4. **New Business** [5:25 pm - 5:45 pm]

- a. Recommendations

- i. [Gender and Sexuality Diversity](#) Representative Title Change

- Many constituents were consulted and have voiced support for this title change. There were a few people who did not have negative feelings for the current name however there were more people in favor of changing the name which is where the idea came from.

- Aderet shared that he used to serve as the GSS Representative and would often use “Queer student representative” as a way to build connections with their constituents.
 - ii. [Students with Disabilities](#) Representative Title Change
 - Accessibility is a broad position and neurodivergence would provide specificity to the position. There was some support voiced for accessibility because of its inclusivity and there was a student who didn’t feel strongly against students with disabilities.
 - iii. [Sustainability Representative](#)
 - The position would function differently from the Title IX position because it is not tied to the department so it would be its own position.
- Sarah motions to amend the agenda to start open forum at 6:07.
1. Litzell seconds.
 - a. The agenda is amended to start open forum at 6:07 pm.
