Residence Hall Association
The Residence Hall Association (RHA) is the representative organization of all on-campus residents at USF and serves as the governing body of the multiple Residence Hall Councils (RHC).

RESIDENCE HALL COUNCILS
The RHCs are the representative organizations within each residence hall to serve the needs of the residents in each hall. All RHC members are in charge of all activities and advocating for policy changes in their respective residence halls.

I like to think that I am a determined and compassionate person who wants to do what is right for others always. I think my empathy and understanding are characteristics that can make for a good leader. I also want to do something outside of myself that benefits the greater community around me and this would be the perfect opportunity for that. As students, we should live in a place that we want it to be and I hope to be able to advocate for students and improve the college experience for everyone who lives in this building. I hope to bring my hardwork and dedication to this role to truly be an effective and helpful Vice President.

As the Vice President, I would make a great addition to the RHC team. As the duties are outlined, they are driven by communication supervision. As a student intern in the office of Development, I am well versed in these criteria. I controlled an intern email where we received requests daily from staff around the office to assist them with any needs, greeting prospective donors and staff. I would inform staff of events held in the VP's office through emails and updates regarding any information they and I needed to be obtained. I am also well versed in supervising. Once our experienced intern graduated, I oversaw most daily office tasks and chores and trained new interns as my supervisor hired them. I am capable and will excel in the Vice President position due to my ample experience. My experience doesn’t mean I can’t grow. I am always willing to grow and learn from my mistakes. Knowledge is a human process that can be improved daily. As a student in this role and have additional knowledge on how to engage and relate with my community. I appreciate your consideration.

I am a pre-medical student looking to help my fellow peers in the residential department. My ideas are to bring awareness to the living environments. As treasurer, I will assist my fellow students in accomplishing this goal.
MARKETING SPECIALIST

Elle Teague
Major: Environmental Studies

Before attending USF As the marketing specialist for Lone Mountain North, I will make sure that every resident is aware of important information, events, and what is happening in our home. It’s important to make sure that there is a sense of community and connection shared within the floors and for the building as a whole. There is no better way to build this bond than through marketing ourselves as the people to come to when our building mates need anything. I can make sure that the Lone Mountain North community is aware of everything we have to offer.

VACANT POSITIONS

Last year, I was in the Toler RHC. I was just a floor representative however, I was there for every event that we had or anything that needed to be done. I had many ideas for the council and could be depended on. I intend to do the same this year.
