and
- Training for self-dialysis at home including the instructions for a person who will assist with self-dialysis done at a home setting.

Treatment provided by a freestanding outpatient hemodialysis center which is a non-participating provider is limited to $350 per visit.

Prosthetic Devices

1. Breast prostheses following a mastectomy.

2. Prosthetic devices to restore a method of speaking when required as a result of a covered medically necessary laryngectomy.

3. The plan will pay for other medically necessary prosthetic devices, including:
   a. Surgical implants, including but not limited to cochlear implants;
   b. Artificial limbs or eyes;
   c. The first pair of contact lenses or eye glasses when required as a result of a covered medically necessary eye surgery;
   d. Therapeutic shoes and inserts for the prevention and treatment of diabetes-related foot complications; and
e. Benefits are available for certain types of orthotics (braces, boots, splints). Covered services include the initial purchase, fitting, and repair of a custom made rigid or semi-rigid supportive device used to support, align, prevent, or correct deformities or to improve the function of movable parts of the body, or which limits or stops motion of a weak or diseased body part.

**Durable Medical Equipment.** Rental or purchase of dialysis equipment; dialysis supplies. Rental or purchase of other medical equipment and supplies which are:

1. Of no further use when medical needs end (but not disposable);
2. For the exclusive use of the patient;
3. Not primarily for comfort or hygiene;
4. Not for environmental control or for exercise; and
5. Manufactured specifically for medical use.

The *claims administrator* will determine whether the item satisfies the conditions above.

**Pediatric Asthma Equipment and Supplies.** The following items and services when required for the *medically necessary* treatment of asthma in a dependent *child*:

1. Nebulizers, including face masks and tubing. These items are covered under the *plan's* medical benefits and are not subject to any limitations or maximums that apply to coverage for durable medical equipment (see "Durable Medical Equipment").
2. Inhaler spacers and peak flow meters. These items are covered under your *prescription drug* benefits (see YOUR PRESCRIPTION DRUG BENEFITS).
3. Education for pediatric asthma, including education to enable the *child* to properly use the items listed above. This education will be covered under the *plan's* benefits for office visits to a *physician*.

**Blood.** Blood transfusions, including blood processing and the cost of unreplaced blood and blood products. Charges for the collection, processing and storage of self-donated blood are covered, but only when specifically collected for a planned and covered surgical procedure.
Dental Care

1. **Admissions for Dental Care.** Listed inpatient hospital services for up to three days during a hospital stay, when such stay is required for dental treatment and has been ordered by a physician (M.D.) and a dentist (D.D.S.). We will make the final determination as to whether the dental treatment could have been safely rendered in another setting due to the nature of the procedure or your medical condition. Hospital stays for the purpose of administering general anesthesia are not considered necessary and are not covered except as specified in #2, below.

2. **General Anesthesia.** General anesthesia and associated facility charges when your clinical status or underlying medical condition requires that dental procedures be rendered in a hospital or ambulatory surgical center. This applies only if (a) the member is less than seven years old, (b) the member is developmentally disabled, or (c) the member's health is compromised and general anesthesia is medically necessary. Charges for the dental procedure itself, including professional fees of a dentist, are not covered.

3. **Dental Injury.** Services of a physician (M.D.) or dentist (D.D.S.) solely to treat an accidental injury to natural teeth. Coverage shall be limited to only such services that are medically necessary to repair the damage done by accidental injury and/or restore function lost as a direct result of the accidental injury. Damage to natural teeth due to chewing or biting is not accidental injury unless the chewing or biting results from a medical or mental condition.

4. **Cleft Palate.** Medically necessary dental or orthodontic services that are an integral part of reconstructive surgery for cleft palate procedures. “Cleft palate” means a condition that may include cleft palate, cleft lip, or other craniofacial anomalies associated with cleft palate.

5. **Orthognathic surgery.** Orthognathic surgery for a physical abnormality that prevents normal function of the upper or lower jaw and is medically necessary to attain functional capacity of the affected part.

**Important:** If you decide to receive dental services that are not covered under this plan, a participating provider who is a dentist may charge you his or her usual and customary rate for those services. Prior to providing you with dental services that are not a covered benefit, the dentist should provide a treatment plan that includes each anticipated service to be provided and the estimated cost of each service. If you would like more information about the dental services that are covered under this plan, please call the Member Services telephone number listed on your ID.
card. To fully understand your coverage under this plan, please carefully review this benefit booklet document.

Pregnancy and Maternity Care

1. All medical benefits for an enrolled member when provided for pregnancy or maternity care, including the following services:
   a. Prenatal, postnatal and postpartum care. Prenatal care also includes participation in the California Prenatal Screening Program, which is a statewide prenatal testing program administered by the State Department of Public Health;
   b. Ambulatory care services (including ultrasounds, fetal non-stress tests, physician office visits, and other medically necessary maternity services performed outside of a hospital);
   c. Involuntary complications of pregnancy;
   d. Diagnosis of genetic disorders in cases of high-risk pregnancy; and
   e. Inpatient hospital care including labor and delivery.

Inpatient hospital benefits in connection with childbirth will be provided for at least 48 hours following a normal delivery or 96 hours following a cesarean section, unless the mother and her physician decide on an earlier discharge. Please see the section entitled FOR YOUR INFORMATION for a statement of your rights under federal law regarding these services.

2. Medical hospital benefits for routine nursery care of a newborn child, (for additional information, please see the "Important Note for Newborn and Newly-Adopted Children" under HOW COVERAGE BEGINS AND ENDS). Routine nursery care of a newborn child includes screening of a newborn for genetic diseases, congenital conditions, and other health conditions provided through a program established by law or regulation.

3. Certain services are covered under the “Preventive Care Services” benefit. Please see that provision for further details.

Transplant Services. Services and supplies provided in connection with a non-investigative organ or tissue transplant, if you are:

1. The recipient; or
2. The donor.
Benefits for an organ donor are as follows:

- When both the person donating the organ and the person getting the organ are covered members under this plan, each will get benefits under their plans.

- When the person getting the organ is a member under this plan, but the person donating the organ is not, benefits under this plan are limited to benefits not available to the donor from any other source. This includes, but is not limited to, other insurance, grants, foundations, and government programs.

- If a member covered under this plan is donating the organ to someone who is not a member, benefits are not available under this plan.

The maximum allowed amount for a donor, including donor testing and donor search, is limited to expense incurred for medically necessary medical services only. The maximum allowed amount for services incident to obtaining the transplanted material from a living donor or a human organ transplant bank will be covered. Such charges, including complications from the donor procedure for up to six weeks from the date of procurement, are covered. Services for treatment of a condition that is not directly related to, or a direct result of, the transplant are not covered.

An unrelated donor search may be required when the patient has a disease for which a transplant is needed and a suitable donor within the family is not available. The plan’s payment for unrelated donor searches for bone marrow/stem cell transplants will not exceed $30,000 per transplant.

Covered services are subject to any applicable deductibles, co-payments and medical benefit maximums set forth in the SUMMARY OF BENEFITS. The maximum allowed amount does not include charges for services received without first obtaining the claims administrator’s prior authorization or which are provided at a facility other than a transplant center approved by the claims administrator. See UTILIZATION REVIEW PROGRAM for details.

To maximize your benefits, you should call the Transplant Department as soon as you think you may need a transplant to talk about your benefit options. You must do this before you have an evaluation or work-up for a transplant. The claims administrator will help you maximize your benefits by giving you coverage information, including details on what is covered and if any clinical coverage guidelines, medical policies, Centers of Medical Excellence (CME) or Blue Distinction Centers for Specialty Care (BDCSC) rules, or exclusions apply. Call the Member Services phone number on the back of your ID card and ask for the transplant coordinator.
You or your physician must call the Transplant Department for pre-service review prior to the transplant, whether it is performed in an inpatient or outpatient setting. Prior authorization is required before benefits for a transplant will be provided. Your physician must certify, and the claims administrator must agree, that the transplant is medically necessary. Your physician should send a written request for prior authorization to the claims administrator as soon as possible to start this process. Not getting prior authorization will result in a denial of benefits.

Please note that your physician may ask for approval for HLA (human leukocyte antigen) testing, donor searches, or collection and storage of stem cells prior to the final decision as to what transplant procedure will be needed. In these cases, the HLA testing and donor search charges will be covered as routine diagnostic tests. The collection and storage request will be reviewed for medical necessity and may be approved. However, such an approval for HLA testing, donor search, or collection and storage is NOT an approval for the later transplant. A separate medical necessity decision will be needed for the transplant itself.

Specified Transplants

You must obtain the claims administrator’s prior authorization for all services including, but not limited to, preoperative tests and postoperative care related to the following specified transplants: heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures. Specified transplants must be performed at Centers of Medical Excellence (CME) or Blue Distinction Centers for Specialty Care (BDCSC). Charges for services provided for or in connection with a specified transplant performed at a facility other than a CME or BDCSC will not be considered covered under this plan. Call the toll-free telephone number for pre-service review on your identification card if your physician recommends a specified transplant for your medical care. A case manager transplant coordinator will assist in facilitating your access to a CME or BDCSC. See UTILIZATION REVIEW PROGRAM for details.

Transplant Travel Expense

Certain travel expenses incurred in connection with an approved, specified transplant (heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures) performed at a designated CME or BDCSC that is 75 miles or more from the recipient’s or donor’s place of residence are covered, provided the expenses are authorized by the claims administrator in advance. The plan’s maximum payment will not exceed $10,000 per transplant for the following travel expenses incurred by the recipient and one companion* or the donor:
• Ground transportation to and from the CME or BDCSC when the designated CME or BDCSC is 75 miles or more from the recipient’s or donor’s place of residence.

• Coach airfare to and from the CME or BDCSC when the designated CME or BDCSC is 300 miles or more from the recipient’s or donor’s residence

• Lodging, limited to one room, double occupancy

• Other reasonable expenses. Tobacco, alcohol, drug expenses, and meals are excluded.

*Note: When the member recipient is under 18 years of age, this benefit will apply to the recipient and two companions or caregivers.

The Calendar Year Deductible will not apply and no co-payments will be required for transplant travel expenses authorized in advance by the claims administrator. The plan will provide benefits for lodging and ground transportation, up to the current limits set forth in the Internal Revenue Code.

Expense incurred for the following is not covered: interim visits to a medical care facility while waiting for the actual transplant procedure; travel expenses for a companion and/or caregiver for a transplant donor; return visits for a transplant donor for treatment of a condition found during the evaluation; rental cars, buses, taxis or shuttle services; and mileage within the city in which the medical transplant facility is located.

Details regarding reimbursement can be obtained by calling the Member Services number on your identification card. A travel reimbursement form will be provided for submission of legible copies of all applicable receipts in order to obtain reimbursement.

**Bariatric Surgery.** Services and supplies in connection with medically necessary surgery for weight loss, only for morbid obesity and only when performed at a designated BDCSC facility. See UTILIZATION REVIEW PROGRAM for details.

You must obtain pre-service review for all bariatric surgical procedures. Charges for services provided for or in connection with a bariatric surgical procedure performed at a facility other than a BDCSC will not be covered.

**Bariatric Travel Expense.** Certain travel expenses incurred in connection with an approved, specified bariatric surgery, performed at a designated BDCSC that is fifty (50) miles or more from the member’s place of residence, are covered, provided the expenses are authorized by the claims administrator in advance.
The fifty (50) mile radius around the BDCSC will be determined by the bariatric BDCSC coverage area (See DEFINITIONS). The plan’s maximum payment will not exceed $3,000 per surgery for the following travel expenses incurred by the member and/or one companion:

- Transportation for the member and/or one companion to and from the BDCSC.
- Lodging, limited to one room, double occupancy.
- Other reasonable expenses. Tobacco, alcohol, drug expenses, and meals are excluded from coverage.

Member Services will confirm if the “Bariatric Travel Expense” benefit is available in connection with access to the selected bariatric BDCSC. Details regarding reimbursement can be obtained by calling the Member Services number on your I.D. card. A travel reimbursement form will be provided for submission of legible copies of all applicable receipts in order to obtain reimbursement.

**Transgender Services.** Services and supplies provided in connection with gender transition when you have been diagnosed with gender identity disorder or gender dysphoria by a physician. This coverage is provided according to the terms and conditions of the plan that apply to all other covered medical conditions, including medical necessity requirements, utilization management, and exclusions for cosmetic services. Coverage includes, but is not limited to, medically necessary services related to gender transition such as transgender surgery, hormone therapy, psychotherapy, and vocal training.

Coverage is provided for specific services according to plan benefits that apply to that type of service generally, if the plan includes coverage for the service in question. If a specific coverage is not included, the service will not be covered. For example, transgender surgery would be covered on the same basis as any other covered, medically necessary surgery; hormone therapy would be covered under the plan’s prescription drug benefits (if such benefits are included).

Services that are excluded on the basis that they are cosmetic include, but are not limited to, liposuction, facial bone reconstruction, voice modification surgery, breast implants, and hair removal. Transgender services are subject to prior authorization in order for coverage to be provided. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews.

**Transgender Travel Expense.** Certain travel expenses incurred in connection with an approved transgender surgery, when the hospital at which the surgery is performed is 75 miles or more from your place of residence, provided the expenses are authorized in advance by us.
Our maximum payment will not exceed $10,000 per transgender surgery, or series of surgeries (if multiple surgical procedures are performed), for the following travel expenses incurred by you and one companion:

- Ground transportation to and from the hospital when it is 75 miles or more from your place of residence.
- Coach airfare to and from the hospital when it is 300 miles or more from your residence.
- Lodging, limited to one room, double occupancy.
- Other reasonable expenses. Tobacco, alcohol, drug, and meal expenses are excluded.

The Calendar Year Deductible will not apply and no co-payments will be required for transgender travel expenses authorized in advance by us. We will provide benefits for lodging, transportation, and other reasonable expenses up to the current limits set forth in the Internal Revenue Code, not to exceed the maximum amount specified above. This travel expense benefit is not available for non-surgical transgender services.

Details regarding reimbursement can be obtained by calling the Member Services number on your identification card. A travel reimbursement form will be provided for submission of legible copies of all applicable receipts in order to obtain reimbursement.

**Preventive Care Services.** Preventive care includes screenings and other services for adults and children. All recommended preventive services will be covered as required by the Affordable Care Act (ACA) and applicable state law. This means for preventive care services, the calendar year deductible will not apply to these services or supplies when they are provided by a participating provider. No co-payment will apply to these services or supplies when they are provided by a participating provider.

1. A physician's services for routine physical examinations.
2. Immunizations prescribed by the examining physician.
3. Radiology and laboratory services and tests ordered by the examining physician in connection with a routine physical examination, excluding any such tests related to an illness or injury. Those radiology and laboratory services and tests related to an illness or injury will be covered as any other medical service available under the terms and conditions of the provision “Diagnostic Services”.
4. Health screenings as ordered by the examining physician for the following: breast cancer, including BRCA testing if appropriate (in conjunction with genetic counseling and evaluation), cervical cancer, including human papillomavirus (HPV), prostate cancer, colorectal cancer, and other medically accepted cancer screening tests, blood lead levels, high blood pressure, type 2 diabetes mellitus, cholesterol, obesity, and screening for iron deficiency anemia in pregnant women.

5. Human immunodeficiency virus (HIV) testing, regardless of whether the testing is related to a primary diagnosis.

6. Counseling and risk factor reduction intervention services for sexually transmitted infections, human immunodeficiency virus (HIV), contraception, tobacco use*, and tobacco use-related diseases.

   *This includes approved generic and single source brand drugs used for smoking cessation under the Preventive Rx program.

7. Additional preventive care and screening for women provided for in the guidelines supported by the Health Resources and Services Administration, including the following:

   a. All FDA-approved contraceptive drugs, devices and other products for women, including over-the-counter items, if prescribed by a physician. This includes contraceptive drugs, injectable contraceptives, patches and devices such as diaphragms, intra uterine devices (IUDs) and implants, as well as voluntary sterilization procedures, contraceptive education and counseling. It also includes follow-up services related to the drugs, devices, products and procedures, including but not limited to management of side effects, counseling for continued adherence, and device insertion and removal.

   At least one form of contraception in each of the methods identified in the FDA’s Birth Control Guide will be covered as preventive care under this section. If there is only one form of contraception in a given method, or if a form of contraception is deemed not medically advisable by a physician, the prescribed FDA-approved form of contraception will be covered as preventive care under this section.

   In order to be covered as preventive care, contraceptive prescription drugs must be either generic oral contraceptives. Brand name drugs will be covered as preventive care services when medically necessary according to your attending physician, otherwise they will be covered under your plan’s prescription drug benefits (see YOUR PRESCRIPTION DRUG BENEFITS).
b. Breast feeding support, supplies, and counseling. One breast pump will be covered per pregnancy under this benefit.

c. Gestational diabetes screening.

d. Preventive prenatal care.

8. Preventive services for certain high-risk populations as determined by your physician, based on clinical expertise.

This list of preventive care services is not exhaustive. Preventive tests and screenings with a rating of A or B in the current recommendations of the United States Preventive Services Task Force (USPSTF), or those supported by the Health Resources and Services Administration (HRSA) will be covered with no copayment and will not apply to the calendar year deductible.

See the definition of “Preventive Care Services” in the DEFINITIONS section for more information about services that are covered by this plan as preventive care services.

You may call Member Services using the number on your ID card for additional information about these services. You may also view the federal government’s web sites:

https://www.healthcare.gov/what-are-my-preventive-care-benefits

http://www.ahrq.gov

http://www.cdc.gov/vaccines/acip/index.html

**Hearing Aid Services.** The following hearing aid services are covered when provided by or purchased as a result of a written recommendation from a otolaryngologist or a state-certified audiologist.

1. Audiological evaluations to measure the extent of hearing loss and determine the most appropriate make and model of hearing aid. These evaluations will be covered under plan benefits for office visits to physicians.

2. Hearing aids (monaural or binaural) including ear mold(s), the hearing aid instrument, batteries, cords and other ancillary equipment.

3. Visits for fitting, counseling, adjustments and repairs for a one year period after receiving the covered hearing aid.

These items and services are covered under your plan’s benefits for durable medical equipment (see “Durable Medical Equipment”).
No benefits will be provided for the following:

1. Charges for a hearing aid which exceeds specifications prescribed for the correction of hearing loss.

2. Surgically implanted hearing devices (i.e., cochlear implants, audient bone conduction devices). *Medically necessary* surgically implanted hearing devices may be covered under your plan’s benefits for prosthetic devices (see “Prosthetic Devices”).

**Osteoporosis.** Coverage for services related to diagnosis, treatment, and appropriate management of osteoporosis including, but not limited to, all Food and Drug Administration approved technologies, including bone mass measurement technologies as deemed *medically necessary*.

**Breast Cancer.** Services and supplies provided in connection with the screening for, diagnosis of, and treatment for breast cancer, including:

1. Routine and diagnostic mammogram examinations.

2. Breast cancer (BRCA) testing, if appropriate, in conjunction with genetic counseling and evaluation. When done as a *preventive care service*, BRCA testing will be covered under the Preventive Care Services benefit.

3. Mastectomy and lymph node dissection; complications from a mastectomy including lymphedema.

4. Reconstructive surgery performed to restore and achieve symmetry following a *medically necessary* mastectomy.

5. Breast prostheses following a mastectomy (see “Prosthetic Devices”).

**Clinical Trials.** Coverage is provided for routine patient costs you receive as a participant in an approved clinical trial. The services must be those that are listed as covered by this plan for members who are not enrolled in a clinical trial.

Routine patient care costs include items, services, and drugs provided to you in connection with an approved clinical trial that would otherwise be covered by the plan.

An “approved clinical trial” is a phase I, phase II, phase III, or phase IV clinical trial that studies the prevention, detection, or treatment of cancer or another life-threatening disease or condition, from which death is likely unless the disease or condition is treated.

Coverage is limited to the following clinical trials:
1. Federally funded trials approved or funded by one or more of the following:
   a. The National Institutes of Health,
   b. The Centers for Disease Control and Prevention,
   c. The Agency for Health Care Research and Quality,
   d. The Centers for Medicare and Medicaid Services,
   e. A cooperative group or center of any of the four entities listed above or the Department of Defense or the Department of Veterans Affairs,
   f. A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants, or
   g. Any of the following departments if the study or investigation has been reviewed and approved through a system of peer review that the Secretary of Health and Human Services determines (1) to be comparable to the system of peer review of investigations and studies used by the National Institutes of Health, and (2) assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review:
      i. The Department of Veterans Affairs,
      ii. The Department of Defense, or
      iii. The Department of Energy.

2. Studies or investigations done as part of an investigational new drug application reviewed by the Food and Drug Administration.

3. Studies or investigations done for drug trials that are exempt from the investigational new drug application.

Participation in the clinical trial must be recommended by your physician after determining participation has a meaningful potential to benefit you. All requests for clinical trials services, including requests that are not part of approved clinical trials, will be reviewed according to the plan's Clinical Coverage Guidelines, related policies and procedures.

Routine patient costs do not include the costs associated with any of the following:

1. The investigational item, device, or service.
2. Any item or service provided solely to satisfy data collection and analysis needs and that is not used in the clinical management of the patient.

3. Any service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

4. Any item, device, or service that is paid for, by the sponsor of the trial or is customarily provided by the sponsor free of charge for any enrollee in the trial.

**Note:** You will be financially responsible for the costs associated with non-covered services.

**Physical Therapy, Physical Medicine and Occupational Therapy.**

The following services provided by a physician under a treatment plan which offers a reasonable expectation of significant improvement:

1. Physical therapy and physical medicine provided on an outpatient basis for the treatment of illness or injury including the therapeutic use of heat, cold, exercise, electricity, ultra violet radiation, manipulation of the spine, or massage for the purpose of improving circulation, strengthening muscles, or encouraging the return of motion. (This includes many types of care which are customarily provided by chiropractors, physical therapists and osteopaths. It does not include massage therapy services at spas or health clubs.)

2. Occupational therapy provided on an outpatient basis when the ability to perform daily life tasks has been lost or reduced by illness or injury including programs which are designed to rehabilitate mentally, physically or emotionally handicapped persons. Occupational therapy programs are designed to maximize or improve a patient's upper extremity function, perceptual motor skills and ability to function in daily living activities.

Benefits are not payable for care provided to relieve general soreness or for conditions that may be expected to improve without treatment. For the purposes of this benefit, the term "visit" shall include any visit by a physician in that physician’s office, or in any other outpatient setting, during which one or more of the services covered under this limited benefit are rendered, even if other services are provided during the same visit.

For chiropractic services, up to 30 visits in a year are payable if medically necessary. If additional visits are needed after receiving 30 visits in a year, pre-service review must be obtained prior to receiving the services.
If it is determined that an additional period of chiropractic services is medically necessary, the claims administrator will specify a specific number of additional visits. Such additional visits are not payable if pre-service review is not obtained. (See UTILIZATION REVIEW PROGRAM.)

There is no limit on the number of covered visits for medically necessary physical therapy, physical medicine, occupational therapy and chiropractic services. But additional visits in excess of the number of visits stated above must be authorized in advance.

If covered charges is applied toward the Calendar Year Deductible and payment is not provided, that visit will be included in the visit maximum (30 visits) for that year.

If you receive chiropractic services from a non-participating provider and you need to submit a claim to the claims administrator, please send it to the address listed below. If you have any questions or are in need of assistance, please call us at the Member Services telephone number listed on your ID card.

American Specialty Health
P.O. Box 509001
San Diego, CA 92150-9002

Contraceptives. Services and supplies provided in connection with the following methods of contraception:

- Injectable drugs and implants for birth control, administered in a physician’s office, if medically necessary.
- Intrauterine contraceptive devices (IUDs) and diaphragms, dispensed by a physician if medically necessary.
- Professional services of a physician in connection with the prescribing, fitting, and insertion of intrauterine contraceptive devices or diaphragms.

Contraceptive supplies prescribed by a physician for reasons other than contraceptive purposes for medically necessary treatment such as decreasing the risk of ovarian cancer, eliminating symptoms of menopause or for contraception that is necessary to preserve life or health may also be covered.

If your physician determines that none of these contraceptive methods are appropriate for you based on your medical or personal history, coverage will be provided for another prescription contraceptive method that is approved by the Food and Drug Administration (FDA) and prescribed by your physician.
Sterilization Services. Benefits include sterilization services and services to reverse a non-elective sterilization that resulted from an illness or injury. Reversals of elective sterilizations are not covered.

