## **Preamble**

This agreement is entered into on January 1, 2005 between the University of San Francisco (“the University”), and the USF Part-Time Faculty Association (“the Association”).

## **VISION, MISSION and VALUES of the University of San Francisco**

*Approved by the Board of Trustees September 11, 2001*

### **VISION**

The University of San Francisco will be internationally recognized as a premier Jesuit Catholic, urban University with a global perspective that educates leaders who will fashion a more humane and just world.

### **MISSION**

The core mission of the University is to promote learning in the Jesuit Catholic tradition. The University offers undergraduate, graduate and professional students the knowledge and skills needed to succeed as persons and professionals, and the values and sensitivity necessary to be men and women for others.

The University will distinguish itself as a diverse, socially responsible learning community of high quality scholarship and academic rigor sustained by a faith that does justice. The University will draw from the cultural, intellectual and economic resources of the San Francisco Bay Area and its location on the Pacific Rim to enrich and strengthen its educational programs.

### **CORE VALUES**

The University's core values include a belief in and a commitment to advancing:

1. the Jesuit Catholic tradition that views faith and reason as complementary resources in the search for truth and authentic human development, and that welcomes persons of all faiths or no religious beliefs as fully contributing partners to the University
2. the freedom and the responsibility to pursue truth and follow evidence to its conclusion
3. learning as a humanizing, social activity rather than a competitive exercise
4. a common good that transcends the interests of particular individuals or groups; and reasoned discourse rather than coercion as the norm for decision making
5. diversity of perspectives, experiences and traditions as essential components of a quality education in our global context
6. excellence as the standard for teaching, scholarship, creative expression and service to the University community
7. social responsibility in fulfilling the University's mission to create, communicate and apply knowledge to a world shared by all people and held in trust for future generations
8. the moral dimension of every significant human choice: taking seriously how and who we choose to be in the world
9. the full, integral development of each person and all persons, with the belief that no individual or group may rightfully prosper at the expense of others
10. a culture of service that respects and promotes the dignity of every person.

## STRATEGIC INITIATIVES

*The following initiatives are key to the University's achieving recognition as a premier Jesuit Catholic, urban university:*

1. Recruit and retain a diverse faculty of outstanding teacher-scholars and a diverse, highly qualified, service-oriented staff, all committed to advancing the University's Visions, Mission and Values;
2. Enroll, support and graduate a diverse student body, which demonstrates high academic achievement, strong leadership capability, concern for others and a sense of responsibility for the weak and the vulnerable.
3. Provide an attractive campus environment and the resources to promote learning throughout the University:
  - Learning resources that improve the curriculum and support scholarship
  - Facilities to support outstanding educational programs
  - Technology solutions to enhance learning and improve service
4. Continue to strengthen the University's financial resources to support its educational mission.

In the event a dispute arises between the University and any of its employees or any unions representing or attempting to represent those employees, or if any dispute arises between any company doing business with the University and any of its employees or unions representing or attempting to represent those employees, such dispute shall not affect the rights and obligations of the parties to this Agreement; and the parties agree to abide by this Article even in the event of any strike or interference with delivery of services caused by a dispute described above.

Neither the Association nor the University shall be excused from its obligations under this Agreement due to any unfair labor practice or other unlawful act or breach of any provision of this Agreement.

## **ARTICLE 7**

### **Union Security**

**7.1** All adjunct professors shall, no later than thirty-one (31) days after their initial employment date at the University, either (i) become Association members; (ii) apply for service fee status; or (iii) file for conscientious objector status, as these options are described below

### **7.2 Full Member**

Option I: Association Membership Status

Any member of the bargaining unit may become a full member of the Association thirty-one (31) days after the effective date of this Agreement or thirty-one (31) days after his or her date of hire. Association membership status is for the term of this Agreement or until termination of employment, whichever is sooner. Full members may be assessed Association dues, special assessments and initiation and/or reinstatement fees uniformly required of all Association members. If the Association provides written notice to the University that any member is not in good standing for failing to pay dues, that member shall no longer be a member of the Association and shall assume service fee status.

