   a. What actions are being taken for all students to be safe?
      i. New protocols are being done because of COVID-19
      ii. Working on providing service and students feeling comfortable with the service

   b. Will there be a reduction of officers on campus due to the virtual format?
      i. No, there are still some faculty, staff, and students on campus. The University still requires services to maintain the safety of the campus.
      ii. SHaRE and Facilities are requesting extra passing calls due to the depletion of staff to ensure security for the residents currently on campus.
      iii. Once COVID-19 is over, Public Safety will abide by BSU’s request and Public Safety will only do the pass call to the front desk of each dorm.

   c. Are the training or policies being changed?
      i. There is a mindfulness training, but Public Safety is creating a new program for training the staff
      ii. There is an advisory board for Public Safety to ensure the staff is meeting the demands of the community on campus
      iii. The department is also trying to increase diversity within the Public Safety officers through recruitment
         1. There is not a maximum quota for Public Safety Officers
      iv. Public Safety Officers have not needed to use force in the past and hope to never need to in the future

   d. Feedback/Questions
      i. How is Public Safety responding to the removal of firearms?
1. The department is looking to change the uniforms and adjusting the service to the community

ii. What is the difference between community service officers and safety officers?
   1. Community service officers do not go through the police training and do not carry firearms
      a. Deal with requests that are not crime related and serve in a less intimidating way
   2. Safety officers go through the police training and can carry firearms
      a. First responders for active shooters

iii. Have there been discussions as to why officers over monitor certain floors?
   1. There was a discussion about their presence, but the discussion was more centered around why the students felt unease with their presence.
   2. The department also checked the presence frequency within the all dorm halls to amend the situation.
      a. The data collected did not show an increased presence in Toller specifically, but the department also investigated the reason why the students felt targeted and seek to resolve the issue
      b. Open to suggestions and feedback