Certain sterilizations for women are covered under the “Preventive Care Services” benefit. Please see that provision for further details.

Speech Therapy and Speech-language pathology (SLP) services. Services to identify, assess, and treat speech, language, and swallowing disorders in children and adults. Therapy that will develop or treat communication or swallowing skills to correct a speech impairment.

Acupuncture. The services of a physician for acupuncture treatment to treat a disease, illness or injury, including a patient history visit, physical examination, treatment planning and treatment evaluation, electroacupuncture, cupping and moxibustion. We will pay for up to 20 visits during a calendar year.

Diabetes. Services and supplies provided for the treatment of diabetes, including:

1. The following equipment and supplies:
   a. Blood glucose monitors, including monitors designed to assist the visually impaired, and blood glucose testing strips.
   b. Insulin pumps.
   c. Pen delivery systems for insulin administration (non-disposable).
   d. Visual aids (but not eyeglasses) to help the visually impaired to properly dose insulin.
   e. Podiatric devices, such as therapeutic shoes and shoe inserts, to treat diabetes-related complications.

   Items a through d above are covered under your plan’s benefits for durable medical equipment (see “Durable Medical Equipment”). Item e above is covered under your plan’s benefits for prosthetic devices (see “Prosthetic Devices”).

2. Diabetes education program which:
   a. Is designed to teach a member who is a patient and covered members of the patient’s family about the disease process and the daily management of diabetic therapy;
   b. Includes self-management training, education, and medical nutrition therapy to enable the member to properly use the equipment, supplies, and medications necessary to manage the disease; and
c. Is supervised by a physician.

Diabetes education services are covered under your plan’s benefits for office visits to physicians.

3. The following items are covered under your prescription drug benefits:

b. Insulin syringes, disposable pen delivery systems for insulin administration.

c. Testing strips, lancets, and alcohol swabs.

These items must be obtained either from a retail pharmacy or through the mail service program (see YOUR PRESCRIPTION DRUG BENEFITS).

Jaw Joint Disorders. The plan will pay for splint therapy or surgical treatment for disorders or conditions directly affecting the upper or lower jawbone or the joints linking the jawbones and the skull (the temporomandibular joints), including the complex of muscles, nerves and other tissues related to those joints.

Phenylketonuria (PKU). Benefits for the testing and treatment of phenylketonuria (PKU) are paid on the same basis as any other medical condition. Coverage for treatment of PKU shall include those formulas and special food products that are part of a diet prescribed by a licensed physician and managed by a health care professional in consultation with a physician who specializes in the treatment of metabolic disease and who participates in or is authorized by the claims administrator. The diet must be deemed medically necessary to avert the development of serious physical or mental disabilities or to promote normal development or function as a consequence of PKU.

The cost of the necessary formulas and special food products is covered only as it exceeds the cost of a normal diet. "Formula" means an enteral product or products for use at home. The formula must be prescribed by a physician or nurse practitioner, or ordered by a registered dietician upon referral by a health care provider authorized to prescribe dietary treatments, and is medically necessary for the treatment of PKU. Formulas and special food products used in the treatment of PKU that are obtained from a pharmacy are covered as prescription drugs (see "Prescription Drugs and Medications"). Formulas and special food products that are not obtained from a pharmacy are covered under this benefit.
“Special food product” means a food product that is all of the following:

- Prescribed by a physician or nurse practitioner for the treatment of PKU, and
- Consistent with the recommendations and best practices of qualified physicians with expertise in the treatment and care of PKU, and
- Used in place of normal food products, such as grocery store foods, used by the general population.

**Note:** It does not include a food that is naturally low in protein, but may include a food product that is specially formulated to have less than one gram of protein per serving.

**Designated Pharmacy Provider.** The claims administrator may establish one or more designated pharmacy provider programs which provide specific pharmacy services (including shipment of prescription drugs) to members. A participating provider is not necessarily a designated pharmacy provider. To be a designated pharmacy provider, the participating provider must have signed a designated pharmacy provider agreement with the plan. You or your physician can contact Member Services to learn which pharmacy or pharmacies are part of a designated pharmacy provider program.

For prescription drugs that are shipped to you or your physician and administered in your physician’s office, you and your physician are required to order from a designated pharmacy provider. A patient care coordinator will work with you and your physician to obtain precertification and to assist shipment to your physician’s office.

The claims administrator may also require you to use a designated pharmacy provider to obtain prescription drugs for treatment of certain clinical conditions. The claims administrator reserves the right to modify the list of prescription drugs as well as the setting and/or level of care in which the care is provided to you. The claims administrator may, from time to time, change with or without advance notice, the designated pharmacy provider for a drug. Such change can help provide cost effective, value based and/or quality services.

If you are required to use a designated pharmacy provider and you choose not to obtain your prescription drug from a designated pharmacy provider, coverage will be the same as for a non-participating provider.

You can get the list of the prescription drugs covered under this section by calling Member Services at the phone number on the back of your Identification Card or check the claims administrator’s website at [www.anthem.com](http://www.anthem.com).
Prescription Drugs Obtained From Or Administered By a Medical Provider.

Your plan includes benefits for prescription drugs, including specialty drugs, that must be administered to you as part of a physician visit, services from a home health agency or at an outpatient hospital when they are covered services. This may include drugs for home infusion therapy, chemotherapy, blood products, certain injectable and any drug that must be administered by a physician. This section describes your benefits when your physician orders the medication and administers it to you.

Benefits for drugs that you inject or get at a retail pharmacy (i.e., self-administered drugs) are not covered under this section. Benefits for those and other covered drugs are described under YOUR PRESCRIPTION DRUG BENEFITS, if included.

Non-duplication of benefits applies to pharmacy drugs under this plan. When benefits are provided for pharmacy drugs under the plan’s medical benefits, they will not be provided under your prescription drug benefits, if included. Conversely, if benefits are provided for pharmacy drugs under your prescription drug benefits, if included, they will not be provided under the plan’s medical benefits.

Prior Authorization. Your plan includes certain features to determine when prescription drugs should be covered, which are described below. As part of these features, your prescribing physician may be asked to give more details before the claims administrator can decide if the drug is eligible for coverage. In order to determine if the prescription drug is eligible for coverage, the following criteria has been established.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration,
- Specific clinical criteria including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease,
- Specific physician qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies),
- Step therapy requiring one prescription drug, a prescription drug regimen or another treatment be used prior to use of another prescription drug or prescription drug regimen for safety and/or affordability when clinically similar results may be anticipated and one option is less costly than another.
• Use of a prescription drug formulary.

You or your physician can get the list of the prescription drugs that require prior authorization by calling the phone number on the back of your identification card or check the claims administrator's website at www.anthem.com. The list will be reviewed and updated from time to time. Including a prescription drug or related item on the list does not guarantee coverage under your plan. Your physician may check with the plan to verify prescription drug coverage, to find out which prescription drug are covered under this section and if any drug edits apply. However, if it is determined through prior authorization that the drug originally prescribed is medically necessary and is cost effective, you will be provided the drug originally requested. If, when you first become a member, you are already being treated for a medical condition by a drug that has been appropriately prescribed and is considered safe and effective for your medical condition, the claims administrator will not require you to try a drug other than the one you are currently taking.

In order for you to get a specialty pharmacy drug that requires prior authorization, your physician must submit a request to the plan using the required uniform prior authorization request form. The request may be made by mail, telephone, facsimile, or it may be made electronically. At the time the request is initiated, specific clinical information will be requested from your physician based on medical policy and/or clinical guidelines, based specifically on your diagnosis and/or the physician's statement in the request or clinical rationale for the specialty pharmacy drug.

After the plan receives the request from your physician, the claims administrator will review the request and respond within the following time periods:

• 72 hours for non-urgent requests, and

• 24 hours if exigent circumstances exist. Exigent circumstances exist if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if you are undergoing a current course of treatment using a drug not covered by the plan.

If you have any questions regarding whether a specialty pharmacy drug requires prior authorization, please call the number on the back of your ID card.

If a request for prior authorization of a specialty pharmacy drug is denied, you or your prescribing physician may appeal the decision by calling the number on the back of your ID card.
Covered Prescription Drugs. To be a covered service, prescription drugs must be approved by the Food and Drug Administration (FDA) and, under federal law, require a prescription. Prescription drugs must be prescribed by a licensed physician and controlled substances must be prescribed by a licensed physician with an active DEA license.

Compound drugs are a covered service when a commercially available dosage form of a medically necessary medication is not available, all the ingredients of the compound drug are FDA approved in the form in which they are used in the compound drug and as designated in the FDA's Orange Book: Approved Drug Products with Therapeutic Equivalence Evaluations, require a prescription to dispense, and are not essentially the same as an FDA approved product from a drug manufacturer. Non-FDA approved, non-proprietary, multisource ingredients that are vehicles essential for compound administration may be covered.

Your plan also covers certain over-the-counter drugs that must be covered under federal law, when prescribed by a physician, subject to all terms of this plan that apply to those benefits. Please see the “Preventive Care Services” provision of MEDICAL CARE THAT IS COVERED or the “Preventive Prescription Drugs and Other Items” provision under YOUR PRESCRIPTION DRUG BENEFITS for additional details.

MEDICAL CARE THAT IS NOT COVERED

No payment will be made under this plan for expenses incurred for or in connection with any of the items below. (The titles given to these exclusions and limitations are for ease of reference only; they are not meant to be an integral part of the exclusions and limitations and do not modify their meaning.)

Not Medically Necessary. Services or supplies that are not medically necessary, as defined.

This exclusion does not apply to services that are mandated by federal law or listed as covered under “YOUR MEDICAL BENEFITS”, “Prescription Drugs Obtained from or Administered by a Medical Provider” and/or “Your Prescription Drug Benefits”.

Unlisted Services. Services not specifically listed in this booklet as covered services.

Experimental or Investigative. Any experimental or investigative procedure or medication. But, if you are denied benefits because it is determined that the requested treatment is experimental or investigative, you may request that the denial be reviewed.
**Services Received Outside of the United States** Services rendered by providers located outside the United States, unless the services are for an *emergency*, emergency ambulance or *urgent care*.

**Incarceration.** For care required while incarcerated in a federal, state or local penal institution or required while in custody of federal, state or local law enforcement authorities, including work release programs, unless otherwise required by law or regulation.

**Not Covered.** Services received before your *effective date* or after your *coverage ends*, except as specifically stated under EXTENSION OF BENEFITS.

**Non-Licensed Providers.** Treatment or services rendered by non-licensed health care providers and treatment or services for which the provider of services is not required to be licensed. This includes treatment or services from a non-licensed provider under the supervision of a licensed *physician*, except as specifically provided or arranged by the *claims administrator*. This exclusion does not apply to the *medically necessary* treatment of pervasive developmental disorder or autism, to the extent stated in the section BENEFITS FOR PERVERSIVE DEVELOPMENTAL DISORDER OR AUTISM.

**Services Received from Providers on a Federal or State Exclusion List.** Any service, *drug*, *drug regimen*, treatment, or supply furnished, ordered or prescribed by a provider identified as an excluded individual or entity on the U.S. Department of Health and Human Services Office of Inspector General List of Excluded Individuals/Entities (OIG List), the General Services Administration System for Award Management (GSA List), State Medicaid exclusion lists or other exclusion/sanctioned lists as published by Federal or State regulatory agencies. This exclusion does not apply to an *emergency medical condition*.

**Excess Amounts.** Any amounts in excess of *maximum allowed amounts* or any Medical Benefit Maximum.

**Waived Cost-Shares Non-Participating Provider.** For any service for which you are responsible under the terms of this *plan* to pay a co-payment or deductible, and the co-payment or deductible is waived by a *non-participating provider*.

**Work-Related.** Any injury, condition or disease arising out of employment for which benefits or payments are covered by any worker’s compensation law or similar law. If the *plan* provides benefits for such injuries, conditions or diseases the *claims administrator* shall be entitled to establish a lien or other recovery under section 4903 of the California Labor Code or any other applicable law.
Government Treatment. Any services provided by a local, state or federal government agency, except when payment under this plan is expressly required by federal or state law.

Medicare. For which benefits are payable under Medicare Parts A and/or B, or would have been payable if you had applied for Parts A and/or B, except as listed in this booklet or as required by federal law, as described in the section titled “BENEFITS FOR MEDICARE ELIGIBLE MEMBERS: Coordinating Benefits With Medicare”. If you do not enroll in Medicare Part B when you are eligible, you may have large out-of-pocket costs. Please refer to Medicare.gov for more details on when you should enroll and when you are allowed to delay enrollment without penalties.

Family Members. Services prescribed, ordered, referred by or given by a member of your immediate family, including your spouse, child, brother, sister, parent, in-law or self.

Medical Equipment, Devices and Supplies. This plan does not cover the following:

- Replacement or repair of purchased or rental equipment because of misuse, abuse, or loss/theft.
- Surgical supports, corsets, or articles of clothing unless needed to recover from surgery or injury.
- Enhancements to standard equipment and devices that is not medically necessary.
- Supplies, equipment and appliances that include comfort, luxury, or convenience items or features that exceed what is medically necessary in your situation.

This exclusion does not apply to the medically necessary treatment of specifically stated in “Durable Medical Equipment” provision of MEDICAL CARE THAT IS COVERED.

Voluntary Payment. Services for which you have no legal obligation to pay, or for which no charge would be made in the absence of insurance coverage or other health plan coverage, except services received at a non-governmental charitable research hospital. Such a hospital must meet the following guidelines:

1. It must be internationally known as being devoted mainly to medical research;
2. At least 10% of its yearly budget must be spent on research not directly related to patient care;
3. At least one-third of its gross income must come from donations or grants other than gifts or payments for patient care;

4. It must accept patients who are unable to pay; and

5. Two-thirds of its patients must have conditions directly related to the hospital’s research.

**Private Contracts.** Services or supplies provided pursuant to a private contract between the member and a provider, for which reimbursement under the Medicare program is prohibited, as specified in Section 1802 (42 U.S.C. 1395a) of Title XVIII of the Social Security Act.

**Inpatient Diagnostic Tests.** Inpatient room and board charges in connection with a hospital stay primarily for diagnostic tests which could have been performed safely on an outpatient basis.

**Residential accommodations.** Residential accommodations to treat medical or behavioral health conditions, except when provided in a hospital, hospice, skilled nursing facility or residential treatment center.

This exclusion includes procedures, equipment, services, supplies or charges for the following:

- Domiciliary care provided in a residential institution, treatment center, halfway house, or school because a member’s own home arrangements are not available or are unsuitable, and consisting chiefly of room and board, even if therapy is included.

- Care provided or billed by a hotel, health resort, convalescent home, rest home, nursing home or other extended care facility home for the aged, infirmary, school infirmary, institution providing education in special environments, supervised living or halfway house, or any similar facility or institution.

- Services or care provided or billed by a school, custodial care center for the developmentally disabled, or outward bound programs, even if psychotherapy is included.

**Wilderness.** Wilderness or other outdoor camps and/or programs.

**Dental Devices for Snoring.** Oral appliances for snoring.

**Growth Hormone Treatment.** Any treatment, device, drug, service or supply (including surgical procedures, devices to stimulate growth and growth hormones), solely to increase or decrease height or alter the rate of growth.

**Orthodontia.** Braces and other orthodontic appliances or services.
**Dental Services or Supplies.** Dental plates, bridges, crowns, caps or other dental prostheses, dental services, extraction of teeth, or treatment to the teeth or gums, or treatment to or for any disorders for the jaw joint, except as specifically stated in the "Dental Care" or "Jaw Joint Disorders" provisions of MEDICAL CARE THAT IS COVERED. Please see those provisions for further details.

**MENTAL HEALTH CONDITIONS AND SUBSTANCE ABUSE THAT ARE NOT COVERED**

Please see the exclusions or limitations listed under MEDICAL CARE THAT IS NOT COVERED for a list of services not covered under your plan. Services that are not covered, if applicable, also apply to services provided for the treatment of mental health conditions and substance abuse.

**BENEFITS FOR PERVERSIVE DEVELOPMENTAL DISORDER OR AUTISM**

This plan provides coverage for behavioral health treatment for Pervasive Developmental Disorder or autism. This coverage is provided according to the terms and conditions of this plan that apply to all other medical conditions, except as specifically stated in this section.
Behavioral health treatment services covered under this plan are subject to the same deductibles, co-payments and co-insurance that apply to services provided for other covered medical conditions. Services provided by Qualified Autism Service Providers, Qualified Autism Service Professionals, and Qualified Autism Service Paraprofessionals (see the “Definitions” below) will be covered under plan benefits that apply for outpatient office visits or other outpatient items and services. Services provided in a facility, such as the outpatient department of a hospital, will be covered under plan benefits that apply to such facilities. See also the section BENEFITS FOR MENTAL HEALTH CONDITIONS AND SUBSTANCE ABUSE.

You must obtain pre-service review for all behavioral health treatment services for the treatment of Pervasive Developmental Disorder or autism in order for these services to be covered by this plan (see UTILIZATION REVIEW PROGRAM for details).

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in this section, the first letter of each word will be capitalized. When you see these capitalized words, you should refer to this “Definitions” provision.

DEFINITIONS

Pervasive Developmental Disorder or autism means one or more of disorders defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders.

Applied Behavior Analysis (ABA) means the design, implementation, and evaluation of systematic instructional and environmental modifications to promote positive social behaviors and reduce or ameliorate behaviors which interfere with learning and social interaction.

Intensive Behavioral Intervention means any form of Applied Behavioral Analysis that is comprehensive, designed to address all domains of functioning, and provided in multiple settings, depending on the individual’s needs and progress. Interventions can be delivered in a one-to-one ratio or small group format, as appropriate.

Qualified Autism Service Provider is either of the following:

- A person who is certified by a national entity, such as the Behavior Analyst Certification Board, with a certification that is accredited by the National Commission for Certifying Agencies, and who designs, supervises, or provides treatment for Pervasive Developmental Disorder or autism, provided the services are within the experience and competence of the person who is nationally certified; or

- A person licensed as a physician and surgeon (M.D. or D.O.), physical therapist, occupational therapist, psychologist, marriage and
family therapist, educational psychologist, clinical social worker, professional clinical counselor, speech-language pathologist, or audiologist pursuant to state law, who designs, supervises, or provides treatment for Pervasive Developmental Disorder or autism, provided the services are within the experience and competence of the licensee.

The claims administrator's network of participating providers may be limited to licensed Qualified Autism Service Providers who contract with the claims administrator or a Blue Cross and/or Blue Shield Plan and who may supervise and employ Qualified Autism Service Professionals or Qualified Autism Service Paraprofessionals who provide and administer Behavioral Health Treatment.

**Qualified Autism Service Professional** is a provider who meets all of the following requirements:

- Provides behavioral health treatment, which may include clinical case management and case supervision under the direction and supervision of a Qualified Autism Service Provider,
- Is supervised by a Qualified Autism Service Provider,
- Provides treatment according to a treatment plan developed and approved by the Qualified Autism Service Provider,
- Is a behavioral service provider who meets the education and experience qualifications described in Section 54342 of Title 17 of the California Code of Regulations for an associate behavior analyst, behavior analyst, behavior management assistant, behavior management consultant, or behavior management program or who meets equivalent criteria in the state in which he or she practices if not providing services in California,
- Has training and experience in providing services for Pervasive Developmental Disorder or autism pursuant to Division 4.5 (commencing with Section 4500) of the Welfare and Institutions Code or Title 14 (commencing with Section 95000) of the Government Code, and
- Is employed by the Qualified Autism Service Provider or an entity or group that employs Qualified Autism Service Providers responsible for the autism treatment plan.

**Qualified Autism Service Paraprofessional** is an unlicensed and uncertified individual who meets all of the following requirements:

- Is supervised by a Qualified Autism Service Provider or Qualified Autism Service Professional at a level of clinical supervision that meets professionally recognized standards of practice,
• Provides treatment and implements services pursuant to a treatment plan developed and approved by the Qualified Autism Service Provider,

• Meets the education and training qualifications described in Section 54342 of Title 17 of the California Code of Regulations,

• Has adequate education, training, and experience, as certified by a Qualified Autism Service Provider or an entity or group that employs Qualified Autism Service Providers, and

• Is employed by the Qualified Autism Service Provider or an entity or group that employs Qualified Autism Service Providers responsible for the autism treatment plan.

BEHAVIORAL HEALTH TREATMENT SERVICES COVERED

The behavioral health treatment services covered by this plan for the treatment of Pervasive Developmental Disorder or autism are limited to those professional services and treatment programs, including Applied Behavior Analysis and evidence-based behavior intervention programs, that develop or restore, to the maximum extent practicable, the functioning of an individual with Pervasive Developmental Disorder or autism and that meet all of the following requirements:

• The treatment must be prescribed by a licensed physician and surgeon (an M.D. or D.O.) or developed by a licensed psychologist,

• The treatment must be provided under a treatment plan prescribed by a Qualified Autism Service Provider and administered by one of the following: (a) Qualified Autism Service Provider, (b) Qualified Autism Service Professional supervised by the Qualified Autism Service Provider, or (c) Qualified Autism Service Paraprofessional supervised by a Qualified Autism Service Provider or Qualified Autism Service Professional, and
The treatment plan must have measurable goals over a specific timeline and be developed and approved by the Qualified Autism Service Provider for the specific patient being treated. The treatment plan must be reviewed no less than once every six months by the Qualified Autism Service Provider and modified whenever appropriate, and must be consistent with applicable state law that imposes requirements on the provision of Applied Behavioral Analysis services and Intensive Behavioral Intervention services to certain persons pursuant to which the Qualified Autism Service Provider does all of the following:

- Describes the patient's behavioral health impairments to be treated,
- Designs an intervention plan that includes the service type, number of hours, and parent participation needed to achieve the intervention plan's goal and objectives, and the frequency at which the patient's progress is evaluated and reported,
- Provides intervention plans that utilize evidence-based practices, with demonstrated clinical efficacy in treating Pervasive Developmental Disorder or autism,
- Discontinues Intensive Behavioral Intervention services when the treatment goals and objectives are achieved or no longer appropriate, and
- The treatment plan is not used for purposes of providing or for the reimbursement of respite care, day care, or educational services, and is not used to reimburse a parent for participating in the treatment program. The treatment plan must be made available to us upon request.
SUBROGATION AND REIMBURSEMENT

These provisions apply when the plan pays benefits as a result of injuries or illnesses you sustained and you have a right to a Recovery or have received a Recovery from any source. A “Recovery” includes, but is not limited to, monies received from any person or party, any person’s or party’s liability insurance, uninsured/underinsured motorist proceeds, worker’s compensation insurance or fund, “no-fault” insurance and/or automobile medical payments coverage, whether by lawsuit, settlement or otherwise. Regardless of how you or your representative or any agreements characterize the money you receive as a Recovery, it shall be subject to these provisions.

Subrogation

The plan has the right to recover payments it makes on your behalf from any party responsible for compensating you for your illnesses or injuries. The following apply:

- The plan has first priority from any Recovery for the full amount of benefits it has paid regardless of whether you are fully compensated, and regardless of whether the payments you receive make you whole for your losses, illnesses and/or injuries.

- You and your legal representative must do whatever is necessary to enable the plan to exercise the plan’s rights and do nothing to prejudice those rights.

- In the event that you or your legal representative fail to do whatever is necessary to enable the plan to exercise its subrogation rights, the plan shall be entitled to deduct the amount the plan paid from any future benefits under the plan.

- The plan has the right to take whatever legal action it sees fit against any person, party or entity to recover the benefits paid under the plan.

- To the extent that the total assets from which a Recovery is available are insufficient to satisfy in full the plan's subrogation claim and any claim held by you, the plan's subrogation claim shall be first satisfied before any part of a Recovery is applied to your claim, your attorney fees, other expenses or costs.

- The plan is not responsible for any attorney fees, attorney liens, other expenses or costs you incur. The "common fund" doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by the plan.
Reimbursement

If you obtain a Recovery and the plan has not been repaid for the benefits the plan paid on your behalf, the plan shall have a right to be repaid from the Recovery in the amount of the benefits paid on your behalf and the following provisions will apply:

- You must reimburse the plan from any Recovery to the extent of benefits the plan paid on your behalf regardless of whether the payments you receive make you whole for your losses, illnesses and/or injuries.

