WHY RECYCLE E-WASTE?

Environmental Safety

Many electronic devices contain hazardous materials that pose a threat to the environment. As electronics decompose, the hazardous materials are released which put wildlife, ecosystems, and human health at risk.

PROPER DISPOSAL OF E-WASTE HELPS PROTECT THE ENVIRONMENT!

WHAT IS E-WASTE?

The term 'e-waste' refers to any unwanted electronic device including but not limited to:

- Televisions
- Computers
- Laptops
- Desktop monitors
- Batteries
- Gaming systems
- Phones
- Tablets
- Radios
- Printers
- Keyboards
- LEDs & CFLs

HOW AND WHERE CAN YOU DISPOSE OF E-WASTE?

ENVIRONMENTAL HEALTH & SAFETY OFFICE, USF

Located on the bottom floor of the Hayes-Healy residence hall, the EH&S Office will collect larger e-waste.

E-WASTE DISPOSAL BINS IN DORMS

The first floor of each USF dorm hall has an e-waste disposal station. Ask your CA or RA if you need help locating it.

RECOLOGY SF TRANSFER STATION

You can drop off up to 30 electronic items per month for free at Recology's SF Transfer Station on Tunnel Avenue.
