Student Disability Services

Student Disability Services (SDS) is committed to helping USF students succeed. By suggesting accommodations for students with disabilities, SDS helps them achieve their goals. Eligibility for these services is determined on an individual basis for each student and early planning is essential for many of the resources and accommodations. Curious about eligibility? See the information below.

1. **Apply online:** Your first step is to initiate the **intake and eligibility** on the SDS website.
2. **Intake/eligibility appointment:** Once your application is processed you will meet with your assigned specialist to discuss appropriate accommodations and academic adjustments.
3. **Accommodations:** Once reasonable accommodations have been determined, you will receive an accommodation letter. Students are responsible for notifying appropriate university personnel. Most accommodations are arranged within 10 business days.

SDS has also compiled a list of **frequently asked questions** that can be helpful when beginning to navigate their department. **Learn more about accommodations and services on their website »**