- Notwithstanding any allocation or designation of your Recovery (e.g., pain and suffering) made in a settlement agreement or court order, the plan shall have a right of full recovery, in first priority, against any Recovery. Further, the plan’s rights will not be reduced due to your negligence.

- You and your legal representative must hold in trust for the plan the proceeds of the gross Recovery (i.e., the total amount of your Recovery before attorney fees, other expenses or costs) to be paid to the plan immediately upon your receipt of the Recovery. You and your legal representative acknowledge that the portion of the Recovery to which the plan’s equitable lien applies is a plan asset.

- Any Recovery you obtain must not be dissipated or disbursed until such time as the plan has been repaid in accordance with these provisions.

- You must reimburse the plan, in first priority and without any set-off or reduction for attorney fees, other expenses or costs. The “common fund” doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by the plan.

- If you fail to repay the plan, the plan shall be entitled to deduct any of the unsatisfied portion of the amount of benefits the plan has paid or the amount of your Recovery whichever is less, from any future benefit under the plan if:
  1. The amount the plan paid on your behalf is not repaid or otherwise recovered by the plan; or
  2. You fail to cooperate.

- In the event that you fail to disclose the amount of your settlement to the plan, the plan shall be entitled to deduct the amount of the plan’s lien from any future benefit under the plan.
• The plan shall also be entitled to recover any of the unsatisfied portion of the amount the plan has paid or the amount of your Recovery, whichever is less, directly from the Providers to whom the plan has made payments on your behalf. In such a circumstance, it may then be your obligation to pay the Provider the full billed amount, and the plan will not have any obligation to pay the Provider or reimburse you.

• The plan is entitled to reimbursement from any Recovery, in first priority, even if the Recovery does not fully satisfy the judgment, settlement or underlying claim for damages or fully compensate you or make you whole.

Your Duties

• You must promptly notify the plan of how, when and where an accident or incident resulting in personal injury or illness to you occurred and all information regarding the parties involved and any other information requested by the plan.

• You must cooperate with the plan in the investigation, settlement and protection of the plan's rights. In the event that you or your legal representative fail to do whatever is necessary to enable the plan to exercise its subrogation or reimbursement rights, the plan shall be entitled to deduct the amount the plan paid from any future benefits under the plan.

• You must not do anything to prejudice the plan's rights.

• You must send the plan copies of all police reports, notices or other papers received in connection with the accident or incident resulting in personal injury or illness to you.

• You must promptly notify the plan if you retain an attorney or if a lawsuit is filed on your behalf.

• You must immediately notify the plan if a trial is commenced, if a settlement occurs or if potentially dispositive motions are filed in a case.
The plan administrator has sole discretion to interpret the terms of the Subrogation and Reimbursement provision of this plan in its entirety and reserves the right to make changes as it deems necessary.

If the covered person is a minor, any amount recovered by the minor, the minor's trustee, guardian, parent, or other representative, shall be subject to this provision. Likewise, if the covered person's relatives, heirs, and/or assignees make any Recovery because of injuries sustained by the covered person, that Recovery shall be subject to this provision.

The plan is entitled to recover its attorney's fees and costs incurred in enforcing this provision.

The plan shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy or personal injury protection policy regardless of any election made by you to the contrary. The plan shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies.
YOUR PRESCRIPTION DRUG BENEFITS

PRESCRIPTION DRUG COVERED EXPENSE

*Prescription drug covered expense* is the maximum charge for each covered service or supply that will be accepted by us for each different type of *pharmacy*. It is not necessarily the amount a *pharmacy* bills for the service.

You may avoid higher out-of-pocket expenses by choosing a *participating pharmacy*, or by utilizing the mail service program whenever possible. In addition, you may also reduce your costs by asking your *physician*, and your pharmacist, for the more cost-effective *generic* form of *prescription drugs*.

*Prescription drug covered expense* will always be the lesser of the billed charge or the *prescription drug maximum allowed amount*. Expense is incurred on the date you receive the *drug* for which the charge is made.

When you choose a *participating pharmacy*, the *pharmacy benefits manager* will subtract any expense which is not covered under your *prescription drug benefits*. The remainder is the amount of *prescription drug covered expense* for that claim. You will not be responsible for any amount in excess of the *prescription maximum allowed amount* for the covered services of a *participating pharmacy*.

When the *pharmacy benefits manager* receives a claim for *drugs* supplied by a *non-participating pharmacy*, they first subtract any expense which is not covered under your *prescription drug benefits*, and then any expense exceeding the *prescription maximum allowed amount*. The remainder is the amount of *prescription drug covered expense* for that claim.

You will always be responsible for expense incurred which is not covered under this *plan*.

PRESCRIPTION DRUG CO-PAYMENTS

After we determine *prescription drug covered expense*, we will subtract your Prescription Drug Co-Payment for each *prescription*.

If your Prescription Drug Co-Payment includes a percentage of *prescription drug covered expense*, then we will apply that percentage to such expense. This will determine the dollar amount of your Prescription Drug Co-Payment.

The Prescription Drug Co-Payments are set forth in the SUMMARY OF BENEFITS starting on page 16.
HOW TO USE YOUR PRESCRIPTION DRUG BENEFITS

When You Go to a Participating Pharmacy. To identify you as a member covered for prescription drug benefits, you will be issued an identification card. You must present this card to participating pharmacies when you have a prescription filled. Provided you have properly identified yourself as a member, a participating pharmacy will only charge your Co-Payment.

Many participating pharmacies display an “Rx” decal with the claims administrator’s logo in their window. For information on how to locate a participating pharmacy in your area, call the number on the back of your ID card.

Please note that presentation of a prescription to a pharmacy or pharmacist does not constitute a claim for benefit coverage. If you present a prescription to a participating pharmacy, and the participating pharmacy indicates your prescription cannot be filled, or requires an additional Co-Payment, this is not considered an adverse claim decision. If you want the prescription filled, you will have to pay either the full cost, or the additional Co-Payment, for the prescription drug. If you believe you are entitled to some plan benefits in connection with the prescription drug, submit a claim for reimbursement to the claims administrator at the address shown below:

Prescription Drug Program
ATTN: Commercial Claims
P.O. Box 2872
Clinton, IA 52733-2872

Participating pharmacies usually have claims forms, but, if the participating pharmacy does not have claim forms, claim forms and Member Services are available by calling the number on the back of your ID Card. Mail your claim, with the appropriate portion completed by the pharmacist, to the pharmacy benefits manager within 90 days of the date of purchase. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed.
In addition, if the claims administrator determines that you may be using controlled substance prescription drugs in a harmful or abusive manner, or with harmful frequency, your selection of participating providers for controlled substance prescriptions may be limited. If this happens, the claims administrator may require you to select a single participating provider that will provide and coordinate all controlled substance prescriptions. Benefits for controlled substance prescriptions will only be paid if you use the single participating provider.

The claims administrator will contact you if it determines that use of a single participating provider is needed and give you options as to which participating provider you may use. If you do not select one of the participating providers that is offered within 31 days, the claims administrator will select a single participating provider for you. If you disagree with the claims administrator’s decision, you may file complaint as described in the COMPLAINT NOTICE.

Important Note: If the claims administrator determines that you may be using prescription drugs in a harmful or abusive manner, or with harmful frequency, your selection of participating pharmacies may be limited. If this happens, the plan may require you to select a single participating pharmacy that will provide and coordinate all future pharmacy services. Benefits will only be paid if you use the single participating pharmacy. The claims administrator will contact you if they determine that use of a single participating pharmacy is needed and give you options as to which participating pharmacy you may use. If you do not select one of the participating pharmacies that the plan offers within 31 days, the claims administrator will select a single participating pharmacy for you. If you disagree with the claims administrator’s decision, you may file complaint as described in the COMPLAINT NOTICE.

**When You Go to a Non-Participating Pharmacy.** If you purchase a prescription drug from a non-participating pharmacy, you will have to pay the full cost of the drug and submit a claim to the claims administrator, at the address below:

**Prescription Drug Program**  
**ATTN: Commercial Claims**  
P.O. Box 2872  
Clinton, IA 52733-2872  

Non-participating pharmacies do not have the necessary prescription drug claim forms. You must take a claim form with you to a non-participating pharmacy. The pharmacist must complete the pharmacy’s portion of the form and sign it.

Claim forms and Member Services are available by calling the number on the back of your ID card. Mail your claim with the appropriate portion completed by the pharmacist to the claims administrator within 90 days of the date of purchase. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed.

**When You are Out of State.** If you need to purchase a prescription drug out of the state of California, you may locate a participating pharmacy by calling the number on the back of your ID card. If you cannot locate a participating pharmacy, you must pay for the drug and submit a claim to the claims administrator. (See “When You Go to a Non-Participating Pharmacy” above.)

**When You Order Your Prescription Through the Home Delivery Program.** You can order your prescription through the mail service prescription drug program. Not all medications are available through the mail service pharmacy.
The prescription must state the drug name, dosage, directions for use, quantity, the physician’s name and phone number, the patient's name and address, and be signed by a physician. You must submit it with the appropriate payment for the amount of the purchase, and a properly completed order form. You need only pay the cost of your Co-Payment.

With few exceptions, most orally administered anti-cancer medications are considered specialty drugs. For orally administered anti-cancer medications, the prescription drug deductible, if any, will not apply and the co-payment will not exceed the lesser of the applicable co-payment shown in the SUMMARY OF BENEFITS or $200 for a 30-day supply for medications obtained at a retail pharmacy or $600 for a 90-day supply for medications obtained through home delivery.

Your first mail service prescription must also include a completed Patient Profile questionnaire. The Patient Profile questionnaire can be obtained by calling the toll-free number below. You need only enclose the prescription or refill notice, and the appropriate payment for any subsequent mail service prescriptions, or call the toll-free number. Co-payments can be paid by check, money order or credit card.

Order forms can be obtained by calling the number on the back of your ID card to request one. The form is also available on-line at www.anthem.com/ca.

PRESCRIPTION DRUG UTILIZATION REVIEW

Your prescription drug benefits include utilization review of prescription drug usage for your health and safety. Certain drugs may require prior authorization. If there are patterns of over-utilization or misuse of drugs, the claims administrator’s medical consultant will notify your personal physician and your pharmacist. The claims administrator reserves the right to limit benefits to prevent over-utilization of drugs.

PRESCRIPTION DRUG FORMULARY

The presence of a drug on the plan’s prescription drug formulary list does not guarantee that you will be prescribed that drug by your physician. These medications, which include both generic and brand name drugs, are listed in the prescription drug formulary. The formulary is updated quarterly to ensure that the list includes drugs that are safe and effective.

Note: The formulary drugs may change from time to time.

Some drugs may require prior authorization. If you have a question regarding whether a particular drug is on the formulary drug list or requires prior authorization please call the number on the back of your ID card. Information about the drugs on our formulary drug list is also available on the claims administrator’s internet website www.anthem.com/ca.
Exception request for a drug not on the prescription drug formulary (non-formulary exceptions).

Your prescription drug benefit covers drugs listed in a prescription drug formulary. This prescription drug formulary contains a limited number of prescription drugs, and may be different than the prescription drug formulary for other Anthem products. In cases where your physician prescribes a medication that is not on the prescription drug formulary, it may be necessary to obtain a non-formulary exception in order for the prescription drug to be a covered benefit. Your physician must complete a non-formulary exception form and return it to the claims administrator. You or your physician can get the form online at www.anthem.com or by calling the number listed on the back of your ID card.

When the plan receives a non-formulary exception request, the claims administrator will make a coverage decision within a certain period of time, depending on whether exigent circumstances exist.

Exigent circumstances exist if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if you are undergoing a current course of treatment using a drug not covered by the plan. In this case, the claims administrator will make a coverage decision within 24 hours of receiving your request. If the drug is approved, coverage of the drug will be provided for the duration of the exigency. If the drug coverage is denied, you have the right to request an external review by an IRO. The IRO will make a coverage decision within 24 hours of receiving your request. If the IRO approves the coverage of the drug, coverage of the drug will be provided for the duration of the exigency.

When exigent circumstances do not exist, the claims administrator will make a coverage decision within 72 hours of receiving your request. If the drug is approved, coverage of the drug will be provided for the duration of the prescription, including refills. If we the drug coverage is denied, you have the right to request an external review by an Independent Review Organization (IRO). The IRO will make a coverage decision within 72 hours of receiving your request. If the IRO approves the coverage of the drug, coverage of the drug will be provided for the duration of the prescription.

Requesting a non-formulary exception or having an IRO review your request for a non-formulary exception does not affect your right to submit an appeal.
Coverage of a drug approved as a result of your request or your physician's request for an exception will only be provided if you are a member enrolled under the plan.

**Prior Authorization.** Physicians must obtain prior authorization in order for you to get benefits for certain prescription drugs. At times, your physician will initiate a prior authorization on your behalf before your pharmacy fills your prescription. At other times, the pharmacy may make you or your physician aware that a prior authorization or other information is needed. In order to determine if the prescription drug is eligible for coverage, the following criteria has been established. The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration,

- Specific clinical criteria including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease,

- Specific physician qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies),

- Step therapy requiring one prescription drug, a prescription drug regimen or another treatment be used prior to use of another prescription drug or prescription drug regimen for safety and/or affordability when clinically similar results may be anticipated and one option is less costly than another.

- Use of a prescription drug formulary.

You or your physician can get the list of the prescription drug that require prior authorization by calling the phone number on the back of your identification card or check the claims administrator's website at www.anthem.com. The list will be reviewed and updated from time to time. Including a prescription drug or related item on the list does not guarantee coverage under your plan. Your physician may check with the claims administrator to verify prescription drug coverage, to find out which prescription drug are covered under this section and if any drug edits apply.
In order for you to get a drug that requires prior authorization, your physician must send a written request to the claims administrator for the drug using the required uniform prior authorization request form. The form can be facsimiled, mailed or submitted electronically to the claims administrator. If your physician needs a copy of the request form, he or she may call the claims administrator at the number on the back of your ID card to request one. The form is also available on-line at www.anthem.com/ca.

Upon receiving the completed uniform prior authorization request form, the claims administrator will review the request and respond within the following time periods:

- 72 hours for non-urgent requests, and
- 24 hours if exigent circumstances exist. Exigent circumstances exist if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if you are undergoing a current course of treatment using a drug not covered by the plan.

While the claims administrator is reviewing the request, a 72-hour emergency supply of medication may be dispensed to you if your physician or pharmacist determines that it is appropriate and medically necessary. You may have to pay the applicable co-payment shown in SUMMARY OF BENEFITS: PRESCRIPTION DRUG BENEFITS: PRESCRIPTION DRUG CO-PAYMENTS for the 72-hour supply of your drug. If the plan approves the request for the drug after you have received a 72-hour supply, you will receive the remainder of the 30-day supply of the drug with no additional co-payment.

If you have any questions regarding whether a drug is on the prescription drug formulary preferred drug list, or requires prior authorization, please call the number on the back of your ID card.

If the claims administrator denies a request for prior authorization of a drug, you or your prescribing physician may appeal the decision by calling the number on the back of your ID card.

**Revoking or modifying a prior authorization.** A prior authorization of benefits for prescription drugs may be revoked or modified prior to your receiving the drugs for reasons including but not limited to the following:

- Your coverage under this plan ends;
- The plan with the plan administrator terminates;
- You reach a benefit maximum that applies to prescription drugs, if the plan includes such a maximum;
• Your prescription drug benefits under the plan change so that prescription drugs are no longer covered or are covered in a different way.

A revocation or modification of a prior authorization of benefits for prescription drugs applies only to unfilled portions or remaining refills of the prescription, if any, and not to drugs you have already received.

New drugs and changes in the prescription drugs covered by the plan. The outpatient prescription drugs included on the list of formulary drugs preferred drugs covered by the plan is decided by the Pharmacy and Therapeutics Process, which is comprised of independent nurses, physicians and pharmacists. The Pharmacy and Therapeutics Process meets quarterly and decides on changes to make in the formulary drug preferred drug list based on recommendations from the claims administrator and a review of relevant information, including current medical literature.

PREVENTIVE PRESCRIPTION DRUGS AND OTHER ITEMS

Your prescription drug benefits include certain preventive drugs, medications, and other items as listed below that may be covered under this plan as preventive care services. In order to be covered as a preventive care service, these items must be prescribed by a physician and obtained from a participating pharmacy or through the home delivery program. This includes items that can be obtained over the counter for which a physician’s prescription is not required by law.

When these items are covered as preventive care services, the Calendar Year Deductible, if any, will not apply and no co-payment will apply. In addition, any separate deductible that applies to prescription drugs will not apply.

• All FDA-approved contraceptives for women, including oral contraceptives, diaphragms, patches, and over-the-counter contraceptives. In order to be covered as a preventive care service, in addition to the requirements stated above, contraceptive prescription drugs must be generic oral contraceptives or brand name drugs.

• Vaccinations prescribed by a physician and obtained from a participating pharmacy.

• Tobacco cessation drugs, medications, and other items for members age 18 and older as recommended by the United States Preventive Services Task Force including:
  – Prescription drugs to eliminate or reduce dependency on, or addiction to, tobacco and tobacco products.
- FDA-approved smoking cessation products including over-the-counter (OTC) nicotine gum, lozenges and patches when obtained with a physician’s prescription.
- Aspirin to reduce the risk of heart attack or stroke, for men ages 45-79 and women ages 55-79.
- Aspirin after 12 weeks of gestation in pregnant women who are at high risk for preeclampsia.
- Generic low to moderate dose statins for members that are 40-75 years and have one or more risk factors for cardiovascular disease.
- Folic acid supplementation for women age 55 years and younger (folic acid supplement or a multivitamin).
- Medications for risk reduction of primary breast cancer in women (such as tamoxifen or raloxifene) for women who are at increased risk for breast cancer and at low risk for adverse medication effects.
- Bowel preparations when prescribed for a preventive colon screening.
- Fluoride supplements for children from birth through 6 years old (drops or tablets).
- Dental fluoride varnish to prevent tooth decay of primary teeth for children from birth to 5 years old.

**PRESCRIPTION DRUG CONDITIONS OF SERVICE**

To be covered, the drug or medication must satisfy all of the following requirements:

1. It must be prescribed by a licensed prescriber and be dispensed within one year of being prescribed, subject to federal and state laws. This requirement will not apply to covered vaccinations provided at a participating pharmacy.

2. It must be approved for general use by the State of California Department of Health or the Food and Drug Administration (FDA).

3. It must be for the direct care and treatment of your illness, injury or condition. Dietary supplements, health aids or drugs for cosmetic purposes are not included. However the following items are covered.

   a. Formulas prescribed by a physician for the treatment of phenylketonuria.
b. Vaccinations provided at a participating pharmacy as specified under PREVENTIVE PRESCRIPTION DRUGS AND OTHER ITEMS, subject to all terms of this plan that apply to those benefits.

c. Vitamins, supplements, and health aids as specified under PREVENTIVE PRESCRIPTION DRUGS AND OTHER ITEMS, subject to all terms of this plan that apply to those benefits.

4. It must be dispensed from a licensed retail pharmacy, or through your mail service program.

5. If it is an approved compound medication, be dispensed by a participating pharmacy. Call the number on the back of your ID card to find out where to take your prescription for an approved compound medication to be filled. (You can also find a participating pharmacy at www.anthem.com/ca.) Some compound medications must be approved before you can get them (See PRESCRIPTION DRUG FORMULARY: PRIOR AUTHORIZATION). You will have to pay the full cost of the compound medications you get from a pharmacy that is not a participating pharmacy.

6. It must not be used while you are an inpatient in any facility. Also, it must not be dispensed in or administered by an outpatient facility.

7. For a retail pharmacy, the prescription must not exceed a 30-day supply.

Prescription drugs federally-classified as Schedule II which are FDA-approved for the treatment of attention deficit disorder and that require a triplicate prescription form must not exceed a 60-day supply. If the physician prescribes a 60-day supply for drugs classified as Schedule II for the treatment of attention deficit disorders, the member has to pay double the amount of copayment for retail pharmacies. If the drugs are obtained through the mail order, the copayment will remain the same as for any other prescription drug.

FDA-approved smoking cessation products and over-the-counter nicotine replacement products are limited as specified under PREVENTIVE PRESCRIPTION DRUGS AND OTHER ITEMS.

8. For the mail service program, the prescription must not exceed a 90-day supply.

9. The drug will be covered under YOUR PRESCRIPTION DRUG BENEFITS only if it is not covered under another benefit of your plan.
10. Certain drugs have specific quantity supply limits based on the claims administrator's analysis of prescription dispensing trends and the Food and Drug Administration dosing recommendations.

11. Drugs for the treatment of impotence and/or sexual dysfunction are limited to six tablets/units for a 30-day period and are available at retail pharmacies only. Documented evidence of contributing medical condition must be submitted to the claims administrator for review.

12. It must be prescribed by a licensed physician with an active Drug Enforcement Administration (DEA) license, if the drug is considered a controlled substance.

**PRESCRIPTION DRUG SERVICES AND SUPPLIES THAT ARE COVERED**

1. Outpatient drugs and medications which the law restricts to sale by prescription, except as specifically stated in this section. Formulas prescribed by a physician for the treatment of phenylketonuria. These formulas are subject to the copayment for brand name drugs.

2. Insulin.

3. Syringes when dispensed for use with insulin and other self-injectable drugs or medications.

4. Drugs with Food and Drug Administration (FDA) labeling for self-administration.

5. AIDS vaccine (when approved by the federal Food and Drug Administration and that is recommended by the US Public Health Service).

6. All compound prescription drugs when a commercially available dosage form of a medically necessary medication is not available, all the ingredients of the compound drug are FDA approved in the form in which they are used in the compound medication as designated in the FDA's Orange Book: Approved Drug Products with Therapeutic Equivalence Evaluations, require a prescription to dispense is required, and the compound drug is not essentially the same as an FDA approved product from a drug manufacturer. Non-FDA approved non-proprietary, multisource ingredients that are vehicles essential for compound administration may be covered.

7. Diabetic supplies (i.e. test strips and lancets).

8. Inhaler spacers and peak flow meters for the treatment of pediatric asthma. These items are subject to the copayment for brand name drugs.
9. *Prescription drugs*, vaccinations (including administration), vitamins, supplements, and certain over-the-counter items as specified under PREVENTIVE PRESCRIPTION DRUGS AND OTHER ITEMS, subject to all terms of this plan that apply to those benefits.

10. *Prescription drugs* for treatment of impotence and/or sexual dysfunction are limited to organic (non-psychological) causes.

**PRESCRIPTION DRUG SERVICES AND SUPPLIES THAT ARE NOT COVERED**

In addition to the exclusions and limitations listed under YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS NOT COVERED, *prescription drug* benefits are not provided for or in connection with the following:

1. Hypodermic syringes and/or needles except when dispensed for use with insulin and other self-injectable drugs or medications.

2. *Drugs* and medications used to induce spontaneous and non-spontaneous abortions.

3. *Drugs* and medications dispensed or administered in an outpatient setting; including, but not limited to, outpatient hospital facilities and physicians’ offices.

4. Professional charges in connection with administering, injecting or dispensing of drugs.

5. *Drugs* and medications which may be obtained without a physician’s written prescription, except insulin or niacin for cholesterol reduction.

   **Note:** Vitamins, supplements, and certain over-the-counter items as specified under PREVENTIVE PRESCRIPTION DRUGS AND OTHER ITEMS are covered under this plan only when obtained with a physician’s prescription, subject to all terms of this plan that apply to those benefits.

6. *Drugs* and medications dispensed by or while you are confined in a hospital, skilled nursing facility, rest home, sanitorium, convalescent hospital, or similar facility.

7. Durable medical equipment, devices, appliances and supplies, even if prescribed by a physician, except prescription contraceptive diaphragms as specified under PREVENTIVE PRESCRIPTION DRUGS AND SUPPLIES THAT ARE COVERED OTHER ITEMS.

8. Services or supplies for which you are not charged.

10. Cosmetics and health or beauty aids.

11. Drugs labeled “Caution, Limited by Federal Law to Investigational Use” or experimental drugs. Drugs or medications prescribed for experimental indications.

12. Any expense incurred for a drug or medication in excess of: (a) the drug limited fee schedule for drugs dispensed by non-participating pharmacies; or (b) the prescription drug negotiated rate, for drugs dispensed by participating pharmacies or through the mail service program.

13. Drugs which have not been approved for general use by the State of California Department of Health or the Food and Drug Administration.

