---

**Minutes:** The board discussed a BERT reported regarding a possible case of racial profiling. The Department of Public Safety conducted an investigation and resolved the issue. Everyone provided feedback on the Crime Bulletin and a draft of the PPCAB message before approving it. Dan shared protocols that the Department of Public Safety would follow if ICE were to arrive on campus. The group was reminded that the Clery Report is available online on the Public Safety's website. The committee decided that the PPCAB members' photos will be included on the website. Lastly, Public Safety shuttles were brought up as a resource for students that request transportation on-campus.
