

USF Food Pantry

ABOUT US

The Food Pantry is a short-term, intermediate solution for any registered USF student to receive food and toiletry resources. Students are encouraged to come and take any resources they need.

LOCATION

Located in the Gleeson Library Monihan Atrium.

HOW DOES THE FOOD PANTRY WORKS

When you arrive at the Food Pantry, grab a number ticket and scan the QR code to confirm that you are a USF student! When the pantry opens and your number is called, please bring your ticket to the pantry entrance and give it to the staff member or volunteer waiting there.

OTHER RESOURCES AT THE FOOD PANTRY

Aside from the non-perishable food and toiletries that the food pantry offers, there are other food resources present during hours of operation .

Star Route Farms Produce

Three boxes of Star Route Farms produce are distributed at each pantry event, with produce ranging from lettuce, kale, kohlrabi, onions, dates, and much, much more.

Seed Library

The USF Seed Library makes appearances at pantry events, distributing seeds to students so they can grow their own herbs and small vegetables.