14. Drugs used primarily for cosmetic purposes (e.g., Retin-A for wrinkles).

15. Drugs used primarily for the purpose of treating infertility (including but not limited to Clomid, Pergonal, and Metrodin).

16. Anorexiants and drugs used for weight loss except when used to treat morbid obesity (e.g., diet pills and appetite suppressants). This exclusion does not apply to drugs used for weight loss which are listed as covered under the PreventiveRx program, if included.

17. Drugs obtained outside of the United States unless they are furnished in connection with urgent care or an emergency.

18. Allergy desensitization products or allergy serum.

19. Infusion drugs, except drugs that are self-administered subcutaneously.

20. Select classes of drugs where non-preferred medications, which have therapeutic alternatives, have shown no benefit regarding efficacy or side effect over preferred drugs. However, this will not apply if the prescriber denotes “dispense as written” or “do not substitute”.

21. Herbal supplements, nutritional and dietary supplements, except as described in this plan or what must covered by law. This exclusion includes, but is not limited to, nutritional formulas and dietary supplements that you can buy over the counter and those you can get without a written prescription or from a licensed pharmacist.
However, formulas prescribed by a physician for the treatment of phenylketonuria that are obtained from a pharmacy are covered as specified under PRESCRIPTION DRUG SERVICES AND SUPPLIES THAT ARE COVERED. Special food products that are not available from a pharmacy are covered as specified under the “Phenylketonuria (PKU)” provision of YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED (see Table of Contents), subject to all terms of this plan that apply to the benefit. Also, vitamins, supplements, and certain over-the-counter items as specified under PREVENTIVE PRESCRIPTION DRUGS AND OTHER ITEMS are covered under this plan only when obtained with a physician’s prescription, subject to all terms of this plan that apply to those benefits.

22. Prescription drugs with a non-prescription (over-the-counter) chemical and dose equivalent except insulin.

23. Onychomycosis (toenail fungus) drugs except to treat members who are immuno-compromised or diabetic.

24. Prescription drugs that introduce or is related to the introduction of genetic material into a person intended to replace or correct faulty or missing genetic material, thus treating a disease or abnormal medical condition.

25. All compound prescription drugs when a commercially available dosage form of a medically necessary medication is not available, all the ingredients of the compound drug are FDA approved in the form in which they are used in the compound medication and as designated in the FDA’s Orange Book: Approved Drug Products with Therapeutic Equivalence Evaluations, require a prescription to dispense and are not essentially the same as an FDA approved product from a drug manufacturer. Non-FDA approved non-proprietary, multisource ingredients that are vehicles essential for compound administration may be covered. You will have to pay the full cost of the compound medications you get from a non-participating pharmacy.

26. Charges for pharmacy services not related to conditions, diagnoses, and/or recommended medications described in your medical records.

27. Drugs which are over any quantity or age limits set by the plan or the claims administrator.

28. Prescription drugs prescribed by a provider that does not have the necessary qualifications, registrations and/or certifications.

29. Drugs prescribed, ordered, referred by or given by a member of your immediate family, including your spouse, child, brother, sister, parent, in-law or self.
30. Services the claims administrator concludes are not medically necessary. This includes services that do not meet medical policy, clinical coverage, or benefit policy guidelines.

31. **Clinical Trial Non-Covered Services.** Any investigative drugs or devices, non-health services required for you to receive the treatment, the costs of managing the research, or costs that would not be a covered service under this plan for non-investigative treatments.

32. **Growth Hormone Treatment.** Any treatment, device, drug, service or supply (including surgical procedures, devices to stimulate growth and growth hormones), solely to increase or decrease height or alter the rate of growth.

33. **Hyperhidrosis Treatment.** Prescription drugs related to the medical and surgical treatment of excessive sweating (hyperhidrosis).

34. Any service, drug, drug regimen, treatment, or supply furnished, ordered or prescribed by a provider identified as an excluded individual or entity on the U.S. Department of Health and Human Services Office of Inspector General List of Excluded Individuals/Entities (OIG List), the General Services Administration System for Award Management (GSA List), State Medicaid exclusion lists or other exclusion/sanctioned lists as published by Federal or State regulatory agencies. This exclusion does not apply to an emergency medical condition.

**COORDINATION OF BENEFITS**

If you are covered by more than one group health plan, your benefits under This Plan will be coordinated with the benefits of those Other Plans. These coordination provisions apply separately to each member, per calendar year. Any coverage you have for medical or dental benefits, will be coordinated as shown below.

**DEFINITIONS**

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will be capitalized. When you see these capitalized words, you should refer to this “Definitions” provision.
**Allowable Expense** is any necessary, reasonable and customary item of expense which is at least partially covered by any plan covering the person for whom claim is made. When a Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered will be deemed to be both an Allowable Expense and a benefit paid. An expense that is not covered by any plan covering the person for whom a claim is made is not Allowable Expense.

The following are not Allowable Expense:

1. Use of a private hospital room is not an Allowable Expense unless the patient's stay in a private hospital room is *medically necessary* in terms of generally accepted medical practice, or one of the plans routinely provides coverage for hospital private rooms.

2. If you are covered by two plans that calculate benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method, any amount in excess of the higher of the reasonable and customary amounts.

3. If a person is covered by two plans that provide benefits or services on the basis of negotiated rates or fees, an amount in excess of the lower of the negotiated rates.

4. If a person is covered by one plan that calculates its benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method and another plan provides its benefits or services on the basis of negotiated rates or fees, any amount in excess of the negotiated rate.

5. The amount of any benefit reduction by the Principal Plan because you did not comply with the plan’s provisions is not an Allowable Expense. Examples of these types of provisions include second surgical opinions, utilization review requirements, and network provider arrangements.

6. If you advise us that all plans covering you are high deductible health plans as defined by Section 223 of the Internal Revenue Code, and you intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code, any amount that is subject to the primary high deductible health plan’s deductible.

**Other Plan** is any of the following:

1. Group, blanket or franchise insurance coverage;
2. Group service plan contract, group practice, group individual practice and other group prepayment coverages;

3. Group coverage under labor-management trustee plans, union benefit organization plans, employer organization plans, employee benefit organization plans or self-insured employee benefit plans;

4. Medicare. This does not include Medicare when by law its benefits are secondary to those of any private insurance program or other non-governmental program, including a self-insured program.

The term "Other Plan" refers separately to each agreement, policy, contract, or other arrangement for services and benefits, and only to that portion of such agreement, policy, contract, or arrangement which reserves the right to take the services or benefits of other plans into consideration in determining benefits.

**Principal Plan** is the plan which will have its benefits determined first.

**This Plan** is that portion of this plan which provides benefits subject to this provision.

**EFFECT ON BENEFITS**

1. If This Plan is the Principal Plan, then its benefits will be determined first without taking into account the benefits or services of any Other Plan.

2. If This Plan is not the Principal Plan, then its benefits may be reduced so that the benefits and services of all the plans do not exceed Allowable Expense.

3. The benefits of This Plan will never be greater than the sum of the benefits that would have been paid if you were covered under This Plan only.

**ORDER OF BENEFITS DETERMINATION**

The first of the following rules which applies will determine the order in which benefits are payable:

1. A plan which has no Coordination of Benefits provision pays before a plan which has a Coordination of Benefits provision. This includes Medicare in all cases except when the law requires that This Plan pays before Medicare.
2. A plan which covers you as a subscriber pays before a plan which covers you as a dependent. But, if you are a Medicare member and also a dependent of a subscriber with current employment status under another plan, this rule might change. If, according to Medicare’s rules, Medicare pays after that plan which covers you as a dependent then, the plan which covers you as a dependent pays before a plan which covers you as a subscriber.

3. For a dependent child covered under plans of two parents, the plan of the parent whose birthday falls earlier in the calendar year pays before the plan of the parent whose birthday falls later in the calendar year. But if one plan does not have a birthday rule provision, the provisions of that plan determine the order of benefits.

**Exception to rule 3:** For a dependent child of parents who are divorced or separated, the following rules will be used in place of Rule 3:

a. If the parent with custody of that child for whom a claim has been made has not remarried, then the plan of the parent with custody that covers that child as a dependent pays first.

b. If the parent with custody of that child for whom a claim has been made has remarried, then the order in which benefits are paid will be as follows:
   i. The plan which covers that child as a dependent of the parent with custody.
   ii. The plan which covers that child as a dependent of the stepparent (married to the parent with custody).
   iii. The plan which covers that child as a dependent of the parent without custody.
   iv. The plan which covers that child as a dependent of the stepparent (married to the parent without custody).

c. Regardless of a and b above, if there is a court decree which establishes a parent's financial responsibility for that child's health care coverage, a plan which covers that child as a dependent of that parent pays first.

4. The plan covering you as a laid-off or retired employee or as a dependent of a laid-off or retired employee pays after a plan covering you as other than a laid-off or retired employee or the dependent of such a person. But, if either plan does not have a provision regarding laid-off or retired employees, provision 6 applies.
5. The plan covering you under a continuation of coverage provision in accordance with state or federal law pays after a plan covering you as an employee, a dependent or otherwise, but not under a continuation of coverage provision in accordance with state or federal law. If the order of benefit determination provisions of the Other Plan do not agree under these circumstances with the order of benefit determination provisions of This Plan, this rule will not apply.

6. When the above rules do not establish the order of payment, the plan on which you have been enrolled the longest pays first unless two of the plans have the same effective date. In this case, Allowable Expense is split equally between the two plans.

OUR RIGHTS UNDER THIS PROVISION

Responsibility For Timely Notice. We are not responsible for coordination of benefits unless timely information has been provided by the requesting party regarding the application of this provision.

Reasonable Cash Value. If any Other Plan provides benefits in the form of services rather than cash payment, the reasonable cash value of services provided will be considered Allowable Expense. The reasonable cash value of such service will be considered a benefit paid, and our liability reduced accordingly.

Facility of Payment. If payments which should have been made under This Plan have been made under any Other Plan, we have the right to pay that Other Plan any amount we determine to be warranted to satisfy the intent of this provision. Any such amount will be considered a benefit paid under This Plan, and such payment will fully satisfy our liability under this provision.

Right of Recovery. If payments made under This Plan exceed the maximum payment necessary to satisfy the intent of this provision, we have the right to recover that excess amount from any persons or organizations to or for whom those payments were made, or from any insurance company or service plan.
BENEFITS FOR MEDICARE ELIGIBLE BENEFICIARIES

Any benefits provided under both this plan and Medicare will be provided according to Medicare Secondary Payer legislation, regulations, and Centers for Medicare & Medicaid Services guidelines, subject to federal court decisions. Federal law controls whenever there is a conflict among state law, terms of this plan, and federal law.

If you are entitled to Medicare and covered under this plan as an active employee, or as a dependent of an active employee, this plan will generally pay first and Medicare will pay second, unless:

1. Beneficiaries who are receiving treatment for end-stage renal disease following the first 30 months such beneficiaries are entitled to end-stage renal disease benefits under Medicare; and

2. Beneficiaries who are entitled to Medicare benefits as disabled persons; unless the beneficiaries have a current employment status, as determined by Medicare rules, through a group of 100 or more employees (according to OBRA legislation).

In cases where exceptions 1 or 2 apply, payment will be determined according to the provisions in the section entitled COORDINATION OF BENEFITS and the provision “Coordinating Benefits With Medicare”, below.

Coordinating Benefits With Medicare. In general, when Medicare is the primary payor according to federal law, Medicare must provide benefits first to any services that are covered both by Medicare and under this plan. For any given claim, the combination of benefits provided by Medicare and under this plan will not exceed the maximum allowed amount for the covered services.

Except when federal law requires us to be the primary payer, the benefits under this plan for members age 65 and older, or for members who are otherwise eligible for Medicare (such as due to a disability or receiving treatment for end-stage renal disease), will not duplicate any benefit for which members are entitled under Medicare, including Medicare Part B. Where Medicare is the responsible primary payer, all sums payable by Medicare for services provided to you shall be reimbursed by or on your behalf to the claims administrator, to the extent the claims administrator has made primary payment for such services. If you do not enroll in Medicare Part B when you are eligible, you may have large out-of-pocket costs. Please refer to Medicare.gov for more details on when you should enroll, and when you are allowed to delay enrollment without penalties.
UTILIZATION REVIEW PROGRAM

Your plan includes the process of utilization review to decide when services are medically necessary or experimental / investigative as those terms are defined in this booklet. Utilization review aids the delivery of cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed.

REVIEWING WHERE SERVICES ARE PROVIDED

A service must be medically necessary to be a covered service. When level of care, setting or place of service is reviewed, services that can be safely given to you in a lower level of care or lower cost setting / place of care, will not be medically necessary if they are given in a higher level of care, or higher cost setting / place of care. This means that a request for a service may be denied because it is not medically necessary for the service to be provided where it is being requested. When this happens the service can be requested again in another place and will be reviewed again for medical necessity. At times a different provider or facility may need to be used in order for the service to be considered medically necessary. Examples include, but are not limited to:

- A service may be denied on an inpatient basis at a hospital but may be approvable if provided on an outpatient basis at a hospital.
- A service may be denied on an outpatient basis at a hospital but may be approvable at a free standing imaging center, infusion center, ambulatory surgery center, or in a physician’s office.
- A service may be denied at a skilled nursing facility but may be approvable in a home setting.

Utilization review criteria will be based on many sources including medical policy and clinical guidelines. The claims administrator may decide that a treatment that was asked for is not medically necessary if a clinically equivalent treatment that is more cost-effective is available and appropriate. “Clinically equivalent” means treatments that for most members, will give you similar results for a disease or condition.

If you have any questions about the utilization review process, the medical policies or clinical guidelines, you may call the Member Services phone number on the back of your ID card.

Coverage for or payment of the service or treatment reviewed is not guaranteed. For benefits to be covered, on the date you get service:

1. You must be eligible for benefits;
2. The service or supply must be a covered service under your plan;
3. The service cannot be subject to an exclusion under your plan (please see MEDICAL CARE THAT IS NOT COVERED for more information); and

4. You must not have exceeded any applicable limits under your plan.

**TYPES OF REVIEWS**

- **Pre-service Review** – A review of a service, treatment or admission for a coverage determination which is done before the service or treatment begins or admission date.
  
  - **Precertification** – A required pre-service review for a benefit coverage determination for a service or treatment. Certain services require precertification in order for you to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of medical necessity or is *experimental / investigative* as those terms are defined in this booklet.

  For admissions following an *emergency*, you, your authorized representative or *physician* must tell the *claims administrator* within 24 hours of the admission or as soon as possible within a reasonable period of time.

  For childbirth admissions, precertification is not needed for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require precertification.

  For inpatient *hospital* stays for mastectomy surgery, including the length of *hospital* stays associated with mastectomy, precertification is not needed.

- **Continued Stay / Concurrent Review** – A utilization review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a facility or course of treatment.

  - Both pre-service and continued stay / concurrent reviews may be considered urgent when, in the view of the treating provider or any *physician* with knowledge of your medical condition, without such care or treatment, your life or health or your ability to regain maximum function could be seriously threatened or you could be subjected to severe pain that cannot be adequately managed without such care or treatment. Urgent reviews are conducted under a shorter timeframe than standard reviews.
• **Post-service Review** – A review of a service, treatment or admission for a benefit coverage that is conducted after the service has been provided. Post-service reviews are performed when a service, treatment or admission did not need a precertification, or when a needed precertification was not obtained. Post-service reviews are done for a service, treatment or admission in which the plan has a related clinical coverage guideline and are typically initiated by the claims administrator.

Services for which precertification is required (i.e., services that need to be reviewed by the claims administrator to determine whether they are medically necessary) include, but are not limited to, the following:

• Scheduled, non-emergency inpatient hospital stays and residential treatment center admissions, including detoxification and rehabilitation.

**Exceptions:** Pre-service review is not required for inpatient hospital stays for the following services:

♦ Maternity care of 48 hours or less following a normal delivery or 96 hours or less following a cesarean section, and

♦ Mastectomy and lymph node dissection.

• Specific non-emergency outpatient services, including diagnostic treatment, genetic tests and other services.

• Surgical procedures, wherever performed.

• Transplant services, including transplant travel expense. The following criteria must be met for certain transplants, as follows:

♦ For bone, skin or cornea transplants, if the physicians on the surgical team and the facility in which the transplant is to take place are approved for the transplant requested.

♦ For transplantation of heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney or bone marrow/stem cell and similar procedures, if the providers of the related preoperative and postoperative services are approved and the transplant will be performed at a Centers of Medical Excellence (CME) or a Blue Distinction Centers for Specialty Care (BDCSC) facility.

• Air ambulance in a non-medical emergency.

• Visits for physical therapy, physical medicine and occupational therapy beyond those described under the “Physical Therapy, Physical Medicine and Occupational Therapy” provision of YOUR
MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED. A specified number of additional visits may be authorized. While there is no limit on the number of covered visits for medically necessary physical therapy, physical medicine, and occupational therapy, additional visits in excess of the stated number of visits must be authorized in advance.

- Visits for chiropractic services beyond those described under the "Physical Therapy, Physical Medicine and Occupational Therapy" provision of YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED. A specified number of additional visits may be authorized. While there is no limit on the number of covered visits for medically necessary physical therapy, physical medicine, occupational therapy, and chiropractic services additional visits in excess of the stated number of visits must be authorized in advance.

- Specific durable medical equipment.

- Infusion therapy or home infusion therapy, if the attending physician has submitted both a prescription and a plan of treatment before services are rendered.

- Home health care. The following criteria must be met:
  - The services can be safely provided in your home, as certified by your attending physician;
  - Your attending physician manages and directs your medical care at home; and
  - Your attending physician has established a definitive treatment plan which must be consistent with your medical needs and lists the services to be provided by the home health agency.

- Admissions to a skilled nursing facility if you require daily skilled nursing or rehabilitation, as certified by your attending physician.

- Bariatric surgical services, such as gastric bypass and other surgical procedures for weight loss, including bariatric travel expense, if:
  - The services are to be performed for the treatment of morbid obesity;
  - The physicians on the surgical team and the facility in which the surgical procedure is to take place are approved for the surgical procedure requested; and
• The bariatric surgical procedure will be performed at a BDCSC facility.

• Advanced imaging procedures, including but not limited to: Magnetic Resonance Imaging (MRI), Computerized Tomography (CT scan), Positron Emission Tomography (PET scan), Magnetic Resonance Spectroscopy (MRS scan), Magnetic Resonance Angiogram (MRA scan), Echocardiography, and Nuclear Cardiac Imaging. You may call the toll-free Member Services telephone number on your identification card to find out if an imaging procedure requires pre-service review.

• Behavioral health treatment for pervasive developmental disorder or autism, as specified in the section BENEFITS FOR PERVERSIVE DEVELOPMENTAL DISORDER OR AUTISM.

• All interventional spine pain, elective hip, knee, and shoulder arthroscopic/open sports medicine, and outpatient spine surgery procedures must be authorized in advance.

• Prescription drugs that require prior authorization as described under the “Prescription Drugs Obtained from or Administered by a Medical Provider” provision of YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED.

• Partial hospitalization, intensive outpatient programs, transcranial magnetic stimulation (TMS).

• Transgender services, including transgender travel expense, as specified under the “Transgender Services” provision of YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED. You must be diagnosed with gender identity disorder or gender dysphoria by a physician.

For a list of current procedures requiring precertification, please call the toll-free number for Member Services printed on your Identification Card.

**WHO IS RESPONSIBLE FOR PRECERTIFICATION?**

Typically, participating providers know which services need precertification and will get any precertification when needed. Your physician and other participating providers have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering provider, hospital or attending physician ("requesting provider") will get in touch with the claims administrator to ask for a precertification. However, you may request a precertification or you may choose an authorized representative to act on your behalf for a specific request.
The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for precertification and under what circumstances.

HOW DECISIONS ARE MADE

The claims administrator uses clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make medical necessity decisions. This includes decisions about prescription drugs as detailed in the section “Prescription Drugs Obtained From Or Administered By a Medical Provider.” Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. The claims administrator reserves the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning your request. To ask for this information, call the precertification phone number on the back of your identification card.

If you are not satisfied with the plan’s decision under this section of your benefits, you may call the Member Services phone number on the back of your Identification Card to find out what rights may be available to you.

DECISION AND NOTICE REQUIREMENTS

The claims administrator will review requests for medical necessity according to the timeframes listed below. The timeframes and requirements listed are based on state and federal laws. Where state laws are stricter than federal laws, the plan will follow state laws. If you live in and/or get services in a state other than the state where your plan was issued, other state-specific requirements may apply. You may call the phone number on the back of your identification card for more details.

If more information is needed to make a decision, the **claims administrator** will tell the requesting **physician** of the specific information needed to finish the review. If the specific information needed is not received by the required timeframe identified in the written notice, a decision will be based upon the information we have.

The **claims administrator** will notify you and your **physician** of the plan’s decision as required by state and federal law. Notice may be given by one or more of the following methods: verbal, written and/or electronic.

For a copy of the medical necessity review process, please contact Member Services at the telephone number on the back of your Identification Card.

**Revoking or modifying a Precertification Review decision.** The **claims administrator** will determine **in advance** whether certain services (including procedures and admissions) are **medically necessary** and are the appropriate length of stay, if applicable. These review decisions may be revoked or modified prior to the service being rendered for reasons including but not limited to the following:

- Your coverage under this **plan** ends;
The agreement with the plan administrator terminates;

You reach a benefit maximum that applies to the service in question;

Your benefits under the plan change so that the service is no longer covered or is covered in a different way.

HEALTH PLAN INDIVIDUAL CASE MANAGEMENT

The health plan individual case management program enables the claims administrator to assist you to obtain medically appropriate care in a more economical, cost-effective and coordinated manner during prolonged periods of intensive medical care. Through a case manager, the claims administrator will discuss possible options for an alternative plan of treatment which may include services not covered under this plan. It is not your right to receive individual case management, nor does the claims administrator have an obligation to provide it; the claims administrator provides these services at their sole and absolute discretion.

HOW HEALTH PLAN INDIVIDUAL CASE MANAGEMENT WORKS

The health plan individual case management program (Case Management) helps coordinate services for members with health care needs due to serious, complex, and/or chronic health conditions. The programs coordinate benefits and educate members who agree to take part in the Case Management program to help meet their health-related needs.

The Case Management programs are confidential and voluntary, and are made available at no extra cost to you. These programs are provided by, or on behalf of and at the request of, your health plan case management staff. These Case Management programs are separate from any covered services you are receiving.

If you meet program criteria and agree to take part, then claims administrator will help you meet your identified health care needs. This is reached through contact and team work with you and/or your chosen authorized representative, treating physicians, and other providers.

In addition, the claims administrator may assist in coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.

A decision will be made case-by-case, if in the claims administrator’s discretion, the alternate or extended benefit is in the best interest for you and the plan and you or your authorized representative agree to the alternate or extended benefit in writing.
Alternative Treatment Plan. In certain cases of severe or chronic illness or injury, the plan may provide benefits for alternate care that is not listed as a covered service. The claims administrator may also extend services beyond the benefit maximums of this plan. A decision will be made on a case-by-case basis by the claims administrator if it determines in its sole discretion that the alternate or extended benefit is in the best interest for you and the plan and you or your authorized representative agree to the alternate or extended benefit in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate us to provide the same benefits again to you or to any other member. The claims administrator reserves the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, the claims administrator will notify you or your authorized representative in writing.

EXCEPTIONS TO THE UTILIZATION REVIEW PROGRAM

From time to time, the claims administrator may waive, enhance, modify, or discontinue certain medical management processes (including utilization management, case management, and disease management) if, in their discretion, such a change furthers the provision of cost effective, value based and quality services. In addition, the claims administrator may select certain qualifying health care providers to participate in a program or a provider arrangement that exempts them from certain procedural or medical management processes that would otherwise apply. The claims administrator may also exempt claims from medical review if certain conditions apply.

If the claims administrator exempts a process, health care provider, or claim from the standards that would otherwise apply, the claims administrator is in no way obligated to do so in the future, or to do so for any other health care provider, claim, or member. The claims administrator may stop or modify any such exemption with or without advance notice.

The claims administrator also may identify certain providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a provider is selected under this program, then the claims administrator may use one or more clinical utilization management guidelines in the review of claims submitted by this provider, even if those guidelines are not used for all providers delivering services to this plan’s members.

