Let’s do this, together!

We know that we’re better together at work, at home, at our WW Workshop—you name it. While our Workshop will no longer be in-person, we can still come together to support and inspire one another, set goals, celebrate successes and everything in between.

It’s time to attend a Virtual Workshop together!

Join a Connect Group by Visiting Studio Finder to find more information.

After signing up for a WW Workshop+Digital membership plan, follow the below steps to find the Virtual Workshop or watch this video:

1. In your WW mobile app, open Connect, our private social network, and click “See all” next to groups.
2. Scroll to the bottom of the page, and tap “Browse groups.”
3. In the search bar, type in your state’s postal abbreviation + the word “Workshop” in the search bar (e.g., “CA Workshop” if you’re in California.)
4. Select the location in your local area.

Can’t wait to see all of you there!