### **7.3 Service Fee Member**

Option II: Service Fee Status

The University shall automatically deduct a service fee from the paycheck of adjunct professors who are not full members or who are granted conscientious objector status. The service fee shall be no greater than dues paid by a regular adjunct professor. Service fee payors shall not be deemed full members of the USFFA in any manner and their names shall not appear on any union lists or literature.

## 7.4 CO Status

### Option III: Conscientious Objector Status

#### a) Declaring CO Status

Any adjunct professor may file a declaration to the University for Conscientious Objector (CO) status within thirty-one (31) days of employment. The declaration must include the reasons why the applicant believes he or she meets the standards for CO status set forth below.

#### b) CO Review Standard

The standard of review for Conscientious Objector status includes the following criteria:

##### 1) Conflict of Interest

Whether joining a labor organization presents a conflict of interest with the adjunct professor's function in non-university employment; or

##### 2) Violations of Beliefs

Whether joining a labor organization presents a violation of the adjunct professor's conscience, religious or moral beliefs or sincerely held principles.

#### c) Conferring CO Status

The University shall ordinarily confer CO status on adjunct professor applicants. Adjunct professors with CO status are not members of the Association but must pay an amount equal to fees or dues to a USF Student Scholarship Fund.

#### d) CO Panel Meeting

Should the Association question, within sixty (60) days of receipt of a declaration, whether an applicant meets the standard for CO status, the CO panel may request a meeting with the applicant. The applicant may meet with the CO panel at his/her discretion.

#### e) CO Panel

The CO Panel shall be composed of one member selected by the Association and one member selected by the University. These two members shall mutually agree on a third member. If they are unable to select a third member, the choice shall be made by the alternate strike method of selection from a list mutually agreed upon by the two members.

#### f) Panel Review

The CO Panel shall review the declaration submitted by an applicant and render a decision. Such review shall take place within thirty (30) days after the Association formally questions the declaration.

g) Payment of Fees During Review

No applicant shall pay any fees until CO status is determined.

h) Panel Confidentiality

All contents and deliberations of the Panel shall be confidential.

i) Panel Decisions Final

The CO Panel shall ordinarily render a decision within thirty (30) days from the date the Association formally questions a declaration, and shall provide a copy to the applicant, the Association and the Provost.

j) Unsuccessful Applicants

An applicant denied CO status shall within two (2) weeks after receipt of the CO Panel's decision, assume service fee status or full membership.

**7.5 Eligibility for Re-employment**

Selection of a union security alternative shall not guarantee any reemployment rights or continuing status at the University.

**ARTICLE 8**

**Dues Deduction**

**8.1 Dues and fees**

The University shall deduct Association dues and fees from each Association member's salary upon tender of a signed authorization form from the member. The University shall make such authorization forms available to bargaining unit members upon employment.

**8.2 Dues When not Employed**

Adjunct professors shall not pay Association dues or service fees during semesters in which they are not employed to teach. The University shall immediately terminate any dues/fees deduction authorization for each adjunct professor who ceases to be employed in the bargaining unit covered by this Agreement.

**8.3 Indemnification**

The Association shall indemnify and hold the University harmless against any and all claims, demands or suits or liabilities that arise out of or by reason of the University's actions or inactions in complying with this Article 8.

**ARTICLE 9**

**Academic Freedom**

**9.1 Academic Freedom Policy**

The University shall maintain its policy of full freedom of inquiry, teaching and research. Such academic freedom shall encompass the freedom of discussion of

any material relevant to any course that an adjunct professor may teach, and shall not place unreasonable restrictions upon instructional means and methods.

## **9.2 Academic Freedom**

In an adjunct professor's role as a citizen, he/she shall continue to have the same freedom as other citizens, provided that in his/her extramural utterances, he/she shall neither explicitly nor implicitly claim to represent the viewpoint of the University.

## **ARTICLE 10**

### **Assignment of Responsibilities**

#### **10.1 Teaching Duties**

An adjunct professor is expected to perform teaching duties in accordance with the requirements of the University and the particular school or college in which the adjunct professor is assigned. Such written requirements will be made available upon the written request of the adjunct professor.