You may determine whether a health care provider participates in certain programs or a provider arrangement by checking the claims administrator’s online provider directory on the website at www.anthem.com/ca or by calling the Member Services telephone number listed on your ID card.
**Acute Care at Home Programs**

The *claims administrator* has programs available that offer acute care to *members* where they live as an alternative to staying in a facility, when the *member’s* condition and the covered services to be delivered, are appropriate for the home setting. We refer to these programs as Acute Care at Home Programs. These programs provide care for active, short-term treatment of a severe injury or episode of illness, an urgent medical condition, or during recovery from surgery. Acute care services are generally delivered by teams of health care *doctors* from a range of medical and surgical specialties. The Acute Care at Home Programs are separate from our Home Health Care benefit, are only available in certain service areas, and are only provided if the *member’s* home meets accessibility requirements.

Covered services provided by Acute Care at Home Programs may include *physician* services (either in-person or via telemedicine), diagnostic services, surgery, home care services, home infusion therapy, *prescription drugs* administered by a *doctor*, therapy services, and follow-up care in the community. *Prescription drugs* at a *retail pharmacy* or mail order are not included in these programs. Benefits for those *drugs* are described under the “Your Prescription Drug Benefits” section. Acute Care at Home Programs may also include services required to set up telemedicine technology for in-home patient monitoring, and may include coverage for meals.

*Members* who qualify for these programs will be contacted by our *physician*, who will discuss how treatment will be structured, and what costs may be required for the services. Benefit limits that might otherwise apply to outpatient or home care services, (e.g., home care visits, physical therapy, etc.), may not apply to these programs.

Your participation in these programs is voluntary. If you choose to participate, your *physician* will discuss the length of time that benefits are available under the program (e.g., the Acute Care at Home Benefit Period) when you enroll. The Acute Care at Home Benefit Period typically begins on the date your Acute Care at Home Provider sets up services in your home, and lasts until the date you are discharged from the program.

Any covered services received before or after the Acute Care at Home Benefit Period will be covered according to the other benefits of this *plan*. 
HOW COVERAGE BEGINS AND ENDS

HOW COVERAGE BEGINS

ELIGIBLE STATUS

You are eligible to enroll for medical coverage benefits if you are a regular full-time Employee who is scheduled to work more than 30 hours per week. You are also eligible to enroll if you are a Branch Campus Assistant Director, Branch Campus Librarian, Branch Campus Library Assistant, or a staff member participating in the USF Voluntary Reduction in Time (VRT) Program scheduled to work at least 20 hours per week. In addition, you are eligible if you are a Jesuit member of the USF Jesuit Community or an otherwise eligible employee of the Fromm Institute, Loyola House, or St. Ignatius Church. You may also be eligible for continued coverage as may be provided under the terms of a severance or separation agreement. If you are a retired employee at least 60 years of age but less than 65 years of age and not eligible for Medicare, and you have at least ten (10) consecutive years of full-time employment with USF immediately prior to your retirement, you are eligible to continue participation in the health plans, dental plan, vision plan and long term care insurance plan ONLY. Early retirees are solely responsible for payment of all premiums due for their coverage. You may also be eligible for medical benefits for a limited period of time if you are an approved participant in the Phased-in Retirement Program for Law School Faculty. For specific information about your employer’s eligibility rules for coverage, please contact your Human Resources or Benefits Department.

Your eligible Dependents may also participate in the Plan(s), as applicable. An eligible Dependent is considered to be:

- your Spouse as recognized under state or federal law. This includes same sex spouses when legally married in a state that recognizes same sex marriages or Registered Domestic Partner (RDP), or your Legally Domiciled Adult (LDA) enrolled as of December 31, 2011;

- your or your Spouse's, RDP's or grandfathered LDA's child who is under age 26 and who does not have separate health coverage available from his or her employer
  - including a natural child, stepchild, a legally adopted child, a child placed for adoption or a child for whom you or your Spouse are the legal guardian; or

- an unmarried child who is primarily dependent on you or your Spouse, RDP or LDA for financial support and has a mental or physical disability that began before age 26 (please refer to the section “Coverage for a Disabled Child”).
A Dependent also includes a child for whom health care coverage is required through a Qualified Medical Child Support Order or other equivalent court or administrative order.

**Note:** Your Dependents may not enroll in the Plan unless you are also enrolled.

Your Spouse is defined as the individual you're legally married to under the laws of the state in which you live.

A Registered Domestic Partner (RDP) is defined as set forth in California Family Code Section 297.

Domestic Partners as described above shall file a Declaration of Domestic Partnership with the California Secretary of State and submit to the University a Certificate of Registered Domestic Partnership in order to establish eligible dependent status under the terms of this Plan.

For employees who have enrolled a Legally Domiciled Adult (LDA) for coverage on or before December 31, 2011, the LDA will be eligible to continue his or her participation in the Plan as a dependent after January 1, 2012 for as long as he or she remains otherwise eligible pursuant to the eligibility criteria applicable to LDA’s in effect as of December 31, 2011. No new enrollment of an LDA will be permitted beginning January 1, 2012. Any LDA who terminates coverage on or after January 1, 2012 will not be eligible to re-enroll for LDA coverage.

A Legally Domiciled Adult (LDA) is defined as an individual of the same or opposite sex with whom you have established a relationship as described below.

A Legally Domiciled Adult relationship is a relationship between an Employee and one other person of the same or opposite sex. Both persons must:

- not be so closely related that marriage would otherwise be prohibited in the State of California;
- not be legally married to, or the LDA of, another person under either statutory or common law;
- be at least 18 years old;
- live together in the same principal residence and share the common necessities of life;
- intend to remain each other’s sole LDA indefinitely; and,
not be receiving benefits from any other employer (however, an LDA who is receiving medical but not dental benefits from his or her employer is eligible for dental but not medical benefits from USF).

The Employee and LDA must jointly sign an affidavit of LDA status provided by the University upon request. Additional documentation may be required.

An LDA is also an adult, dependent parent or child of a participating employee, no longer otherwise eligible for benefits from the University’s benefit plans and living in the same primary residence as the employee and claimed as a tax dependent by the employee. Dependent children of these LDA’s are NOT eligible for coverage.

If you and your Spouse, RDP or LDA are both covered under a University health Plan, you may be enrolled as an Employee or be covered as a Dependent of the other person, but not both. In addition, if you and your Spouse, RDP or LDA are both covered as Employees under a University health Plan, only one parent may enroll your child as a Dependent. “Spouse,” “RDP,” “LDA” and “Child” do not include any person who is in active duty in the armed forces.

Note: If your Spouse is already enrolled in a USF welfare benefits plan, you cannot enroll an LDA in addition to your Spouse. Employees are allowed to enroll either one eligible Spouse or one eligible LDA.

Coverage for a Disabled Child

If an unmarried enrolled Dependent child with a mental or physical disability reaches age 26, the Plan will continue to cover the child as long as:

- the child is unable to be self-supporting due to a mental or physical disability;
- the child depends primarily on you for support (i.e., you provide at least 50% of his or her financial support);
- you provide to The University of San Francisco proof of the child's incapacity and dependency within 31 days of the date coverage would have otherwise ended because the child reached age 26; and
- you provide proof, upon The University of San Francisco's request, that the child continues to meet these conditions.
The proof might include medical examinations at The University of San Francisco’s expense. However, you will not be asked for this information more than once a year. If you do not supply such proof within 31 days of request, the Plan will no longer pay Benefits for that child. The definition of disability will be as set forth under the Americans with Disabilities Act (ADA) regulations.

Coverage will continue for as long as the enrolled Dependent is incapacitated and dependent upon you, unless coverage is otherwise terminated in accordance with the terms of the Plan.

ELIGIBILITY DATE

1. For subscribers, you become eligible for coverage in accordance with rules established by your employer. For specific information about your employer’s eligibility rules for coverage, please contact your Human Resources or Benefits Department.

2. For dependents, you become eligible for coverage on the later of: (a) the date the subscriber becomes eligible for coverage; or, (b) the date you meet the dependent definition.

Exception to the Waiting Period

If, after you become covered under this plan, you cease to be eligible due to termination of employment, and you return to an eligible status based on your employer’s eligibility rules, you will become eligible to re-enroll for coverage on the first day of the month following the date you return.

ENROLLMENT

To enroll as a subscriber, or to enroll dependents, the subscriber must properly file an application. An application is considered properly filed only if it is personally signed, dated, and given to the plan administrator within 31 days from your eligibility date. The claims administrator must receive this application within 90 days. If any of these steps are not followed, your coverage may be denied.
EFFECTIVE DATE

Your effective date of coverage is subject to the timely payment of required monthly contributions. The date you become covered is determined as follows:

1. **Timely Enrollment:** If you enroll for coverage before, on, or within 31 days after your eligibility date, then your coverage will begin as follows: (a) for *subscribers*, on your eligibility date; and (b) for *dependents*, on the later of (i) the date the *subscriber’s* coverage begins, or (ii) the first day of the month after the *dependent* becomes eligible. If you become eligible before the *plan* takes effect, coverage begins on the effective date of the *plan*, provided the enrollment application is on time and in order.

2. **Late Enrollment:** If you do not enroll within 31 days of your eligibility date, you must wait until the next Open Enrollment Period to enroll.

3. **Disenrollment:** If you voluntarily choose to disenroll from coverage under this *plan*, you will be eligible to reapply for coverage as set forth in the “Enrollment” provision above, during the next Open Enrollment period (see OPEN ENROLLMENT PERIOD).

For late enrollees and disenrollees: You may enroll earlier than the next Open Enrollment Period if you meet any of the conditions listed under SPECIAL ENROLLMENT PERIODS.

**Important Note for Newborn and Newly-Adopted Children.** If the *subscriber* (or *spouse*, if the *spouse* is enrolled) is already covered: (1) any *child* born to the *subscriber or spouse* will be covered from the moment of birth; and (2) any *child* being adopted by the *subscriber or spouse* will be covered from the date on which either: (a) the adoptive *child’s* birth parent, or other appropriate legal authority, signs a written document granting the *subscriber or spouse* the right to control the health care of the *child* (in the absence of a written document, other evidence of the *subscriber’s or spouse’s* right to control the health care of the *child* may be used); or (b) the *subscriber or spouse* assumed a legal obligation for full or partial financial responsibility for the *child* in anticipation of the *child’s* adoption. The written document referred to above includes, but is not limited to, a health facility minor release report, a medical authorization form, or relinquishment form.

In both cases, coverage will be in effect for 31 days. For coverage to continue beyond this 31-day period, the *subscriber* must enroll the *child* within the 31-day period by submitting a membership change form to the *plan administrator*.  

118
Special Enrollment Periods

You may enroll without waiting for the plan administrator’s next open enrollment period if you are otherwise eligible under any one of the circumstances set forth below:

1. You have met all of the following requirements:
   a. You were covered as an individual or dependent under either:
      i. Another employer group health plan or health insurance coverage, including coverage under a COBRA or CalCOBRA continuation; or
      ii. A state Medicaid plan or under a state child health insurance program (SCHIP), including the Healthy Families Program or the Access for Infants and Mothers (AIM) Program.
   b. You certified in writing at the time you became eligible for coverage under this plan that you were declining coverage under this plan or disenrolling because you were covered under another health plan as stated above and you were given written notice that if you choose to enroll later, you may be required to wait until the plan administrator’s next open enrollment period to do so.
   c. Your coverage under the other health plan that covered you as an individual or dependent ended as follows:
      i. If the other health plan was another employer group health plan or health insurance coverage, including coverage under a COBRA or CalCOBRA continuation, coverage ended because you lost eligibility under the other plan, your coverage under a COBRA or CalCOBRA continuation was exhausted, or employer contributions toward coverage under the other plan terminated. You must properly file an application with the plan administrator within 31 days after the date your coverage ends or the date employer contributions toward coverage under the other plan terminate.

Loss of eligibility for coverage under an employer group health plan or health insurance includes loss of eligibility due to termination of employment or change in employment status, reduction in the number of hours worked, loss of dependent status under the terms of the plan, termination of the other plan, legal separation, divorce, death of the person through whom you were covered, and any loss of eligibility for coverage after a period of time that is measured by reference to any of the foregoing.
ii. If the other health plan was a state Medicaid plan or a state child health insurance program (SCHIP), including the Healthy Families Program or the Access for Infants and Mothers (AIM) Program, coverage ended because you lost eligibility under the program. You must properly file an application with the plan administrator within 60 days after the date your coverage ended.

2. A court has ordered coverage be provided for a spouse, domestic partner or dependent child under your employee health plan and an application is filed within 31 days from the date the court order is issued.

3. The claims administrator does not have a written statement from the plan administrator stating that prior to declining coverage or disenrolling, you received and signed acknowledgment of a written notice specifying that if you do not enroll for coverage within 31 days after your eligibility date, or if you disenroll, and later file an enrollment application, your coverage may not begin until the first day of the month following the end of the plan administrator’s next open enrollment period.

4. You have a change in family status through either marriage or domestic partnership, or the birth, adoption, or placement for adoption of a child:
   a. If you are enrolling following marriage or domestic partnership, you and your new spouse or domestic partner must enroll within 31 days of the date of marriage or domestic partnership. Your new spouse or domestic partner’s children may also enroll at that time. Other children may not enroll at that time unless they qualify under another of these circumstances listed above.
   b. If you are enrolling following the birth, adoption, or placement for adoption of a child, your spouse (if you are already married) or domestic partner, who is eligible but not enrolled, may also enroll at that time. Other children may not enroll at that time unless they qualify under another of these circumstances listed above. Application must be made within 31 days of the birth or date of adoption or placement for adoption.

5. You meet or exceed a lifetime limit on all benefits under another health plan. Application must be made within 31 days of the date a claim or a portion of a claim is denied due to your meeting or exceeding the lifetime limit on all benefits under the other plan.
6. You become eligible for assistance, with respect to the cost of coverage under the employer’s group plan, under a state Medicaid or SCHIP health plan, including any waiver or demonstration project conducted under or in relation to these plans. You must properly file an application with the plan administrator within 60 days after the date you are determined to be eligible for this assistance.

7. You are an employee who is a reservist as defined by state or federal law, who terminated coverage as a result of being ordered to military service as defined under state or federal law, and apply for reinstatement of coverage following reemployment with your employer. Your coverage will be reinstated without any waiting period. The coverage of any dependents whose coverage was also terminated will also be reinstated. For dependents, this applies only to dependents who were covered under the plan and whose coverage terminated when the employee’s coverage terminated. Other dependents who were not covered may not enroll at this time unless they qualify under another of the circumstances listed above.

Effective date of coverage. For enrollments during a special enrollment period as described above, coverage will be effective on the first day of the month following the date you file the enrollment application, except as specified below:

1. If a court has ordered that coverage be provided for a dependent child, coverage will become effective for that child on the earlier of (a) the first day of the month following the date you file the enrollment application or (b) within 30 days after a copy of the court order is received or of a request from the district attorney, either parent or the person having custody of the child, or the employer.

2. For enrollments following the birth, adoption, or placement for adoption of a child, coverage will be effective as of the date of birth, adoption, or placement for adoption.

3. For reservists and their dependents applying for reinstatement of coverage following reemployment with the employer, coverage will be effective as of the date of reemployment.
OPEN ENROLLMENT PERIOD

There is an open enrollment period once each year. This period of time is determined by agreement between BC Life and the University of San Francisco. During that time, an individual who meets the eligibility requirements as a subscriber under this plan may enroll. A subscriber may also enroll any eligible dependents at that time. Persons eligible to enroll as dependents may enroll only under the subscriber’s plan.

For anyone so enrolling, coverage under this plan will begin on the first day of the month following the end of the Open Enrollment Period. Coverage under the former plan ends when coverage under this plan begins.

HOW COVERAGE ENDS

Your coverage ends without notice as provided below:

1. If the plan terminates, your coverage ends at the same time. This plan may be canceled or changed without notice to you.

2. If the plan no longer provides coverage for the class of beneficiaries to which you belong, your coverage ends on the effective date of that change. If this plan is amended to delete coverage for dependents, a dependent’s coverage ends on the effective date of that change.

3. Coverage for dependents ends when subscriber’s coverage ends.

4. Coverage ends at the end of the period for which the required monthly contribution has been paid on your behalf when the required monthly contribution for the next period is not paid.

5. If you voluntarily cancel coverage at any time, coverage ends on the due date for the required monthly contribution coinciding with or following the date of voluntary cancellation which you provide to us.

6. If you no longer meet the requirements set forth in the “Eligible Status” provision of HOW COVERAGE BEGINS, your coverage ends as of the due date for the required monthly contribution coinciding with or following the date you cease to meet such requirements.
Exceptions to item 6:

a. **Leave of Absence.** If you are a *subscriber* and the required monthly contributions are paid, your coverage may continue for up to six months (other than a member of the faculty) during an approved leave of absence. If you are a member of the faculty, your coverage may continue for up to one (1) year. If you are a union member, please consult your collective bargaining agreement for information relating to continuation of coverage during leaves of absence. This time period may be extended if required by law.

b. **Handicapped Children:** If a *child* reaches the age limits shown in the "Eligible Status" provision of this section, the *child* will continue to qualify as a *dependent* if he or she is (i) covered under this *plan*, (ii) unmarried, (iii) still financially dependent on the *subscriber* or *spouse*, and (iv) incapable of self-sustaining employment due to a physical handicap or mental retardation. A *physician* must certify this disability in writing. The *plan administrator* must receive the certification, within 31 days of the date the *child* otherwise becomes ineligible. When a period of two years has passed, the *plan administrator* may request proof of continuing dependency and disability, but not more often than once each year. This exception will last until the *child* is no longer handicapped or dependent on the *subscriber* or *spouse* for financial support. A *child* is considered financially dependent if he or she qualifies as a dependent for federal income tax purposes.

You may be entitled to continued benefits under terms which are specified elsewhere under CONTINUATION OF COVERAGE, CALCOBRA CONTINUATION OF COVERAGE, and EXTENSION OF BENEFITS.
CONTINUATION OF COVERAGE

Most employers who employ 20 or more people on a typical business day are subject to The Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). If the employer who provides coverage under the plan is subject to the federal law which governs this provision (Title X of P. L. 99-272), you may be entitled to continuation of coverage. Check with your plan administrator for details.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will appear in capital letters. When you see these capitalized words, you should refer to this “Definitions” provision.

Initial Enrollment Period is the period of time following the original Qualifying Event, as indicated in the “Terms of COBRA Continuation” provisions below.

Qualified Member means: (a) a person enrolled for this COBRA continuation coverage who, on the day before the Qualifying Event, was covered under this plan as either a subscriber or dependent; and (b) a child who is born to or placed for adoption with the subscriber during the COBRA continuation period. Qualified Member does not include any person who was not enrolled during the Initial Enrollment Period, including any dependents acquired during the COBRA continuation period, with the exception of newborns and adoptees as specified above. It does not include domestic partners if they are eligible under HOW COVERAGE BEGINS AND ENDS.

Qualifying Event means any one of the following circumstances which would otherwise result in the termination of your coverage under the plan. The events will be referred to throughout this section by number.

1. For Subscribers and Dependents:
   a. The subscriber's termination of employment, for any reason other than gross misconduct; or
   b. Loss of coverage under an employer's health plan due to a reduction in the subscriber's work hours.

2. For Retired Subscribers and their Dependents. Cancellation or a substantial reduction of retiree benefits under the plan due to the plan's filing for Chapter 11 bankruptcy, provided that:
   a. The plan expressly includes coverage for retirees; and
b. Such cancellation or reduction of benefits occurs within one year before or after the plan's filing for bankruptcy.

3. For Dependents:
   a. The death of the subscriber;
   b. The spouse’s divorce or legal separation from the subscriber;
   c. The end of a child’s status as a dependent child, as defined by the plan; or
   d. The subscriber’s entitlement to Medicare.

ELIGIBILITY FOR COBRA CONTINUATION

A subscriber or dependent may choose to continue coverage under the plan if his or her coverage would otherwise end for a Qualifying Event.

TERMS OF COBRA CONTINUATION

Notice. We will notify either the subscriber or dependent of the right to continue coverage under COBRA, as provided below:

1. For Qualifying Events 1, or 2, the plan administrator will notify the subscriber of the right to continue coverage.
2. For Qualifying Events 3(a) or 3(d) above, a dependent will be notified of the COBRA continuation right.
3. You must inform the plan administrator within 60 days of Qualifying Events 3(b) or 3(c) above if you wish to continue coverage. The plan administrator in turn will promptly give you official notice of the COBRA continuation right.

If you choose to continue coverage you must notify the plan administrator within 60 days of the date you receive notice of your COBRA continuation right. The COBRA continuation coverage may be chosen for all beneficiaries within a family, or only for selected beneficiaries.

If you fail to elect the COBRA continuation during the Initial Enrollment Period, you may not elect the COBRA continuation at a later date.

Notice of continued coverage, along with the initial required monthly contribution, must be delivered to us within 45 days after you elect COBRA continuation coverage.

Additional Dependents. A spouse or child acquired during the COBRA continuation period is eligible to be enrolled as a dependent. The standard enrollment provisions of the plan apply to enrollees during the COBRA continuation period.
Cost of Coverage. You may be required to pay the entire cost of your COBRA continuation coverage. This cost, called the “required monthly contribution”, must be remitted to the plan administrator each month during the COBRA continuation period.

Besides applying to the subscriber, the subscriber’s rate also applies to:

1. A spouse whose COBRA continuation began due to divorce, separation or death of the subscriber;

2. A child if neither the subscriber nor the spouse has enrolled for this COBRA continuation coverage (if more than one child is so enrolled, the required monthly contribution will be the two-party or three-party rate depending on the number of children enrolled); and

3. A child whose COBRA continuation began due to the person no longer meeting the dependent child definition.

Subsequent Qualifying Events. Once covered under the COBRA continuation, it’s possible for a second Qualifying Event to occur. If that happens, a subscriber or dependent, who is a Qualified Member, may be entitled to an extended COBRA continuation period. This period will in no event continue beyond 36 months from the date of the first qualifying event.

For example, a child may have been originally eligible for this COBRA continuation due to termination of the subscriber’s employment, and enrolled for this COBRA continuation as a Qualified Member. If, during the COBRA continuation period, the child reaches the upper age limit of the plan, the child is eligible for an extended continuation period which would end no later than 36 months from the date of the original Qualifying Event (the termination of employment).

When COBRA Continuation Coverage Begins. When COBRA continuation coverage is elected during the Initial Enrollment Period and the required monthly contribution is paid, coverage is reinstated back to the date of the original Qualifying Event, so that no break in coverage occurs.

For dependents properly enrolled during the COBRA continuation, coverage begins according to the enrollment provisions of the plan.

When the COBRA Continuation Ends. This COBRA continuation will end on the earliest of:

1. The end of 18 months from the Qualifying Event, if the Qualifying Event was termination of employment or reduction in work hours;*
2. The end of 36 months from the Qualifying Event, if the Qualifying Event was the death of the subscriber, divorce or legal separation, or the end of dependent child status;*

3. The end of 36 months from the date the subscriber became entitled to Medicare, if the Qualifying Event was the subscriber's entitlement to Medicare. If entitlement to Medicare does not result in coverage terminating and Qualifying Event 1 occurs within 18 months after Medicare entitlement, coverage for Qualified Beneficiaries other than the subscriber will end 36 months from the date the subscriber became entitled to Medicare;

4. The date the plan terminates;

5. The end of the period for which required monthly contributions are last paid;

6. The date, following the election of COBRA, the member first becomes covered under any other group health plan; or

7. The date, following the election of COBRA, the member first becomes entitled to Medicare. However, entitlement to Medicare will not preclude a person from continuing coverage which the person became eligible for due to Qualifying Event 2.

*For a member whose COBRA continuation coverage began under a prior plan, this term will be dated from the time of the Qualifying Event under that prior plan. Additional note: If COBRA continuation under this plan began on or after January 1, 2003 and ends in accordance with item 1, the member may further elect to continue coverage for medical benefits only under CalCOBRA for the balance of 36 months (COBRA and CalCOBRA combined). All COBRA eligibility must be exhausted before the member is eligible to further continue coverage under CalCOBRA. Please see CALCObRA CONTINUATION OF COVERAGE in this booklet for more information.

Subject to the plan remaining in effect, a retired subscriber whose COBRA continuation coverage began due to Qualifying Event 2 may be covered for the remainder of his or her life; that person's covered dependents may continue coverage for 36 months after the subscriber's death. But coverage could terminate prior to such time for either the subscriber or dependent in accordance with items 4, 5 or 6 above.

