Additional Information

Please answer the questions displayed below. Also, if you have additional outside resources that are not reflected above, please inform the financial aid office by entering the information below. Once all answer information to the Financial Aid Office.

If you have a credit balance on your student account, derived from an overpayment, you may request that the University hold the refund for you instead of refunding it to you. To do this, Department of Education regulations require that we obtain authorization from you. A credit balance occurs when the university credits Federal Student Aid (FSA) funds to your account and the total amount of those funds exceed your allowable charges. FSA funds include Pell Grants, FSEOG (Federal Supplemental Educational Opportunity Grants), TEACH Grants, Federal Direct Student Loans and Federal Direct PLUS Loans. Please note: We can only hold Federal Student Aid until the end of the academic year. If your credit balance was not caused by federal financial aid you may still use this authorization. In all cases, this authorization is a voluntary authorization and is valid from the date that we receive this request from you. You may also cancel at any time and the cancellation likewise takes effect on the date that we receive it from you. In such cases, the funds will be paid to you within 14 calendar days after the school receives your cancellation request. If you wish to make a change to your selection, please provide written notice to the Office of Student Financial Assistance of the change. **This is a voluntary authorization. You may withdraw authorization in the USF Office of Student Financial Assistance, Lone Mountain, 2130 Fulton Street, San Francisco, CA 94117-1080.**

University Tuition Grant The University provides need-based tuition assistance to undergraduate students through its Tuition Grant Program and named scholarship programs. In addition to the requirement of demonstrated need, these grants require a minimum admitted GPA that is determined after our review of the academic transcripts of the applicant pool. For new freshmen, the University Tuition Grant is available for up to 8 semesters of undergraduate study as long as the student reapplies for aid each year by the continuing student priority deadline of March 2nd, continues to demonstrate need, and makes satisfactory academic progress.

President's Academic Scholars New Freshmen applicants for timely admission may be eligible for this USF merit tuition award. The tuition award is for up to eight semesters of full-time undergraduate study at USF and renewal is automatic as long as recipients continue to meet the Satisfactory Academic Progress standards for financial aid.

Federal Pell Grant This Federally funded program provides grant assistance to needy undergraduates pursuing a first undergraduate degree. The maximum lifetime eligibility for a Pell grant is the equivalent of 12 full-time semesters, roughly the equivalent of six years. A Pell Grant offer may be reduced or cancelled at any time if we are notified by the Department of Education that a student has reached or exceeded the lifetime award limit. For more detailed information on this grant, please visit Federal Student Aid On The Web by clicking [here](#). Please note: Your Federal Pell Grant eligibility is determined by both the EFC from your FAFSA application as well as your enrollment status. We will award your Pell grant at full-time enrollment eligibility, but the grant will pay to your student account according to your actual enrollment. Example: If you are enrolled half-time, you will receive one-half of the awarded Pell grant eligibility.

Federal Work Study You have been offered a Federal Work-Study (FWS) award. Unlike most types of financial aid, such as grants and student loans, Federal Work-Study does not apply as a credit toward your University tuition and fees bill. Instead, the Work-Study award is paid in the form of employment compensation (semi-monthly paychecks) to students who work in a student employment position for the University. Students are not assigned to a FWS job; rather, students must seek employment by applying for individual jobs. Student employment opportunities are listed on an ongoing basis on the [Student Employment job board](#). Most jobs for the academic year are posted between mid-July and mid-September. Participation in this program is optional. If the award is declined, the maximum loan eligibility for PLUS or private loans will increase.

Prerequisites for Federal Work-Study Employment:

1. Accept your Federal Work-Study award
2. Register full time
3. Apply for and receive a job offer

Upon receiving a job offer, work with your supervisor to complete additional paperwork required prior to beginning employment. For more information, please review the [Student Employment website](#).
