Under the San Francisco Paid Sick Leave Ordinance, employees may use paid sick leave when they or a member of their family are ill or injured or for the purpose of receiving medical care, treatment, or diagnosis.

In addition to using paid sick leave as specified above, if an employee has no spouse or registered domestic partner, he or she may designate one person for whom the employee may use paid sick leave to aid or care for the person.

Employers must offer the opportunity to make a designation no later than 30 work hours after the date paid sick leave begins to accrue. Employees have 10 work days to make this designation, and thereafter do not have the right to make or change the designation until next offered by the employer. Employers must offer the opportunity to make or change the designation on an annual basis, again with a window of 10 work days for the employee to make or change the designation.