#### **10.2 Office Hours**

Responsibilities of an adjunct professor shall include instruction and instruction-related responsibilities as assigned by the dean. Adjunct professors are expected to keep regular office hours on a schedule approved by the dean and be available to students without previous appointment. Adjunct professors must post a schedule and strictly observe the schedule for office hours.

#### **10.3 Scholarly Endeavors**

Adjunct professors may request to participate in additional University or college activities and scholarly endeavors; and when possible, the dean shall accommodate such requests. The dean's decision regarding such requests shall not be subject to the grievance procedure.

#### **10.4 Part-Time Status Defined**

Individuals teaching eight (8) units or fewer per term shall be routinely considered adjunct professors. This provision does not preclude the dean from assigning an adjunct professor more than eight (8) units per term, and such assignment shall not establish full-time status for such individual. An adjunct professor who is assigned and teaches more than eight (8) units in four (4) consecutive terms may, upon request, be considered for placement in the full-time unit.

#### **10.5 Grade Lists**

Adjunct professors shall file with the dean, in a reasonable and timely manner as directed by the University, an accurate and complete grade list for all students registered in the adjunct professor's course(s).

## **10.6 Tax Status**

Adjunct professors shall provide the University, in a timely manner, full information regarding payroll deductions and tax status.

## **10.7 Syllabi**

Adjunct professors shall submit to the dean no later than one week prior to the first scheduled day of classes, two (2) copies of written course syllabi for each course taught and two (2) copies of the written final exam for each course taught. A summary of the course content and the basis for grading must be included in the course syllabus. The dean may grant exceptions to the above requirements.

## **10.8 Access to Support Services**

Subject to availability and University policies and procedures, as determined by the dean, adjunct professors under a current appointment shall have routine access to instructional support services which include office space, clerical assistance, and computer and facsimile services.

## **10.9 Availability for Service**

Adjunct professors must be available for service at the University during the term of their employment.

## **10.10 Other Responsibilities**

Adjunct professors are expected to provide effective teaching, good representation of the University in public affairs and community activities, and maintenance of sound personal and ethical relations with colleagues, supervisors, students and the community.

# **ARTICLE 11**

## **Appointment; Course Cancellation**

### **11.1 Appointments by Course**

The dean shall make appointments for a particular course(s) only.

### **11.2 Notification of Appointment**

An appointment is effective upon receipt of written notification of appointment from the University. Notification shall be provided as soon as feasible, but no later than the final census date of each semester as reflected in the University academic calendar. Notification shall include the beginning and ending dates of appointment, salary, the anticipated teaching assignment, as well as other conditions of employment. Notification is not required for course sections or courses added after the final census date, or in which adjunct professors start teaching at a time other than the beginning of the regular semester schedule.

### **11.3 Course Cancellation**

The University may, at the dean's sole discretion, cancel a particular course based upon lack of enrollment or for budgetary or programmatic reasons.

#### **11.4 Listing in Schedule**

The University shall attempt to send notifications of appointment in time for the adjunct professor's name to be published in the pre-registration class schedule.

#### **11.5 Compensation for Course**

When a course(s) to be taught by an adjunct professor is canceled one (1) month or less before the first class meeting or after the first class meeting, the University shall pay the adjunct professor assigned to teach such a course(s) ten percent (10%) of the stipulated salary that individual was to be paid for such course(s) as compensatory salary. If a course is cancelled more than forty-five (45) days before the first class meeting, no compensatory salary is owed to the adjunct professor.

#### **11.6 Society of Jesus**

In recognition of the character and heritage of the University and notwithstanding any other provision of this Agreement, the University may appoint or retain members of the Society of Jesus on a priority basis.

### **ARTICLE 12**

#### **Continuing Service For Adjunct Professors**

##### **12.1 PHP Eligibility**

Effective January 1, 2010, all adjunct professors who upon evaluation are determined to be good teachers and competent in their teaching assignment in accordance with Article 13, and who have completed at least thirty-two (32) units and have a minimum of two (2) years of service, may apply for the preferred hiring pool (PHP). Application to the PHP is submitted to the dean each spring semester on or before February 15<sup>th</sup>.

##### **12.2 Effect of Non-Appointment**

Adjunct professors not placed in the pool shall not be re-employed by the University. The decision of the dean shall be final.

