First Assignment:

Welcome to Wills and Trusts!  
When you are ready to prepare for the first day of class, please refer to the syllabus and the Canvas page for the first assignment.  
On our Canvas page, the "Home" page shows you the first few weeks of Modules for our class. The assignments to complete before each class are listed under the "Before Class" heading of each module. Materials that we use during class will be posted under the "During Class" part of a module. The class schedule lets you know which modules we plan to cover each day. The class schedule is on the last page of the syllabus.  
For our first class, please complete the assignments listed under "Before Class" for Module 0 and Module 1.  
If you have any questions, please email me. I look forward to working with you this semester!  
Best,  
Prof. Ibarra
