About this Appendix

For the Quality of Academic Experiences, Quality of Course Instruction, Quality of Campus Services & Facilities, and Quality of Campus Life sections of the survey instrument, HEDS used a 5-pt. scale (5 = *Very satisfied*, 4 = *Generally satisfied*, 3 = *Generally dissatisfied*, 2 = *Very dissatisfied*, 1 = *Have not experienced*). For the purposes of determining the percentage of participants who were generally satisfied or very satisfied throughout this appendix, participants who selected *Have not experienced* have been excluded from the denominator. Additionally, for the purposes of determining the average level of satisfaction, those who selected *Have not experienced* were excluded from the calculation and the data was recoded from the original 5-pt scale to a 4-pt. scale (4 = *Very satisfied*, 1 = *Very dissatisfied*).

School/college, entry-status, residency status, Pell status, and first-generation status, were determined using Banner data. Gender identity, modality, and living situation were determined using responses to questions in the HEDS survey related to gender, how participants attend class, and participants' living situation. In all living situation sections, *Other* includes those who selected fraternity or sorority house [including college-owned housing], in another country, or a living arrangement not listed.

When data is disaggregated by race, Native American/Alaska Native results in $n < 8$ and therefore is excluded from this report in order to preserve privacy. When data is disaggregated by class level, *Other academic classification* results in $n < 8$. Therefore, *Other academic classification* has been excluded from this report in order to preserve privacy.

Quality of Academic Experiences

Participants rated their level of satisfaction with the following academic experiences using a 5pt. scale (5 = *Very satisfied*, 4 = *Generally satisfied*, 3 = *Generally dissatisfied*, 2 = *Very dissatisfied*, 1 = *Have not experienced*): Advising; Availability of courses; Capstone courses, senior seminar, senior project or thesis, comprehensive exams, or other culminating experience; Disability and accessibility services; Faculty availability outside of class; Independent study; Internships, field experiences, or practicums; Multicultural and diversity classes, curricula, or programs; Research with faculty; Service learning or community-based learning; Study abroad or study away; Tutoring, supplemental instruction, writing center, help with study skills, or other academic support services; and Your interaction with faculty.

BY SCHOOL/COLLEGE

The below data indicate the academic experience that the highest and lowest percentage of participants rated as **Generally satisfied** or **Very satisfied**, disaggregated by School/College.

CAS

Highest percentage = Interaction with faculty (**92%**)

Lowest percentage = Availability of courses (**65%**)

SOM

Highest percentage = Interaction with faculty (**90%**)

Lowest percentage = Availability of courses (**64%**)

SONHP

Highest percentage = Tutoring, supplemental instruction, writing center, help with study skills, etc. (**95%**)

Lowest percentage = Internships, field experiences, or practicums (**64%**)

The below data indicate the average rating of each academic experience using a 4-pt. scale (1 = Very dissatisfied, 4 = Very satisfied).

The figure below represents the percentage of domestic and international participants who were Generally satisfied or Very satisfied with each academic experience.

The following figures represent how domestic and international participants rated each academic experience.

INTERNATIONAL

BY PELL STATUS

The below data indicate the academic experience that the highest and lowest percentage of participants rated as **Generally satisfied** or **Very satisfied**, disaggregated by Pell status.

Received Pell

Highest percentage = Interactions with faculty (**90%**)

Lowest percentage = Availability of courses (**65%**)

Did Not Receive Pell

Highest percentage = Interactions with faculty (**92%**)

Lowest percentage = Availability of courses (**67%**)

The below data indicate the average rating of each academic experience using a 4-pt. scale (1 = Very dissatisfied, 4 = Very satisfied).

Quality of Course Instruction

Using a 5pt. scale (5 = *Very satisfied*, 4 = *Generally satisfied*, 3 = *Generally dissatisfied*, 2 = *Very dissatisfied*, 1 = *Have not experienced*), participants rated their level of satisfaction with course instructions in the following areas: Biological Sciences; Business and Management; Communications; Education; Engineering; Fine and Performing Arts; Health Sciences; Humanities; Physical Sciences, Mathematics, and Computer Sciences; and Social Sciences.

BY SCHOOL/COLLEGE

The below data indicate the area of course instruction that the highest and lowest percentage of participants rated as **Generally satisfied** or **Very satisfied**, disaggregated by School/College.

CAS

Highest percentage = Social Sciences (**94%**)

Lowest percentage = Physical Sciences, Mathematics, and Computer Sciences (**78%**)

SOM

Highest percentage = Social Sciences (**92%**)

Lowest percentage = Biological Sciences (**77%**)

SONHP

Highest percentage = Humanities (**95%**)

Lowest percentage = Fine and Performing Arts (**85%**) and Health Sciences (**85%**)

The below data indicate the average rating of each area of course instruction using a 4-pt. scale (1 = Very dissatisfied, 4 = Very satisfied).

BY ENTRY STATUS

The below data indicate the area of course instruction that the highest and lowest percentage of participants rated as **Generally satisfied** or **Very satisfied**, disaggregated by entry status.

Entered as First-year Students

Highest percentage = Social Sciences (**93%**)

Lowest percentage = Physical Sciences, Mathematics, and Computer Science (**78%**)

Entered as Transfer Students

Highest percentage = Humanities (**94%**)

Lowest percentage = Health Sciences (**83%**)

The below data indicate the average rating of each area of course instruction using a 4-pt. scale (1 = Very dissatisfied, 4 = Very satisfied).

The following figures represent how participants who entered as first-year or transfer students rated each area of course instruction.

TRANSFER

BY RESIDENCY STATUS

The below data indicate the area of course instruction that the highest and lowest percentage of participants rated as **Generally satisfied** or **Very satisfied**, disaggregated by residency status.

Domestic Students

Highest percentage = Social Sciences (**94%**)

Lowest percentage = Physical Sciences, Mathematics, and Computer Science (**78%**)

International Students

Highest percentage = Business and Management (**96%**) and Communications (**96%**)

Lowest percentage = Engineering (**87%**)

The figure below represents the percentage of domestic and international participants who were Generally satisfied or Very satisfied with each area of course instruction.

The following figures represent how domestic and international participants rated each area of course instruction.

INTERNATIONAL

BY PELL STATUS

The below data indicate the area of course instruction that the highest and lowest percentage of participants rated as **Generally satisfied** or **Very satisfied**, disaggregated by Pell status.

Received Pell

Highest percentage = Social Sciences (**94%**)

Lowest percentage = Physical Sciences, Mathematics, and Computer Science (**79%**)

Did Not Receive Pell

Highest percentage = Social Sciences (**93%**)

Lowest percentage = Physical Sciences, Mathematics, and Computer Science (**80%**)

The below data indicate the average rating of each area of course instruction using a 4-pt. scale (1 = Very dissatisfied, 4 = Very satisfied).