##### **12.3 Discretionary Placement**

The dean, at his/her discretion, may place adjunct professors, who do not meet the criteria set forth above, in the PHP.

##### **12.4 PHP Seniority**

Once an individual is placed into the PHP, the dean shall assign adjunct professors on the basis of seniority (as determined by the date of entrance to the PHP) and established competence. However, no adjunct professor has an exclusive right to teach a particular course.

##### **12.5 Dean's Discretion**

If adjunct professors in the PHP have the same seniority and request to teach the same course, the dean shall have sole discretion to determine the assignment.

## **12.6 Re-employment of PHP Members**

Adjunct professors in the PHP shall be offered part-time appointment in a course offered by the University. However, the dean has the final discretion not to re-employ a PHP member for one of the following reasons:

1. The course(s) to which the adjunct professor has been assigned has been changed substantively; or
2. The teaching effectiveness of the adjunct professor has declined as determined by the University in its sole discretion; or
3. The adjunct professor has failed to comply with school or departmental policies and procedures concerning employment or failed to comply with other University directives.

Adjunct professors who are evaluated and judged by the dean (pursuant to Article 13) to be incompetent or poor teachers may not be re-employed by the University. Adjunct professors who are not reappointed pursuant to 1 above may be reassigned to teach another course if the dean deems them competent and qualified. Adjunct professors who are not reappointed pursuant to 3 above may be given an opportunity to improve or meet new qualifications.

## **12.7 Full-Time Faculty Scheduling**

The dean may refuse to offer an adjunct professor a teaching assignment due to full-time faculty scheduling. In such cases, the adjunct professor shall not lose seniority or be excluded from the PHP.

## **12.8 Leaves of Absence**

- a) Except when absent on leave with the approval by the dean, adjunct professors in the PHP who decline an offer to teach at any time during the two (2) calendar years immediately following the starting date of their last appointment will not ordinarily retain seniority rights or the right to preferential assignment. Adjunct professors in the PHP who are not offered a teaching assignment for a period of two (2) calendar years following the starting date of last employment will not ordinarily retain seniority rights or the right to preferential assignment.
- b) The dean, at his/her sole discretion, may extend the seniority rights of an adjunct professor who does not teach for a period of two (2) years and such decision shall not be subject to the grievance procedure. The dean may grant a leave of absence to an adjunct professor member, if the adjunct professor submits a written request to the dean at least sixty (60) calendar days before the beginning of the semester of the requested leave of absence.

## **12.9 Right of Continued Employment**

Placement in the PHP does not establish the right of permanent part-time employment or any continued employment at the University.

### **12.10 Special Programs**

The above provisions of this Article apply to an adjunct professor employed in Summer Session or Intersession, but not in Special Programs. The dean shall determine the pay for adjunct professor teaching during Summer Session and/or Intersession.

### **12.11 Teaching Sites**

Adjunct professors employed in regional campus programs shall be placed in the PHP after meeting requirements as set forth in 12.1. In all such cases the PHP shall be site specific (e.g., by specific address and facility).

### **12.12 Preferred Hiring Pool 2 (PHP 2)**

Effective spring 2011, the University will announce a new PHP category (PHP 2) that will be implemented fall 2011. The University will meet and confer to develop mutually acceptable guidelines with the Part-time Faculty Association before they are finalized. Promotion to PHP 2 will be limited to a maximum of 10 adjunct professors in 2011 and will be based on teaching excellence. Decisions by the dean for PHP 2 status will be final and shall not be subject to the grievance and arbitration provisions of the agreement.

**12.13** A task force will convene no later than June 1, 2012 to evaluate all aspects of PHP 2.

**12.14** For the academic year 2011-2012 and 2012-13, PHP 2 applications process will be put in abeyance. Adjuncts may request placement into PHP 2 after meeting with their Dean or the Dean's designee.

## **ARTICLE 13**

### **Evaluation**

#### **13.1 Conducting Evaluations**

The University retains the right to evaluate adjunct professors, including use of student and/or administrative evaluations.

13.1.1 In conducting evaluations, the dean shall determine if adjunct professors possess professional competencies related to teaching responsibilities and assignments.