Other Coverage Options Besides COBRA Continuation Coverage. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through the conditions listed under the SPECIAL ENROLLMENT PERIODS provision. Some of these options may cost less
than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

EXTENSION OF CONTINUATION DURING TOTAL DISABILITY

If at the time of termination of employment or reduction in hours, or at any time during the first 60 days of the COBRA continuation, a Qualified Member is determined to be disabled for Social Security purposes, all covered beneficiaries may be entitled to up to 29 months of continuation coverage after the original Qualifying Event.

Eligibility for Extension. To continue coverage for up to 29 months from the date of the original Qualifying Event, the disabled member must:

1. Satisfy the legal requirements for being totally and permanently disabled under the Social Security Act; and
2. Be determined and certified to be so disabled by the Social Security Administration.

Notice. The member must furnish the plan administrator with proof of the Social Security Administration's determination of disability during the first 18 months of the COBRA continuation period and no later than 60 days after the later of the following events:

1. The date of the Social Security Administration's determination of the disability;
2. The date on which the original Qualifying Event occurs;
3. The date on which the Qualified Member loses coverage; or
4. The date on which the Qualified Member is informed of the obligation to provide the disability notice.

Cost of Coverage. For the 19th through 29th months that the total disability continues, the plan administrator must remit the cost for the extended continuation coverage to us. This cost (called the "required monthly contribution") shall be subject to the following conditions:

1. If the disabled member continues coverage during this extension, this charge shall be 150% of the applicable rate for the length of time the disabled member remains covered, depending upon the number of covered dependents. If the disabled member does not continue coverage during this extension, this charge shall remain at 102% of the applicable rate.
2. The cost for extended continuation coverage must be remitted to us by the plan administrator each month during the period of extended continuation coverage. We must receive timely payment of the required monthly contribution each month from the plan administrator in order to maintain the extended continuation coverage in force.

3. The plan administrator may require that you pay the entire cost of the extended continuation coverage.

If a second Qualifying Event occurs during this extended continuation, the total COBRA continuation may continue for up to 36 months from the date of the first Qualifying Event. The required monthly contribution shall then be 150% of the applicable rate for the 19th through 36th months if the disabled member remains covered. The charge will be 102% of the applicable rate for any periods of time the disabled member is not covered following the 18th month.

When The Extension Ends. This extension will end at the earlier of:

1. The end of the month following a period of 30 days after the Social Security Administration's final determination that you are no longer totally disabled;

2. The end of 29 months from the Qualifying Event*;

3. The date the plan terminates;

4. The end of the period for which required monthly contributions are last paid;

5. The date, following the election of COBRA, the member first becomes covered under any other group health plan; or

6. The date, following the election of COBRA, the member first becomes entitled to Medicare. However, entitlement to Medicare will not preclude a person from continuing coverage which the person became eligible for due to Qualifying Event 2.

You must inform the plan administrator within 30 days of a final determination by the Social Security Administration that you are no longer totally disabled.

*Note: If your COBRA continuation under this plan began on or after January 1, 2003 and ends in accordance with item 2, you may further elect to continue coverage for medical benefits only under CalCOBRA for the balance of 36 months (COBRA and CalCOBRA combined). All COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA. Please see CALCOBRA CONTINUATION OF COVERAGE in this booklet for more information.
CALCOBRA CONTINUATION OF COVERAGE

If your continuation coverage under federal COBRA began on or after January 1, 2003, you have the option to further continue coverage under CalCOBRA for medical benefits only if your federal COBRA ended following:

1. 18 months after the qualifying event, if the qualifying event was termination of employment or reduction in work hours; or

2. 29 months after the qualifying event, if you qualified for the extension of COBRA continuation during total disability.

All federal COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA. You are not eligible to further continue coverage under CalCOBRA if you (a) are entitled to Medicare; (b) have other coverage or become covered under another group plan; or (c) are eligible for or covered under federal COBRA. Coverage under CalCOBRA is available for medical benefits only.

TERMS OF CALCOBRA CONTINUATION

Notice. Within 180 days prior to the date federal COBRA ends, the plan administrator will notify you of your right to further elect coverage under CalCOBRA. If you choose to elect CalCOBRA coverage, you must notify the plan administrator in writing within 60 days of the date your coverage under federal COBRA ends or when you are notified of your right to continue coverage under CalCOBRA, whichever is later.

Additional Dependents. A spouse or child acquired during the CalCOBRA continuation period is eligible to be enrolled as a dependent. The standard enrollment provisions of the plan apply to enrollees during the CalCOBRA continuation period.

Cost of Coverage. You may be required to pay the entire cost of your CalCOBRA continuation coverage (this is the “required monthly contribution”). This cost must be remitted to the plan administrator each month during the CalCOBRA continuation period. This cost will be:

1. 110% of the applicable rate if your coverage under federal COBRA ended after 18 months; or

2. 150% of the applicable rate if your coverage under federal COBRA ended after 29 months.
CalCOBRA Continuation Coverage Under the Prior Plan. If you were covered through CalCOBRA continuation under the prior plan, your coverage may continue under this plan for the balance of the continuation period. However your coverage shall terminate if you do not comply with the enrollment requirements and required monthly contribution payment requirements of this plan within 30 days of receiving notice that your continuation coverage under the prior plan will end.

When CalCOBRA Continuation Coverage Begins. When you elect CalCOBRA continuation coverage and pay the required monthly contribution, coverage is reinstated back to the date federal COBRA ended, so that no break in coverage occurs.

For dependents properly enrolled during the CalCOBRA continuation, coverage begins according to the enrollment provisions of the plan.

When the CalCOBRA Continuation Ends. This CalCOBRA continuation will end on the earliest of:

1. The date that is 36 months after the date of your qualifying event under federal COBRA*;
2. The date the plan terminates;
3. The end of the period for which the required monthly contribution is last paid;
4. The date you become covered under any other health plan;
5. The date you become entitled to Medicare; or
6. The date you become covered under a federal COBRA continuation.

CalCOBRA continuation will also end if you move out of the service area or if you commit fraud.

*If your CalCOBRA continuation coverage began under a prior plan, this term will be dated from the time of the qualifying event under that prior plan.
EXTENSION OF BENEFITS

If you are a totally disabled employee or a totally disabled dependent and under the treatment of a physician on the date of discontinuance of the plan, your benefits may be continued for treatment of the totally disabling condition. This extension of benefits is not available if you become covered under another group health plan that provides coverage without limitation for your disabling condition. Extension of benefits is subject to the following conditions:

1. If you are confined as an inpatient in a hospital or skilled nursing facility, you are considered totally disabled as long as the inpatient stay is medically necessary, and no written certification of the total disability is required. If you are discharged from the hospital or skilled nursing facility, you may continue your total disability benefits by submitting written certification by your physician of the total disability within 90 days of the date of your discharge. Thereafter, the claims administrator must receive proof of your continuing total disability at least once every 90 days while benefits are extended.

2. If you are not confined as an inpatient but wish to apply for total disability benefits, you must do so by submitting written certification by your physician of the total disability. We must receive this certification within 90 days of the date coverage ends under this plan. At least once every 90 days while benefits are extended, the claims administrator must receive proof that your total disability is continuing.

3. Your extension of benefits will end when any one of the following circumstances occurs:
   a. You are no longer totally disabled.
   b. You become covered under another group health plan that provides benefits without limitation for your disabling condition.
   c. A period of up to 12 months has passed since your extension began.
GENERAL PROVISIONS

Providing of Care. We are not responsible for providing any type of hospital, medical or similar care, nor are we responsible for the quality of any such care received.

Independent Contractors. The claims administrator’s relationship with providers is that of an independent contractor. Physicians, and other health care professionals, hospitals, skilled nursing facilities and other community agencies are not the claims administrator’s agents nor is claims administrator, or any of the employees of the claims administrator, an employee or agent of any hospital, medical group or medical care provider of any type.

Non-Regulation of Providers. The benefits of this plan do not regulate the amounts charged by providers of medical care, except to the extent that rates for covered services are regulated with participating providers.

Inter-Plan Arrangements

Out-of-Area Services

Overview. The claims administrator has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever you access healthcare services outside the geographic area we serve (the “Anthem Blue Cross Service Area”), the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of the Anthem Blue Cross Service Area, you will receive it from one of two kinds of providers. Most providers (“participating providers”) contract with the local Blue Cross and/or Blue Shield Plan in that geographic area (“Host Blue”). Some providers (“non-participating providers”) do not contract with the Host Blue. See below for an explanation of how both kinds of providers are paid.

Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are prescription drugs that you obtain from a pharmacy and most dental or vision benefits.
A. BlueCard® Program

Under the BlueCard® Program, when you receive covered services within the geographic area served by a Host Blue, the claims administrator will still fulfill the plan’s contractual obligations. But, the Host Blue is responsible for: (a) contracting with its providers; and (b) handling its interactions with those providers.

When you receive covered services outside the Anthem Blue Cross Service Area and the claim is processed through the BlueCard Program, the amount you pay is calculated based on the lower of:

- The billed charges for covered services; or
- The negotiated price that the Host Blue makes available to the claims administrator.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the provider. Sometimes, it is an estimated price that takes into account special arrangements with that provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price we used for your claim because they will not be applied after a claim has already been paid.

B. Negotiated (non-BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, Anthem Blue Cross may process your claims for covered services through Negotiated Arrangements for National Accounts.

The amount you pay for covered services under this arrangement will be calculated based on the lower of either billed charges for covered services or the negotiated price (refer to the description of negotiated price under Section A. BlueCard Program) made available to Anthem Blue Cross by the Host Blue.
C. Special Cases: Value-Based Programs

BlueCard® Program

If you receive covered services under a Value-Based Program inside a Host Blue’s Service Area, you will not be responsible for paying any of the provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to Anthem Blue Cross through average pricing or fee schedule adjustments. Additional information is available upon request.

Value-Based Programs: Negotiated (non-BlueCard Program) Arrangements

If Anthem Blue Cross has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the group on your behalf, Anthem Blue Cross will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

E. Non-participating Providers Outside Our Service Area

1. Allowed Amounts and Member Liability Calculation

When covered services are provided outside of Anthem Blue Cross’s Service Area by non-participating providers, the claims administrator may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable state or federal law. In these situations, the amount you pay for such services as deductible or co-payment will be based on that allowed amount. Also, you may be responsible for the difference between the amount that the non-participating provider bills and the payment the claims administrator will make for the covered services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network emergency services.
2. **Exceptions**

In certain situations, the claims administrator may use other pricing methods, such as billed charges or the pricing we would use if the healthcare services had been obtained within the Anthem Blue Cross Service Area, or a special negotiated price to determine the amount we will pay for services provided by non-participating providers. In these situations, you may be liable for the difference between the amount that the non-participating provider bills and the payment we make for the covered services as set forth in this paragraph.

**F. BlueCross BlueShield Global Core® Program**

If you plan to travel outside the United States, call Member Services for information about your BlueCross BlueShield Global Core benefits. Benefits for services received outside of the United States may be different from services received in the United States.

When you are traveling abroad and need medical care, you can call the BlueCross BlueShield Global Core Service Center any time. They are available 24 hours a day, seven days a week. The toll free number is **(800) 810-BLUE (2583)**. Or you can call them collect at **(804) 673-1177**.

If you need inpatient hospital care, you or someone on your behalf, should contact the claims administrator for preauthorization. Keep in mind, if you need emergency medical care, go to the nearest hospital. There is no need to call before you receive care.

Please refer to the “Utilization Review Program” section in this booklet for further information. You can learn how to get pre-authorization when you need to be admitted to the hospital for emergency or non-emergency care.

**How Claims are Paid with BlueCross BlueShield Global Core**

In most cases, when you arrange inpatient hospital care with BlueCross BlueShield Global Core, claims will be filed for you. The only amounts that you may need to pay up front are any co-payment or deductible amounts that may apply.

You will typically need to pay for the following services up front:

- Physician services;
- Inpatient hospital care not arranged through BlueCross BlueShield Global Core; and
- Outpatient services.
You will need to file a claim form for any payments made up front.

When you need BlueCross BlueShield Global Core claim forms you can get international claims forms in the following ways:

- Call the BlueCross BlueShield Global Core Service Center at the numbers above; or
- Online at www.bcbsglobalcore.com

You will find the address for mailing the claim on the form.

Terms of Coverage

1. In order for you to be entitled to benefits under the plan, both the plan and your coverage under the plan must be in effect on the date the expense giving rise to a claim for benefits is incurred.

2. The benefits to which you may be entitled will depend on the terms of coverage in effect on the date the expense giving rise to a claim for benefits is incurred. An expense is incurred on the date you receive the service or supply for which the charge is made.

3. The plan is subject to amendment, modification or termination according to the provisions of the plan without your consent or concurrence.

Nondiscrimination. No person who is eligible to enroll will be refused enrollment based on health status, health care needs, genetic information, previous medical information, disability, sexual orientation or identity, gender, or age.

Protection of Coverage. We do not have the right to cancel your coverage under this plan while: (1) this plan is in effect; (2) you are eligible; and (3) your required monthly contributions are paid according to the terms of the plan.

Free Choice of Provider. This plan in no way interferes with your right as a member entitled to hospital benefits to select a hospital. You may choose any physician who holds a valid physician and surgeon's certificate and who is a member of, or acceptable to, the attending staff and board of directors of the hospital where services are received. You may also choose any other health care professional or facility which provides care covered under this plan, and is properly licensed according to appropriate state and local laws. However, your choice may affect the benefits payable according to this plan.
Continuity of Care. If the claims administrator terminates its contractual relationship with a participating provider and you are undergoing a course of treatment from that provider at the time the contract is terminated, you may be able to continue to receive services from that provider (but only if such provider agrees to continue to comply with the same contractual requirements that applied prior to termination). To qualify, you must have an acute or a serious chronic condition, a high risk pregnancy, or a pregnancy in the second or third trimester. You may request this continuity of care by calling the Member Services telephone number listed on your ID card. If approved, services may be received for a limited period of time, but no longer than 90 days, unless you cannot be safely transferred to a participating provider. Coverage is provided according to the terms and conditions of this plan applicable to participating providers.

Provider Reimbursement. Physicians and other professional providers are paid on a fee-for-service basis, according to an agreed schedule. A participating physician may, after notice from the claims administrator, be subject to a reduced negotiated rate in the event the participating physician fails to make routine referrals to participating providers, except as otherwise allowed (such as for emergency services). Hospitals and other health care facilities may be paid either a fixed fee or on a discounted fee-for-service basis.

Other forms of payment arrangement are Payment Innovation Programs. These programs may include financial incentives to help improve quality of care and promote the delivery of health care services in a cost-efficient manner. The programs may vary in methodology and subject area of focus and may be modified by the plan administrator from time to time, but they will be generally designed to tie a certain portion of a participating provider’s total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, participating providers may be required to make payment to the plan under the program as a consequence of failing to meet these pre-defined standards. The programs are not intended to affect the member’s access to health care. The program payments are not made as payment for specific covered services provided to the member, but instead, are based on the participating provider’s achievement of these pre-defined standards. The member is not responsible for any co-payment amounts related to payments made by the plan or to the plan under the programs and the member does not share in any payments made by participating providers to the plan under the programs.

Medical Necessity. The benefits of this plan are provided only for services which the claims administrator determines to be medically necessary. The services must be ordered by the attending physician for the direct care and treatment of a covered condition. They must be standard medical practice where received for the condition being treated and must be legal in the United States. The process used to authorize or
deny health care services under this plan is available to you upon request.

**Expense in Excess of Benefits.** We are not liable for any expense you incur in excess of the benefits of this plan.

**Benefits Not Transferable.** Only the member is entitled to receive benefits under this plan. The right to benefits cannot be transferred.

**Notice of Claim.** You must send the claims administrator properly and fully completed claim forms within 90 days of the date you receive the service or supply for which a claim is made. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed. The plan administrator is not liable for the benefits of the plan if you do not file claims within the required time period, unless an extension is required by federal law. The plan administrator will not be liable for benefits if the claims administrator does not receive written proof of loss on time.

**Member’s Cooperation.** You will be expected to complete and submit to the claims administrator all such authorizations, consents, releases, assignments and other documents that may be needed in order to obtain or assure reimbursement under Medicare, Workers’ Compensation or any other governmental program. If you fail to cooperate (including if you fail to enroll under Part B of the Medicare program where Medicare is the responsible payer), you will be responsible for any charge for services.

**Payment of Benefits.** Physicians and other professional providers are paid on a fee-for-service basis, according to an agreed schedule. Hospitals or other health care Facilities may be paid either a fixed fee or on a discounted fee-for-service basis. The benefits of this booklet will be paid directly to participating providers (e.g., and medical transportation providers). Hospitals, physicians and other health care providers or the person or persons having paid for your hospital or medical services will be paid directly when you assign benefits in writing no later than the time of submitting a claim. These payments fulfill the plan’s obligation to you for those services.

Non-participating providers and other health care providers will be paid directly when emergency medical condition services and care are provided to you or one of your dependents. The plan will continue such direct payment until the emergency care results in stabilization.

If you or one of your dependents receives covered services other than emergency care from a non-participating provider, payment may be made directly to the member and you will be responsible for payment to that provider. An assignment of benefits to a non-participating provider, even if assignment includes the provider’s right to receive payment, is
generally void. However, there are certain situations in which an assignment of benefits is permitted.

For example, if you receive services from a participating provider facility at which, or as a result of which, you receive non-emergency services from a non-participating provider such as a radiologist, anesthesiologist or pathologist, an assignment of benefits to such non-participating provider will be permitted. Please see “Member Cost Share” in the “Maximum Allowed Amount” section for more information. Any payments for the assigned benefits fulfill our obligation to you for those services.

**Assignment.** You authorize the claims administrator, in its own discretion and on behalf of the employer, to make payments directly to providers for covered services. In no event, however, shall the plan’s right to make payments directly to a provider be deemed to suggest that any provider is a beneficiary with independent claims and appeal rights under the plan. The claims administrator also reserves the right, in its own discretion, to make payments directly to you as opposed to any provider for covered service. In the event that payment is made directly to you, you have the responsibility to apply this payment to the claim from the non-participating provider. Payments and notice regarding the receipt and/or adjudication of claims may also be sent to an alternate recipient (which is defined herein as any child of a subscriber who is recognized under a “Qualified Medical Child Support Order” as having a right to enrollment under the employer’s plan), or that person’s custodial parent or designated representative. Any payments made by the claims administrator (whether to any provider for covered service or you) will discharge the employer’s obligation to pay for covered services. You cannot assign your right to receive payment to anyone, except as required by a “Qualified Medical Child Support Order” as defined by, and if subject to, ERISA or any applicable Federal law. Once a provider performs a covered service, the claims administrator will not honor a request to withhold payment of the claims submitted.

The coverage, rights, and benefits under the plan are not assignable by any member without the written consent of the plan, except as provided above. This prohibition against assignment includes rights to receive payment, claim benefits under the plan and/or law, sue or otherwise begin legal action, or request plan documents or any other information that a participant or beneficiary may request under ERISA. Any assignment made without written consent from the plan will be void and unenforceable.
Care Coordination. The plan pays participating providers in various ways to provide covered services to you. For example, sometimes payment to participating providers may be a separate amount for each covered service they provide. The plan may also pay them one amount for all covered services related to treatment of a medical condition. Other times, the payment may be a periodic, fixed pre-determined amount to cover the costs of covered services. In addition, participating provider payments may be financial incentives or other amounts to help improve quality of care and/or promote the delivery of health care services in a cost-efficient manner, or compensate participating providers for coordination of your care. In some instances, participating providers may be required to make payment to the plan because they did not meet certain standards. You do not share in any payments made by participating providers to the plan under these programs.

Right of Recovery. Whenever payment has been made in error, the claims administrator will have the right to make appropriate adjustment to claims, recover such payment from you or, if applicable, the provider, in accordance with applicable laws and regulations. In the event the claims administrator recovers a payment made in error from the provider, except in cases of fraud or misrepresentation on the part of the provider, the claims administrator will only recover such payment from the provider within 365 days of the date the payment was made on a claim submitted by the provider. The claims administrator reserves the right to deduct or offset any amounts paid in error from any pending or future claim.

Under certain circumstances, if the claims administrator pays your healthcare provider amounts that are your responsibility, such as deductibles, co-payments or co-insurance, the claims administrator may collect such amounts directly from you. You agree that the claims administrator has the right to recover such amounts from you.

The claims administrator has oversight responsibility for compliance with provider and vendor and subcontractor contracts. The claims administrator may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a provider, vendor, or subcontractor resulting from these audits if the return of the overpayment is not feasible.

The claims administrator has established recovery policies to determine which recoveries are to be pursued, when to incur costs and expenses, and whether to settle or compromise recovery amounts. The claims administrator will not pursue recoveries for overpayments if the cost of collection exceeds the overpayment amount. The claims administrator may not provide you with notice of overpayments made by the plan or you if the recovery method makes providing such notice administratively burdensome.
**Legal Actions.** No attempt to recover on the plan through legal or equity action may be made until at least 60 days after the written proof of loss has been furnished as required by this plan. No such action may be started later than three years from the time written proof of loss is required to be furnished. If you bring a civil action under Section 502(a) of ERISA, you must bring it within one year of the grievance or appeal decision.

**Plan Administrator - COBRA.** In no event will the claims administrator be plan administrator for the purposes of compliance with the Consolidated Omnibus Budget Reconciliation Act (COBRA). The term "plan administrator" refers to the University of San Francisco or to a person or entity other than the claims administrator, engaged by the University of San Francisco to perform or assist in performing administrative tasks in connection with the plan. In providing notices and otherwise performing under the CONTINUATION OF COVERAGE section of this benefit booklet, the plan administrator is fulfilling statutory obligations imposed on it by federal law and, where applicable, acting as your agent.

**Workers’ Compensation Insurance.** The plan does not affect any requirement for coverage by workers’ compensation insurance. It also does not replace that insurance.

**Prepayment Fees.** Your plan administrator may require that you contribute all or part of the costs of these required monthly contributions. Please consult your plan administrator for details.

**Liability to Pay Providers.** In the event that the plan does not pay a provider who has provided services and supplies to you, you will be required to pay that provider any amounts not paid to them by the plan.

**Renewal Provisions.** The plan is subject to renewal at certain intervals. The required monthly contribution or other terms of the plan may be changed from time to time.

**Confidentiality and Release of Information.** Applicable state and federal law requires us to undertake efforts to safeguard your medical information.

For informational purposes only, please be advised that a statement describing our policies and procedures regarding the protection, use and disclosure of your medical information is available on our website and can be furnished to you upon request by contacting our Member Services department.

Obligations that arise under state and federal law and policies and procedures relating to privacy that are referenced but not included in this booklet are not part of the contract between the parties and do not give rise to contractual obligations.
Medical Policy and Technology Assessment. Anthem reviews and evaluates new technology according to its technology evaluation criteria developed by its medical directors. Technology assessment criteria is used to determine the investigational status or medical necessity of new technology. Guidance and external validation of Anthem’s medical policy is provided by the Medical Policy and Technology Assessment Committee (MPTAC) which consists of approximately 20 physicians from various medical specialties including Anthem’s medical directors, physicians in academic medicine and physicians in private practice. Conclusions made are incorporated into medical policy used to establish decision protocols for particular diseases or treatments and applied to medical necessity criteria used to determine whether a procedure, service, supply or equipment is covered.

Transition Assistance for New Beneficiaries: Transition Assistance is a process that allows for completion of covered services for new beneficiaries receiving services from a non-participating provider. If you are a new member, you may request Transition Assistance if any one of the following conditions applies:

1. An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.

2. A serious chronic condition. A serious chronic condition is a medical condition caused by a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of covered services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by the claims administrator in consultation with you and the non-participating provider and consistent with good professional practice. Completion of covered services shall not exceed twelve (12) months from the time you enroll in this plan.

3. A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of covered services shall be provided for the duration of the pregnancy.

4. A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of covered services shall be provided for the duration of the terminal illness.
5. The care of a newborn child between birth and age thirty-six (36) months. Completion of covered services shall not exceed twelve (12) months from the time the child enrolls in this plan.

6. Performance of a surgery or other procedure that the claims administrator have authorized as part of a documented course of treatment and that has been recommended and documented by the provider to occur within 180 days of the time you enroll in this plan.

