

Worksheet

Accurately analyzing where you are in a class is a valuable skill. This worksheet is designed to help you calculate your current grade in a specific course. With that knowledge, you are in a better position to identify which study habits are working and which should be added or adjusted.

Course: _____
Current Grade: _____
Goal Grade: _____

1. Possible points so far:	
2. Points earned so far:	
3. Current grade: (score from line 2 ÷ score from line 1)	
4. Total points in the course:	
5. Points needed to achieve goal grade: (total points x .00% of score you want)	
6. Points needed to earn goal grade: (line 5 - line 2)	

Looking Back

1. Based on graded assignments, tests, and/or papers (and other feedback), what are you doing well in this class?
2. Based on graded assignments, tests, and/or paper (and other feedback), what can you improve on in this class?
3. Which study habits and skills are working well for this class?

Looking Forward

4. Which study habits and skills can you add or adjust for this class?
5. What kind of assignments make up the rest of your points you need to earn?
6. What resources can you use to improve your work on those assignments?
