Program Director

Noopur Agarwal

nagarwal3@usfca.edu

XARTS 004

Noopur Agarwal is a practicing visual communication designer dedicated to increasing critical public engagement with issues of global and local concern. Her practice is based both on service: working collaboratively and interdisciplinarily to make a strategic difference within an organization; and authorship: producing exploratory works. Her creative output often takes the form of “experiential graphic design” (physical and digital interactive environmental graphics) and includes brand identity...

Education: Temple University, MFA in Graphic and Interactive Design, 2014, The Ohio State University, BSD in Visual Communication Design, 2007

Your need at least 128 credits to graduate.

49 credits from design major classes