Please contact Member Services at the telephone number listed on your ID card to request Transition Assistance or to obtain a copy of the written policy. Eligibility is based on your clinical condition and is not determined by diagnostic classifications. Transition Assistance does not provide coverage for services not otherwise covered under the plan.

We will notify you by telephone, and the provider by telephone and fax, as to whether or not your request for Transition Assistance is approved. If approved, you will be financially responsible only for applicable deductibles, coinsurance, and copayments under the plan. Financial arrangements with non-participating providers are negotiated on a case-by-case basis. We will request that the non-participating provider agree to accept reimbursement and contractual requirements that apply to participating providers, including payment terms. If the non-participating provider does not agree to accept said reimbursement and contractual requirements, we are not required to continue that provider’s services. If you do not meet the criteria for Transition Assistance, you are afforded due process including having a physician review the request.

**Continuity of Care after Termination of Provider:** Subject to the terms and conditions set forth below, benefits will be provided at the participating provider level for covered services (subject to applicable copayments, coinsurance, deductibles and other terms) received from a provider at the time the provider’s contract with the claims administrator terminates (unless the provider’s contract terminates for reasons of medical disciplinary cause or reason, fraud, or other criminal activity).

You must be under the care of the participating provider at the time the provider’s contract terminates. The terminated provider must agree in writing to provide services to you in accordance with the terms and conditions of his or her agreement with the claims administrator prior to termination. The provider must also agree in writing to accept the terms and reimbursement rates under his or her agreement with the claims administrator prior to termination. If the provider does not agree with these contractual terms and conditions, the provider’s services will not be continued beyond the contract termination date.
Benefits for the completion of covered services by a terminated provider will be provided only for the following conditions:

1. An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.

2. A serious chronic condition. A serious chronic condition is a medical condition caused by a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of covered services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by the claims administrator in consultation with you and the terminated provider and consistent with good professional practice. Completion of covered services shall not exceed twelve (12) months from the date the provider's contract terminates.

3. A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of covered services shall be provided for the duration of the pregnancy.

4. A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of covered services shall be provided for the duration of the terminal illness.

5. The care of a newborn child between birth and age thirty-six (36) months. Completion of covered services shall not exceed twelve (12) months from the date the provider's contract terminates.

6. Performance of a surgery or other procedure that the claims administrator has authorized as part of a documented course of treatment and that has been recommended and documented by the provider to occur within 180 days of the date the provider's contract terminates.

Such benefits will not apply to providers who have been terminated due to medical disciplinary cause or reason, fraud, or other criminal activity.

Please contact Member Services at the telephone number listed on your ID card to request continuity of care or to obtain a copy of the written policy. Eligibility is based on your clinical condition and is not determined by diagnostic classifications. Continuity of care does not provide coverage for services not otherwise covered under the plan.
You will be notified by telephone, and the provider by telephone and fax, as to whether or not your request for continuity of care is approved. If approved, you will be financially responsible only for applicable deductibles, coinsurance, and copayments under the plan. Financial arrangements with terminated providers are negotiated on a case-by-case basis.

The terminated provider will be asked to agree to accept reimbursement and contractual requirements that apply to participating providers, including payment terms. If the terminated provider does not agree to accept the same reimbursement and contractual requirements, that provider’s services will not be continued. If you disagree with the determination regarding continuity of care, you may file complaint as described in the COMPLAINT NOTICE.

Value-Added Programs. The claims administrator may offer health or fitness related programs to its members, through which they may access discounted rates from certain vendors for products and services available to the general public. Products and services available under this program are not covered services under the plan but are in addition to plan benefits. As such, program features are not guaranteed under this health plan contract and could be discontinued at any time. The claims administrator does not endorse any vendor, product or service associated with this program. Program vendors are solely responsible for the products and services you receive.

Voluntary Clinical Quality Programs. The claims administrator may offer additional opportunities to assist you in obtaining certain covered preventive or other care (e.g., well child check-ups or certain laboratory screening tests) that you have not received in the recommended timeframe. These opportunities are called voluntary clinical quality programs. They are designed to encourage you to get certain care when you need it and are separate from covered services under your plan. These programs are not guaranteed and could be discontinued at any time. The claims administrator will give you the choice and if you choose to participate in one of these programs, and obtain the recommended care within the program’s timeframe, you may receive incentives such as gift cards or retailer coupons, which we encourage you to use for health and wellness related activities or items. Under other clinical quality programs, you may receive a home test kit that allows you to collect the specimen for certain covered laboratory tests at home and mail it to the laboratory for processing. You may also be offered a home visit appointment to collect such specimens and complete biometric screenings. You may need to pay any cost shares that normally apply to such covered laboratory tests (e.g., those applicable to the laboratory processing fee) but will not need to pay for the home test kit or the home visit. If you have any questions about whether receipt of a gift card or
retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

**Voluntary Wellness Incentive Programs.** The claims administrator may offer health or fitness related program options for purchase by the plan administrator to help you achieve your best health. These programs are not covered services under your plan, but are separate components, which are not guaranteed under this plan and could be discontinued at any time. If the plan administrator has selected one of these options to make available to all employees, you may receive incentives such as gift cards by participating in or completing such voluntary wellness promotion programs as health assessments, weight management or tobacco cessation coaching.

Under other options the plan administrator may select, you may receive such incentives by achieving specified standards based on health factors under wellness programs that comply with applicable law. If you think you might be unable to meet the standard, you might qualify for an opportunity to earn the same reward by different means. You may contact the Member Services number on your ID card and the claims administrator will work with you (and, if you wish, your physician) to find a wellness program with the same reward that is right for you in light of your health status. If you receive a gift card as a wellness reward and use it for purposes other than for qualified medical expenses, this may result in taxable income to you. For additional guidance, please consult your tax advisor.

**Program Incentives.** The plan administrator may offer incentives from time to time at their discretion in order to introduce you to new programs and services available under this plan. The purpose of these incentives include, but is not limited to, making you aware of cost effective benefit options or services, helping you achieve your best health, and encouraging you to update member-related information. These incentives may be offered in various forms such as retailer coupons, gift cards and health-related merchandise. Acceptance of these incentives is voluntary as long as the plan offers the incentives program. The plan administrator may discontinue an incentive for a particular new service or program at any time. If you have any questions about whether receipt of an incentive or retailer coupon results in taxable income to you, please consult your tax advisor.

**Protecting your privacy**

**Where to find our Notice of Privacy Practices**

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) is a federal law governing the privacy of individually identifiable health information. We are required by HIPAA to notify you of the availability of
our Notice of Privacy Practices. The notice describes our privacy practices, legal duties and your rights concerning your Protected Health Information. We must follow the privacy practices described in the notice while it is in effect (it will remain in effect unless and until we publish and issue a new notice).

We may collect, use and share your Protected Health Information (PHI) for the following reasons and others as allowed or required by law, including the HIPAA Privacy Rule:
For payment: We use and share PHI to manage your account or benefits; or to pay claims for health care you get through your plan.

For health care operations: We use and share PHI for health care operations.

For treatment activities: We do not provide treatment. This is the role of a health care provider, such as your doctor or a hospital. Examples of ways we use your information for payment, treatment and health care operations:

- We keep information about your premium and deductible payments.
- We may give information to a doctor's office to confirm your benefits.
- We may share explanation of benefits (EOB) with the subscriber of your plan for payment purposes.
- We may share PHI with your health care provider so that the provider may treat you.
- We may use PHI to review the quality of care and services you get.
- We may use PHI to provide you with case management or care coordination services for conditions like asthma, diabetes or traumatic injury.
- We may also use and share PHI directly or indirectly with or through health information exchanges for payment, health care operations and treatment. If you do not want your PHI to be shared for payment, health care operations, or treatment purposes in health information exchanges, please visit anthem.com/health-insurance/about-us/privacy for more information.

We, including our affiliates or vendors, may call or text any telephone numbers provided by you using an automated telephone dialing system and/or a prerecorded message. Without limitation, these calls may concern treatment options, other health-related benefits and services, enrollment, payment, or billing.
You may obtain a copy of our Notice of Privacy Practices on our website at https://www.anthem.com/ca/health-insurance/about-us/privacy or you may contact Member Services using the contact information on your identification card.

**BINDING ARBITRATION**

**Note:** If you are enrolled in a plan provided by your employer that is subject to ERISA, any dispute involving an adverse benefit decision must be resolved under ERISA’s claims procedure rules, and is not subject to mandatory binding arbitration. You may pursue voluntary binding arbitration after you have completed an appeal under ERISA. If you have any other dispute which does not involve an adverse benefit decision, this BINDING ARBITRATION provision applies.

Any dispute or claim, of whatever nature, arising out of, in connection with, or in relation to this plan or breach or rescission thereof, or in relation to care or delivery of care, including any claim based on contract, tort, or statute, must be resolved by arbitration if the amount sought exceeds the jurisdictional limits of the small claims court. Any dispute or claim within the jurisdictional limits of the small claims court will be resolved in such court.

The Federal Arbitration Act will govern the interpretation and enforcement of all proceedings under this Binding Arbitration provision. To the extent that the Federal Arbitration Act is inapplicable, or is held not to require arbitration of a particular claim, state law governing agreements to arbitrate will apply.

The member and the plan administrator agree to be bound by this Binding Arbitration provision and acknowledge that they are each giving up their right to a trial by court or jury.

The member and the plan administrator agree to give up the right to participate in class arbitration against each other. Even if applicable law permits class arbitration, the member waives any right to pursue, on a class basis, any such controversy or claim against the plan administrator and the plan administrator waives any right to pursue on a class basis any such controversy or claim against the member.

The arbitration findings will be final and binding except to the extent that state or Federal law provides for the judicial review of arbitration proceedings.

The arbitration is begun by the member making written demand on the plan administrator. The arbitration will be conducted by Judicial Arbitration and Mediation Services (“JAMS”) according to its applicable Rules and Procedures. If, for any reason, JAMS is unavailable to conduct the arbitration, the arbitration will be conducted by another
neutral arbitration entity, by mutual agreement of the member and the plan administrator, or by order of the court, if the member and the plan administrator cannot agree. The arbitration will be held at a time and location mutually agreeable to the member and the plan administrator.

DEFINITIONS

The meanings of key terms used in this booklet are shown below. Whenever any of the key terms shown below appear, it will appear in italicized letters. When any of the terms below are italicized in this booklet, you should refer to this section.

**Accidental injury** is physical harm or disability which is the result of a specific unexpected incident caused by an outside force. The physical harm or disability must have occurred at an identifiable time and place. Accidental injury does not include illness or infection, except infection of a cut or wound.

**Ambulatory surgical center** is a freestanding outpatient surgical facility. It must be licensed as an outpatient clinic according to state and local laws and must meet all requirements of an outpatient clinic providing surgical services. It must also meet accreditation standards of The Joint Commission (TJC) or the Accreditation Association of Ambulatory Health Care.

**Authorized referral** occurs when you, because of your medical needs, require the services of a specialist who is a non-participating provider, or require special services or facilities not available at a contracting hospital, but only when the referral has been authorized by the plan administrator before services are rendered and when the following conditions are met:

1. there is no participating provider who practices in the appropriate specialty, or there is no contracting hospital which provides the required services or has the necessary facilities; and

2. that meets the adequacy and accessibility requirements of state or federal law; and

3. the member is referred to hospital or physician that does not have an agreement with Anthem for a covered service by a participating provider.

Benefits for medically necessary and appropriate authorized referral services received from a non-participating provider will be payable as shown in the Exceptions under the SUMMARY OF BENEFITS: CO-PAYMENTS.
You or your physician must call the toll-free telephone number printed on your identification card prior to scheduling an admission to, or receiving the services of, a non-participating provider.

Such authorized referrals are not available to bariatric surgical services. These services are only covered when performed at a designated bariatric BDCSC.

Average wholesale price is a term accepted in the pharmaceutical industry as a benchmark for pricing by pharmaceutical manufacturers.

Bariatric BDCSC Coverage Area is the area within the 50-mile radius surrounding a designated bariatric BDCSC.

Benefit booklet is this written description of the benefits provided under the plan.

Biosimilar (Biosimilars) is a type of biological product that is licensed (approved) by FDA because it is highly similar to an already FDA-approved biological product, known as the biological reference product (reference product), and has been shown to have no clinically meaningful differences from the reference product.

Blue Distinction Centers for Specialty Care (BDCSC) are health care providers designated by the claims administrator as a selected facility for specified medical services. A provider participating in a BDCSC network has an agreement in effect with the claims administrator at the time services are rendered or is available through their affiliate companies or our relationship with the Blue Cross and Blue Shield Association. BDCSC agree to accept the maximum allowed amount as payment in full for covered services.

Benefits for services performed at a designated BDCSC will be the same as for participating providers. A participating provider in the Prudent Buyer Plan network or the Blue Cross and/or Blue Shield Plan is not necessarily a BDCSC facility.

Brand name prescription drugs (brand name drugs) are prescription drugs that are classified as brand name drugs or the pharmacy benefit manager has classified as brand name drugs through use of an independent proprietary industry database.

Centers of Medical Excellence (CME) are health care providers which have a Centers of Medical Excellence Agreement in effect with the claims administrator at the time services are rendered. CME agree to accept the maximum allowed amount as payment in full for covered services. A participating provider in the Prudent Buyer Plan network is not necessarily a CME.
A provider's participation in the Prudent Buyer Plan network or other agreement with the claims administrator is not a substitute for a Centers of Medical Excellence Agreement.

Benefits for services performed at a designated CME will be the same as for participating providers. A participating provider in the Prudent Buyer Plan network or the Blue Cross and/or Blue Shield Plan is not necessarily a CME facility.

Chat Therapy is a synchronous text-message style communication session between a licensed Psychologist, Clinical Social Worker (L.C.S.W.), Marriage and Family Therapist (L.M.F.T.) or Professional Counselor (L.P.C.) and a patient that provides one-to-one virtual interactive counseling sessions. Each scheduled session lasts approximately one hour and can be accessed via a computer or mobile device using a secured platform arranged for by the claims administrator.

Child meets the plan’s eligibility requirements for children as outlined under HOW COVERAGE BEGINS AND ENDS.

Chiropractic services means medically necessary care by means of adjustment of the spine (to correct a subluxation) performed by a legally licensed chiropractor pursuant to the terms of their license. (Subluxation is a term used in the chiropractic field to describe what happens when one of the vertebrae in your spine moves out of position.)

Claims administrator refers to BC Life & Health Insurance Company. On behalf of BC Life & Health Insurance Company, Blue Cross of California shall perform all administrative services in connection with the processing of claims under the plan.

Compound Medication is a mixture of prescription drugs when a commercially available dosage form of a medically necessary medication is not available, all the ingredients of the compound drug are FDA-approved in the form in which they are used in the compound medication and as designated in the FDA’s Orange Book: Approved Drug Products with Therapeutic Equivalence Evaluations, require a prescription to dispense and are not essentially the same as an FDA-approved product from a drug manufacturer. Non-FDA approved non-proprietary, multisource ingredients that are vehicles essential for compound administration may be covered.

Controlled Substances are drugs and other substances that are considered controlled substances under the Controlled Substances Act (CSA) which are divided into five schedules.
**Cosmetic services** are services or surgery performed solely for beautification or to alter or reshape normal (including aged) structures or tissues of the body to improve appearance.

**Contracting hospital** is a *hospital* which has a Standard Hospital Contract in effect with the *claims administrator* to provide care to *beneficiaries*. A contracting hospital is not necessarily a *participating provider*. A list of contracting hospitals will be sent on request.

**Custodial care** is care provided primarily to meet your personal needs. This includes help in walking, bathing or dressing. It also includes preparing food or special diets, feeding, administration of medicine which is usually self-administered or any other care which does not require continuing services of medical personnel.

**Day treatment center** is an outpatient psychiatric facility which is licensed according to state and local laws to provide outpatient programs and treatment of *mental health conditions* or substance abuse under the supervision of *physicians*.

**Dependent** meets the *plan’s* eligibility requirements for dependents as outlined under *HOW COVERAGE BEGINS AND ENDS*.

**Designated pharmacy provider** is a *participating pharmacy* that has executed a Designated Pharmacy Provider Agreement with the *plan* or a *participating provider* that is designated to provide *prescription drugs*, including *specialty drugs*, to treat certain conditions.

**Drug (prescription drug)** means a prescribed drug approved by the State of California Department of Health or the Food and Drug Administration for general use by the public. For the purposes of this *plan*, insulin will be considered a prescription drug.

**Effective date** is the date your coverage begins under this *plan*.

**Emergency or Emergency Medical Condition** means a medical or behavioral health condition manifesting itself by acute symptoms of sufficient severity including severe pain such that the absence of immediate medical attention could reasonably be expected to result in any of the following:

- Placing the patient’s health or the health of another person (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy;
- Serious impairment to bodily functions; or
- Serious dysfunction of any bodily organ or part.
Emergency includes being in active labor when there is inadequate time for a safe transfer to another hospital prior to delivery, or when such a transfer would pose a threat to the health and safety of the member or unborn child.

An emergency medical condition includes a psychiatric emergency medical condition, which is a mental disorder that manifests itself by acute symptoms of sufficient severity that it renders the patient as being either of the following: a) an immediate danger to himself or herself or to others, or b) immediately unable to provide for, or utilize, food, shelter, or clothing, due to the mental disorder.

Emergency services are services provided in connection with the initial treatment of a medical or psychiatric emergency.

Experimental procedures are those that are mainly limited to laboratory and/or animal research.

Generic prescription drugs (generic drugs) are prescription drugs that are classified as generic drugs or that the PBM has classified as generic drugs through use of an independent proprietary industry database. Generic drugs have the same active ingredients, must meet the same FDA rules for safety, purity and potency, and must be given in the same form (tablet, capsule, cream) as the brand name drug.

Home health agencies are home health care providers which are licensed according to state and local laws to provide skilled nursing and other services on a visiting basis in your home, and recognized as home health providers under Medicare and/or accredited by a recognized accrediting agency such as The Joint Commission (TJC).

Home infusion therapy provider is a provider licensed according to state and local laws as a pharmacy, and must be either certified as a home health care provider by Medicare, or accredited as a home pharmacy by The Joint Commission (TJC).

Hospice is an agency or organization providing a specialized form of interdisciplinary health care that provides palliative care (pain control and symptom relief) and alleviates the physical, emotional, social, and spiritual discomforts of a terminally ill person, as well as providing supportive care to the primary caregiver and the patient's family. A hospice must be: currently licensed as a hospice pursuant to Health and Safety Code section 1747 or a licensed home health agency with federal Medicare certification pursuant to Health and Safety Code sections 1726 and 1747.1. A list of hospices meeting these criteria is available upon request.
Hospital is a facility which provides diagnosis, treatment and care of persons who need acute inpatient hospital care under the supervision of physicians. It must be licensed as a general acute care hospital according to state and local laws. It must also be registered as a general hospital by the American Hospital Association and meet accreditation standards of The Joint Commission (TJC).

For the limited purpose of inpatient care, the definition of hospital also includes: (1) psychiatric health facilities (only for the acute phase of a mental health condition or substance abuse), and (2) residential treatment centers.

Intensive In-Home Behavioral Health Program is a range of therapy services provided in the home to address symptoms and behaviors that, as the result of a mental health conditions or substance abuse, put the members and others at risk of harm.

Intensive Outpatient Program is a structured, multidisciplinary behavioral health treatment that provides a combination of individual, group and family therapy in a program that operates no less than 3 hours per day, 3 days per week.

Interchangeable Biologic Product is a type of biological product that is licensed (approved) by FDA because it is highly similar to an already FDA-approved biological product, known as the biological reference product (reference product), and has been shown to have no clinically meaningful differences from the reference product. In addition to meeting the biosimilarity standard, it is expected to produce the same clinical result as the reference product in any given patient.

Investigative procedures or medications are those that have progressed to limited use on humans, but which are not widely accepted as proven and effective within the organized medical community.

Legally domiciled adult meets the plan’s eligibility requirements for legally domicile adult as outlined under HOW COVERAGE BEGINS AND ENDS: HOW COVERAGE BEGINS.

Maximum allowed amount is the maximum amount of reimbursement the claims administrator will allow for covered medical services and supplies under this plan. See YOUR MEDICAL BENEFITS: MAXIMUM ALLOWED AMOUNT.

Medically necessary procedures, supplies equipment or services are those the claims administrator determines to be:

1. Appropriate and necessary for the diagnosis or treatment of the medical condition;
2. Clinically appropriate in terms of type, frequency, extent, site and duration and considered effective for the patient's illness, injury or disease

3. Provided for the diagnosis or direct care and treatment of the medical condition;

4. Within standards of good medical practice within the organized medical community;

5. Not primarily for your convenience, or for the convenience of your physician or another provider; and

6. Not more costly than an equivalent service, including the same service in an alternative setting, or sequence of services that is medically appropriate and is likely to produce equivalent therapeutic or diagnostic results in regard to the diagnosis or treatment of the patient's illness, injury, or condition; and

7. The most appropriate procedure, supply, equipment or service which can safely be provided. The most appropriate procedure, supply, equipment or service must satisfy the following requirements:

   a. There must be valid scientific evidence demonstrating that the expected health benefits from the procedure, supply, equipment or service are clinically significant and produce a greater likelihood of benefit, without a disproportionately greater risk of harm or complications, for you with the particular medical condition being treated than other possible alternatives; and

   b. Generally accepted forms of treatment that are less invasive have been tried and found to be ineffective or are otherwise unsuitable.

**Member** is the subscriber or dependent.

**Mental health conditions** include conditions that constitute severe mental disorders and serious emotional disturbances of a child, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM), as well as any mental health condition identified as a “mental disorder” in the DSM, Fourth Edition Text Revision (DSM IV). Substance abuse means drug or alcohol abuse or dependence.

**Multi-source brand name drugs** are drugs with at least one generic substitute.

**Non-contracting hospital** is a hospital which does not have a Standard Hospital Contract in effect with the claims administrator at the time services are rendered.
Non-participating pharmacy is a pharmacy which does not have a contract in effect with the pharmacy benefits manager at the time services are rendered. In most cases, you will be responsible for a larger portion of your pharmaceutical bill when you go to a non-participating pharmacy. You will likely need to pay for the entire amount of the prescription and then submit a prescription drug claim form for reimbursement.

Non-participating provider is one of the following providers which does NOT have a Prudent Buyer Plan Participating Provider Agreement in effect with the claims administrator or is NOT participating in a Blue Cross and/or Blue Shield Plan at the time services are rendered:

- A hospital
- A physician
- An ambulatory surgical center
- A home health agency

- A hospital
- A physician
- An ambulatory surgical center
- A home health agency
- A facility which provides diagnostic imaging services
- A durable medical equipment outlet
- A skilled nursing facility
- A clinical laboratory
- A home infusion therapy provider
- An urgent care center
- Centers for Medical Excellence (CME)
- Blue Distinction Centers for Specialty Care (BDCSC)
- A retail health clinic
- A hospice
- A licensed ambulance company
- A licensed qualified autism service provider

Participating providers agree to accept the maximum allowed amount as payment for covered services. A directory of participating providers is available upon request.

Pharmacy means a licensed retail pharmacy.

Pharmacy Benefits Manager (PBM) a company that manages pharmacy benefits on the claims administrator’s behalf. The claims administrator’s PBM has a nationwide network of retail pharmacies, a home delivery pharmacy, and clinical services that include prescription drug list management.
The management and other services the PBM provides include, but are not limited to, managing a network of *retail pharmacies* and operating a mail service pharmacy. The PBM, in consultation with the *claims administrator*, also provides services to promote and assist *members* in the appropriate use of pharmacy benefits, such as review for possible excessive use, proper dosage, drug interactions or drug/pregnancy concerns.

**Physician** means:

1. A doctor of medicine (M.D.) or doctor of osteopathy (D.O.) who is licensed to practice medicine or osteopathy where the care is provided; or

2. One of the following providers, but only when the provider is licensed to practice where the care is provided, is rendering a service within the scope of that license, is providing a service for which benefits are specified in this booklet, and when benefits would be payable if the services were provided by a physician as defined above (please refer to the Services of Providers under the Medical Care that is not Covered section starting on page 59):

injury, is unable to work for income in any job for which he/she is qualified
or for which he/she becomes qualified by training or experience, and who
is in fact unemployed.
Urgent care is the services received for a sudden, serious, or unexpected illness, injury or condition, other than one which is life threatening, which requires immediate care for the relief of severe pain or diagnosis and treatment of such condition.