#### **13.2 Evaluation One**

Upon completion of the first semester of teaching at USF, the adjunct professor shall complete an Adjunct Teaching Prospectus (ATP) and then meet with the department chair to review the ATP and the SUMMA evaluations from that semester and to discuss the adjunct professor's performance and status. The University shall develop the ATP in consultation with the Association.

### **13.3 Evaluation Two**

Upon completion of sixteen (16) units or four semesters, whichever occurs first, the adjunct professor shall prepare for the dean's review a teaching evaluation prospectus that outlines his or her strengths and weaknesses in teaching for the previous semesters and sets forth strategies for improved teaching and pedagogical training in anticipation of the PHP application. The dean shall meet with the adjunct professor and provide an evaluation of his or her performance.

### **13.4 Evaluation Three: PHP Application Process**

The application shall include the following:

**13.4.1** A list of the course(s) and sections taught, and the semesters in which each was taught.

**13.4.2** Current curriculum vitae.

**13.4.3** A statement of teaching philosophy that outlines the applicant's principles on teaching generally and in terms of the mission and goals of USF specifically.

**13.4.4** Any additional materials the applicant believes demonstrate excellence in teaching, including but not limited to letters from faculty, administrators, and students.

### **13.5 The evaluation process shall include a review of all SUMMA evaluations.**

**13.5.1** The applicant shall be responsible for submitting all SUMMA evaluations.

**13.5.2** The application must be accompanied by the documentation specified in Section 13.4. If the dean requests additional documentation, the applicant shall provide the additional documentation in a timely manner.

**13.5.3** Documentation submitted after the initial application may be accepted upon approval by the dean.

**13.5.4** The dean may discuss the application with the department chair or program director but the dean shall have sole discretion to determine if adjunct professors meet the criteria for placement in the PHP. The decision of the dean shall be final.

**13.5.5** If an adjunct professor chooses not to apply for PHP status he/she may continue to be employed providing that the adjunct professor continues to meet the criteria listed in 12.1.

### **13.6 Notification by Dean**

On or before - June 30 for the spring semester of the academic year, the dean shall notify each applicant of the decision on PHP status.

**13.6.1** The dean's decision shall be in writing.

**13.6.2** Adjunct professors who are granted PHP status will be placed in the PHP the semester following notification by the dean.

**13.6.3** Adjunct professors not granted PHP status may not be re-employed, except under the provisions of Section 13.7.

### **13.7 Re-evaluation for PHP**

PHP applicants not placed in the PHP, but re-employed, may be re-evaluated by the dean at a later date in the following manner:

**13.7.1** The dean will meet with the adjunct professor to discuss and devise a written re-evaluation plan.

**13.7.2** The length of the re-evaluation period must not exceed the earlier of twelve (12) additional units or four (4) semesters.

**13.7.3** Adjunct professors who do not accept the re-evaluation plan may not be re-employed.

**13.7.4** At the conclusion of the re-evaluation period, the adjunct professor will be evaluated in accordance with the re-evaluation plan.

**13.7.5** Adjunct professors who successfully complete the re-evaluation plan will be placed in the PHP for the following semester. Part-time faculty who do not successfully complete the re-evaluation plan may not be re-employed. In either case, the dean's decision shall be final.

### **13.8 Additional Evaluations**

The dean may conduct evaluations of adjunct professors, irrespective of PHP status, at other times pursuant to this Article.

**13.8.1** Following an evaluation, the dean, at his/her discretion, may decide not to re-employ the adjunct professor; and the dean's decision shall be final.

### **13.9 Evaluation for PHP Status**

Adjunct professors will be evaluated for PHP status solely on the basis of the application. Placement of any particular adjunct professor in the PHP shall not be a standard of comparison or precedent for other applicants to the PHP.

### **13.10 Review of Dean's PHP Decisions**

Decisions of the dean as set forth in this Article shall not be subject to the grievance and arbitration provisions of the Agreement. An adjunct professor who has applied for placement in the PHP may request a review of the dean's decision. Such review shall be limited to whether the procedures set forth in this Article have been followed.

**13.10.1** Review Procedure.
