1. Overview

Leadership has approved this protocol to serve the USF Community during the COVID-19 crisis and the California Shelter-in-Place mandate. Off-campus deliveries are intended to support online instruction, infrastructure, health, and safety. Please include ACTIVITY CODE CV0019 in the FOAPAL string on all COVID-19 related orders.

The procedure outlined below are aligned to the USF Procurement Policy, ensuring University contract pricing and additional value-added benefits are applied to all USF expenditures.

HTS does not allow users to update delivery addresses to a non-USF delivery address because it is structured to follow Generally Accepted Accounting Principles (GAAP), procurement best practices, and internal audit rules. Through our partnership with B&H Foto & Electronics, Inc., Purchasing and Ancillary Services (PaAS) has developed a workaround.

In this protocol, the HTS requisition is used to check budget availability and capture all levels of ORG approval, including restricted commodities and Grant expenditures. In addition, the requisition will capture the COVID-19 needs justification and off-campus delivery information.

Please note that with COVID-19 related off-campus deliveries, approvals have changed. All expenditures, regardless of dollar amount, must be approved by the business unit’s Budget Manager as verification of essential need and to confirm the order is permitted for off-campus delivery.

When the approval workflow is complete, a PaAS team member will place the order and will process the transaction using a COVID-19 Special Project p-Card. The expense will reconcile in Concur charging the requesting department’s FOAP directly. After the expense is reconciled, PaAS will “REJECT” the requisition in HTS to prevent further processing.

Processing time on these order types varies, as there are dependencies (i.e., budget availability, multiple approval queues, etc.) that must be satisfied before the request can be processed.

If additional guidance is required, please send email to purchasing@usfca.edu.

Step 9:

Select **ASSIGN CART** and assign to the business unit's **Budget Manager**.

- **IMPORTANT**: During the COVID-19 pandemic, all expenditures, regardless of dollar amount, must be approved by the Budget Manager as verification of essential need and to confirm that the order is permitted for off-campus delivery. If this step is skipped, a PaAS team member will return the cart to the Requestor. The Requestor will have to resubmit by **ASSIGNING** the cart to the **Budget Manager**.
Step 10:

Budget Manager places the order.

When the requisition reaches the “PROCUREMENT APPROVAL” queue, a PaAS team member will process the requisition outside of HTS. Please refer to Overview section of this KB Article to review remaining internal PaAS processes.