Urgent care center is a physician’s office or a similar facility which meets established ambulatory care criteria and provides medical care outside of a hospital emergency department, usually on an unscheduled, walk-in basis. Urgent care centers are staffed by medical doctors, nurse practitioners and physician assistants primarily for the purpose of treating patients who have an injury or illness that requires immediate care but is not serious enough to warrant a visit to an emergency room.

To find an urgent care center, please call the Member Services number listed on your ID card or you can also search online using the “Find a Doctor” function on the website at www.anthem.com/ca. Please call the urgent care center directly for hours of operation and to verify that the center can help with the specific care that is needed.

We (us, our) refers to UNIVERSITY OF SAN FRANCISCO.

Year or calendar year is a 12 month period starting January 1 at 12:01 a.m. Pacific Standard Time.

You (your) refers to the subscriber and dependents who are enrolled for benefits under this plan.

YOUR RIGHT TO APPEALS

For purposes of these Appeal provisions, “claim for benefits” means a request for benefits under the plan. The term includes both pre-service and post-service claims.

- A pre-service claim is a claim for benefits under the plan for which you have not received the benefit or for which you may need to obtain approval in advance.

- A post-service claim is any other claim for benefits under the plan for which you have received the service.

If your claim is denied:

- you will be provided with a written notice of the denial; and

- you are entitled to a full and fair review of the denial.

The procedure the claims administrator will satisfy following the minimum requirements for a full and fair review under applicable federal regulations.
Notice of Adverse Benefit Determination

If your claim is denied, the claims administrator’s notice of the adverse benefit determination (denial) will include:

- information sufficient to identify the claim involved;
- the specific reason(s) for the denial;
- a reference to the specific plan provision(s) on which the claims administrator’s determination is based;
- a description of any additional material or information needed to perfect your claim;
- an explanation of why the additional material or information is needed;
- a description of the plan’s review procedures and the time limits that apply to them, including a statement of your right to bring a civil action under ERISA (if applicable) if you appeal and the claim denial is upheld;
- information about any internal rule, guideline, protocol, or other similar criterion relied upon in making the claim determination and about your right to request a copy of it free of charge, along with a discussion of the claims denial decision;
- information about the scientific or clinical judgment for any determination based on medical necessity or experimental treatment, or about your right to request this explanation free of charge, along with a discussion of the claims denial decision; and
- information regarding your potential right to an External Appeal pursuant to federal law.

For claims involving urgent/concurrent care:

- the claims administrator’s notice will also include a description of the applicable urgent/concurrent review process; and
- the claims administrator may notify you or your authorized representative within 24 hours orally and then furnish a written notification.

Appeals

You have the right to appeal an adverse benefit determination (claim denial). You or your authorized representative must file your appeal within 180 calendar days after you are notified of the denial. You will have the opportunity to submit written comments, documents, records,
and other information supporting your claim. The claims administrator's review of your claim will take into account all information you submit, regardless of whether it was submitted or considered in the initial benefit determination.

- The claims administrator shall offer a single mandatory level of appeal and an additional voluntary second level of appeal which may be a panel review, independent review, or other process consistent with the entity reviewing the appeal. The time frame allowed for the claims administrator to complete its review is dependent upon the type of review involved (e.g. pre-service, concurrent, post-service, urgent, etc.).

For pre-service claims involving urgent/concurrent care, you may obtain an expedited appeal. You or your authorized representative may request it orally or in writing. All necessary information, including the claims administrator's decision, can be sent between the claims administrator and you by telephone, facsimile or other similar method. To file an appeal for a claim involving urgent/concurrent care, you or your authorized representative must contact the claims administrator at the phone number listed on your ID card and provide at least the following information:

- the identity of the claimant;
- the date(s) of the medical service;
- the specific medical condition or symptom;
- the provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for appeals should be submitted in writing by the Member or the Member's authorized representative, except where the acceptance of oral appeals is otherwise required by the nature of the appeal (e.g. urgent care). You or your authorized representative must submit a request for review to:

Anthem Blue Cross Life and Health Insurance Company
ATTN: Appeals
P.O. Box 4310, Woodland Hills, CA 91365-4310

Upon request, the claims administrator will provide, without charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim. "Relevant" means that the document, record, or other information:
was relied on in making the benefit determination; or

• was submitted, considered, or produced in the course of making the benefit determination; or

• demonstrates compliance with processes and safeguards to ensure that claim determinations are made in accordance with the terms of the plan, applied consistently for similarly-situated claimants; or

• is a statement of the plan's policy or guidance about the treatment or benefit relative to your diagnosis.

The claims administrator will also provide you, free of charge, with any new or additional evidence considered, relied upon, or generated in connection with your claim. In addition, before you receive an adverse benefit determination on review based on a new or additional rationale, the claims administrator will provide you, free of charge, with the rationale.

How Your Appeal will be Decided

When the claims administrator considers your appeal, the claims administrator will not rely upon the initial benefit determination or, for voluntary second-level appeals, to the earlier appeal determination. The review will be conducted by an appropriate reviewer who did not make the initial determination and who does not work for the person who made the initial determination. A voluntary second-level review will be conducted by an appropriate reviewer who did not make the initial determination or the first-level appeal determination and who does not work for the person who made the initial determination or first-level appeal determination.

If the denial was based in whole or in part on a medical judgment, including whether the treatment is experimental, investigational, or not medically necessary, the reviewer will consult with a health care professional who has the appropriate training and experience in the medical field involved in making the judgment. This health care professional will not be one who was consulted in making an earlier determination or who works for one who was consulted in making an earlier determination.

Notification of the Outcome of the Appeal

If you appeal a claim involving urgent/concurrent care, the claims administrator will notify you of the outcome of the appeal as soon as possible, but not later than 72 hours after receipt of your request for appeal.
If you appeal any other pre-service claim, the claims administrator will notify you of the outcome of the appeal within 30 days after receipt of your request for appeal.

If you appeal a post-service claim, the claims administrator will notify you of the outcome of the appeal within 60 days after receipt of your request for appeal.

Appeal Denial

- If your appeal is denied, that denial will be considered an adverse benefit determination. The notification from the claims administrator will include all of the information set forth in the above subsection entitled “Notice of Adverse Benefit Determination.”

Voluntary Second Level Appeals

If you are dissatisfied with the Plan's mandatory first level appeal decision, a voluntary second level appeal may be available. If you would like to initiate a second level appeal, please write to the address listed above. Voluntary appeals must be submitted within 60 calendar days of the denial of the first level appeal. You are not required to complete a voluntary second level appeal prior to submitting a request for an independent External Review.

External Review

If the outcome of the mandatory first level appeal is adverse to you, you may be eligible for an independent External Review pursuant to federal law.

You must submit your request for External Review to the claims administrator within four (4) months of the notice of your final internal adverse determination.

A request for an External Review must be in writing unless the claims administrator determines that it is not reasonable to require a written statement. You do not have to re-send the information that you submitted for internal appeal. However, you are encouraged to submit any additional information that you think is important for review.

For pre-service claims involving urgent/concurrent care, you may proceed with an Expedited External Review without filing an internal appeal or while simultaneously pursuing an expedited appeal through the claims administrator's internal appeal process. You or your authorized representative may request it orally or in writing. All necessary information, including the claims administrator's decision, can be sent between the claims administrator and you by telephone, facsimile or other similar method. To proceed with an Expedited External Review, you or your authorized representative must contact the claims administrator at
the phone number listed on your ID card and provide at least the following information:

- the identity of the claimant;
- the date(s) of the medical service;
- the specific medical condition or symptom;
- the provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for External Review should be submitted in writing unless the claims administrator determines that it is not reasonable to require a written statement. Such requests should be submitted by you or your authorized representative to:

Anthem Blue Cross Life and Health Insurance Company
ATTN: Appeals
P.O. Box 4310, Woodland Hills, CA 91365-4310

You must include Your Member Identification Number when submitting an appeal.

This is not an additional step that you must take in order to fulfill your appeal procedure obligations described above. Your decision to seek External Review will not affect your rights to any other benefits under this health care plan. There is no charge for you to initiate an independent External Review. The External Review decision is final and binding on all parties except for any relief available through applicable state laws or ERISA (if applicable).

Requirement to file an Appeal before filing a lawsuit

No lawsuit or legal action of any kind related to a benefit decision may be filed by you in a court of law or in any other forum, unless it is commenced within three years of the Plan's final decision on the claim or other request for benefits. If the Plan decides an appeal is untimely, the Plan's latest decision on the merits of the underlying claim or benefit request is the final decision date. You must exhaust the Plan's internal Appeals Procedure but not including any voluntary level of appeal, before filing a lawsuit or taking other legal action of any kind against the Plan.

If your health benefit plan is sponsored by your employer and subject to the Employee Retirement Income Security Act of 1974 (ERISA) and your
appeal as described above results in an adverse benefit determination, you have a right to bring a civil action under Section 502(a) of ERISA.

The claims administrator reserves the right to modify the policies, procedures and timeframes in this section upon further clarification from Department of Health and Human Services and Department of Labor.

LANGUAGE ASSISTANCE PROGRAM

Anthem introduced its Language Assistance Program to provide certain written translation and oral interpretation services to California members with limited English proficiency.

The Language Assistance Program makes it possible for you to access oral interpretation services and certain written materials vital to understanding your health coverage at no additional cost to you and in a timely manner.

Written materials available for translation include grievance and appeal letters, consent forms, claim denial letters, and explanations of benefits. These materials are available in the top 15 languages as determined by state law.

Oral interpretation services are also available in these languages.
In addition, appropriate auxiliary aids and services, including qualified interpreters for individuals with disabilities and information in alternate formats are also available, free of charge and in a timely manner, when those aids and services are necessary to ensure an equal opportunity to participate for individuals with disabilities.

Anthem Blue Cross does not discriminate on the basis of race, color, national origin, ancestry, religion, sex, marital status, gender, gender identity, sexual orientation, age, or disability.

For information on how to file a complaint, please see GRIEVANCE PROCEDURES. To file a discrimination complaint, please see GET HELP IN YOUR LANGUAGE at the end of this certificate.

STATEMENT OF RIGHTS UNDER THE NEWBORNS AND MOTHERS HEALTH PROTECTION ACT

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However the plan or issuer may pay for a shorter stay if the attending physician (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48 hour (or 96 hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain pre-certification. For information on pre-certification, please call the Member Services telephone number listed on your ID card.

STATEMENT OF RIGHTS UNDER THE WOMEN’S HEALTH AND CANCER RIGHTS ACT OF 1998

This plan, as required by the Women’s Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema). If you have any questions about this coverage, please call the Member Services telephone number listed on your ID card.
GENERAL PLAN INFORMATION

The following information, together with the preceding material, forms a Benefit Booklet under the Employee Retirement Income Security Act of 1974 (ERISA). The benefit booklet covers group medical coverage to eligible employees of University of San Francisco. The University of San Francisco Group Medical Plan is administered on a self-insured basis with benefit claims processed by Anthem Blue Cross, on behalf of Anthem Blue Cross Life and Health Insurance Company (Claims Administrator).

A brief explanation of these benefits, deductibles, copays, benefit maximums, limitations and exclusions, and the extent to which preventive care is covered may be found in the section entitled **SUMMARY OF BENEFITS.** A more detailed description of the benefits, deductibles, copays, benefit maximums, limitations and exclusions, and the extent to which preventive care is covered appears in the sections entitled in the sections entitled **TYPES OF PROVIDERS, SUMMARY OF BENEFITS, YOUR MEDICAL BENEFITS, YOUR MEDICAL BENEFITS: DEDUCTIBLES, CO-PAYMENTS, OUT-OF-POCKET AMOUNTS AND MEDICAL BENEFIT MAXIMUMS, YOUR MEDICAL BENEFITS: CONDITIONS OF COVERAGE, YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED, YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS NOT COVERED, SUBROGATION AND REIMBURSEMENT, YOUR PRESCRIPTION DRUGS BENEFITS, YOUR PRESCRIPTION DRUGS BENEFITS: PRESCRIPTION DRUG COVERED EXPENSE, YOUR PRESCRIPTION DRUGS BENEFITS: PRESCRIPTION DRUG CO-PAYMENTS, YOUR PRESCRIPTION DRUGS BENEFITS: PRESCRIPTION DRUG UTILIZATION REVIEW, YOUR PRESCRIPTION DRUGS BENEFITS: PREFERRED DRUG PROGRAM, YOUR PRESCRIPTION DRUGS BENEFITS: PRESCRIPTION DRUG CONDITIONS OF SERVICE, YOUR PRESCRIPTION DRUGS BENEFITS: PRESCRIPTION DRUG SERVICES AND SUPPLIES THAT ARE COVERED, YOUR PRESCRIPTION DRUGS BENEFITS, PRESCRIPTION DRUGS SERVICES AND SUPPLIES THAT ARE NOT COVERED, COORDINATION OF BENEFITS, BENEFITS FOR MEDICARE ELIGIBLE BENEFICIARIES, MEDICATION MANAGEMENT PROGRAMS, UTILIZATION REVIEW PROGRAM, and DEFINITIONS.
Coverage for a Child Due to a Qualified Medical Support Order ("QMCSO")

If you or your spouse are required, due to a QMCSO, to provide coverage for your child(ren), you may ask your employer or Plan Administrator to provide you, without charge, a written statement outlining the procedures for getting coverage for such child(ren).

10. **Eligibility for Participation.** The eligibility requirements for participation under the Prudent Buyer Plan are set forth in the Benefit Booklet in the section entitled HOW COVERAGE BEGINS AND ENDS under the subsection HOW COVERAGE BEGINS.

11. **Grounds for Ineligibility or Loss or Denial of Benefits.** Details describing the circumstances which may result in: (a) disqualification from the Prudent Buyer Plan; (b) ineligibility for benefits; or (c) denial, loss, forfeiture or suspension of benefits under the Plan are set forth and identified in the Benefit Booklet, as outlined below:

- Reasons for ineligibility or loss of benefits may be found in the section entitled HOW COVERAGE BEGINS AND ENDS under the subsection HOW COVERAGE ENDS.

- Benefits may be denied or suspended if statements a plan participant has made in connection with obtaining coverage were false.

- Information concerning situations under which benefits may be reduced or denied may also be found in the sections entitled TYPES OF PROVIDERS, SUMMARY OF BENEFITS, YOUR MEDICAL BENEFITS, YOUR MEDICAL BENEFITS: MAXIMUM ALLOWED AMOUNT, YOUR MEDICAL BENEFITS: DEDUCTIBLES, CO-PAYMENTS, OUT-OF-POCKET AMOUNTS AND MEDICAL BENEFIT MAXIMUMS, YOUR MEDICAL BENEFITS: CONDITIONS OF COVERAGE, YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED, YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS NOT COVERED, SUBROGATION AND REIMBURSEMENT, YOUR PRESCRIPTION DRUGS BENEFITS, YOUR PRESCRIPTION DRUGS BENEFITS: PRESCRIPTION DRUG COVERED EXPENSE, YOUR PRESCRIPTION DRUGS BENEFITS: PRESCRIPTION DRUG CO-PAYMENTS, YOUR PRESCRIPTION DRUGS BENEFITS: PRESCRIPTION DRUG UTILIZATION REVIEW, YOUR PRESCRIPTION DRUGS BENEFITS: PREFERRED DRUG PROGRAM, YOUR PRESCRIPTION DRUGS BENEFITS: PRESCRIPTION DRUG CONDITIONS OF SERVICE, YOUR PRESCRIPTION DRUGS BENEFITS: PRESCRIPTION DRUG SERVICES AND SUPPLIES THAT ARE COVERED, YOUR PRESCRIPTION DRUGS BENEFITS, PRESCRIPTION DRUGS SERVICES AND SUPPLIES THAT ARE NOT COVERED, COORDINATION OF BENEFITS, BENEFITS FOR MEDICARE ELIGIBLE BENEFICIARIES, UTILIZATION REVIEW PROGRAM, and DEFINITIONS.
12. **Claims Procedures.** The plan document and this booklet entitled “Benefit Booklet,” contain information on reporting claims, including the time limitations on submitting a claim. Claim forms may be obtained from the Plan Administrator or from the Claims Administrator. (Note that the Claims Administrator is not the Plan Administrator nor the administrator for the purposes of ERISA.) In addition to this information, ERISA applies some additional claim procedure rules. The addition rules required by ERISA are set forth below.

**Urgent Care.** The Claims Administrator must notify you, within 72-hours after they receive your request for benefits, that they have it and what they determine your benefits to be. If your request for benefits does not contain all the necessary information, they must notify you within 24-hours after they get it and tell you what information is missing. Any notice to you by them will be orally, by telephone, or in writing by facsimile or other fast means. You have at least 48-hours to give them the additional information they need to process your request for benefits. You may give them the additional information they need orally, by telephone, or in writing by facsimile or other fast means.

If your request for benefits is denied in whole or in part, you will receive a notice of the denial within 72-hours after the Claims Administrator's receipt of the request for benefits, or 48 hours after receipt of all the information they need to process your request for benefits if the information is received within the time frame noted above. The notice will explain the reason for the adverse benefit determination and the plan provisions upon which the denial decision was based. You have 180-days to appeal their adverse benefit determination. You may appeal their decision orally, by telephone, or in writing by facsimile or other fast means. Within 72-hours after they receive your appeal, they must notify you of their decision, except as otherwise noted below. They will notify you orally, by telephone, or in writing by facsimile or other fast means. If your request for benefits is no longer considered urgent, it will be handled in the same manner as a Non-Urgent Care Pre-Service or Post-service appeal, depending upon the circumstances.

**Non-Urgent Care Pre-Service (when care has not yet been received).** The Claims Administrator must notify you within 15-days after they receive your request for benefits that they have it and what they have determined your benefits to be. If they need more than 15-days to determine your benefits, due to reasons beyond their control, they must notify you within that 15-day period that they need more time to determine your benefits.
But, in any case, even with an extension, they cannot take more than 30-days to determine your benefits. If you do not properly submit all the necessary information for your request for benefits to them, they must notify you, within 5-days after they get it and tell you what information is missing. You have 45-days to provide them with the information they need to process your request for benefits. The time period during which the Claims Administrator is waiting for receipt of the necessary information is not counted toward the time frame in which the Claims Administrator must make the benefit determination.

If your request for benefits is denied in whole or in part, you will receive a written notice of the denial within the time frame stated above after the Claims Administrator has all the information they need to process your request for benefits, if the information is received within the time frame noted above. The written notice will explain the reason for the adverse benefit determination and the plan provisions upon which the denial decision is based. You have 180-days to appeal their adverse benefit determination. Your appeal must be in writing. Within 30-days after they receive your appeal, they must notify you of their decision about it. Their notice of their decision will be in writing.

Concurrent Care Decisions:

- **Reduction of Benefits** – If, after approving a request for benefits in connection with your illness or injury, the Claims Administrator decides to reduce or end the benefits they have approved for you, in whole or in part:
  - They must notify you sufficiently in advance of the reduction in benefits, or the end of benefits, to allow you the opportunity to appeal their decision before the reduction in benefits or end of benefits occurs. In their notice to you, the Claims Administrator must explain their reason for reducing or ending your benefits and the plan provisions upon which the decision was made.
  - To keep the benefits you already have approved, you must successfully appeal the Claims Administrator’s decision to reduce or end those benefits. You must make your appeal to them at least 24-hours prior to the occurrence of the reduction or ending of benefits. If you appeal the decision to reduce or end your benefits when there is less than 24-hours to the occurrence of the reduction or ending of benefits, your appeal may be treated as if you were appealing an urgent care denial of benefits (see the section “Urgent Care,” above), depending upon the circumstances of your condition.
If the Claims Administrator receives your appeal for benefits at least 24-hours prior to the occurrence of the reduction or ending of benefits, they must notify you of their decision regarding your appeal within 24-hours of their receipt of it. If the Claims Administrator denies your appeal of their decision to reduce or end your benefits, in whole or in part, they must explain the reason for their denial of benefits and the plan provisions upon which the decision was made. You may further appeal the denial of benefits according to the rules for appeal of an urgent care denial of benefits (see the section “Urgent Care,” above).

**Extension of Benefits** – If, while you are undergoing a course of treatment in connection with your illness or injury, for which benefits have been approved, you would like to request an extension of benefits for additional treatments:

- You must make a request to the Claims Administrator for the additional benefits at least 24-hours prior to the end of the initial course of treatment that had been previously approved for benefits. If you request additional benefits when there is less than 24-hours till the end of the initially prescribed course of treatment, your request will be handled as if it was a new request for benefits and not an extension and, depending on the circumstances, it may be handled as an Urgent or Non-Urgent Care Pre-service request for benefits.

- If the Claims Administrator receives your request for additional benefits at least 24-hours prior to the end of the initial course of treatment, previously approved for benefits, they must notify you of their decision regarding your request within 24-hours of their receipt of it if your request is for urgent care benefits. If the Claims Administrator denies your request for additional benefits, in whole or in part, they must explain the reason for their denial of benefits and the plan provisions upon which the decision was made. You may appeal the adverse benefit determination according to the rules for appeal for Urgent, Pre-Service or Post-Service adverse benefit determinations, depending upon the circumstances.

**Non-Urgent Care Post-Service (reimbursement for cost of medical care).** The Claims Administrator must notify you, within 30-days after they receive your claim for benefits, that they have it and what they determine your benefits to be. If they need more than 30-days to determine your benefits, due to reasons beyond their control, they must notify you within that 30-day period that they need more time to determine your benefits.
But, in any case, even with an extension, they cannot take more than 45-days to determine your benefits. If you do not submit all the necessary information for your claim to them, they must notify you, within 30-days after they get it and tell you what information is missing. You have 45-days to provide them with the information they need to process your claim. The time period during which the Claims Administrator is waiting for receipt of the necessary information is not counted toward the time frame in which the Claims Administrator must make the benefit determination.

If your claim is denied in whole or in part, you will receive a written notice of the adverse benefit determination within the time frame stated above, or after the Claims Administrator has all the information they need to process your claim, if the information is received within the time frame noted above. The written notice will explain the reason for the adverse benefit determination and the plan provisions upon which the denial decision is based. You have 180-days to appeal their decision. Your appeal must be in writing. Within 60-days after they receive your appeal, they must notify you of their decision about it. Their notice to you or their decision will be in writing.

**Note:** You, your member, or a duly authorized representative may appeal any denial of a claim for benefits with the Claims Administrator and request a review of the denial. In connection with such a request:

- Documents pertinent to the administration of the Plan may be reviewed free of charge; and
- Issues outlining the basis of the appeal may be submitted.

You may have representation throughout the appeal and review procedure.

For the purposes of this provision, the meanings of the terms "urgent care," "Non-Urgent Care Pre-Service," and "Non-Urgent Care Post-Service," used in this provision, have the meanings set forth by ERISA for a "claim involving urgent care," "pre-service claim," and "post-service claim," respectively.
STATEMENT OF ERISA RIGHTS

As a participant in the Plan, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

Receive Information About Your Plan and Benefits

- Examine, without charge, at the Plan Administrator's office and at other locations, such as worksites and union halls, all Plan documents, including insurance contracts, collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

- Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series) and updated Benefit Booklet. The Plan Administrator may make a reasonable charge for the copies;

- Receive a summary of the Plan's annual financial report; the Plan Administrator is required by law to furnish each participant with a copy of this summary financial report.

Continue Group Health Plan Coverage

- Continue health care coverage for yourself, spouse or dependents if there is a loss of coverage under the plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review this Benefit Booklet and the documents governing the plan on the rules governing your COBRA continuation coverage rights.
Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of your benefit Plan. The people who operate your Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries.

No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a federal court. In such case, the court may require the Plan Administrator to provide the materials requested and to pay you up to $110 a day until you receive the materials, unless the materials are not sent because of reasons beyond the control of the Administrator.

If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court, except that, any dispute concerning denial or partial denial of a claim must be resolved by binding arbitration as provided in the Plan booklet, unless otherwise prohibited under any applicable state or federal law. In addition, if you disagree with the plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in Federal court.

If it should happen that Plan fiduciaries misuse the Plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are unsuccessful, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.
Assistance with Your Questions

If you have any questions about your Plan, you should contact the Plan Administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the Plan Administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W, Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.
