Q and A:

1. Have there been any conversations about turning CEL courses into internships in order to build relevant experience for students?

- Yes, there have been. There are also majors that already have internships built into the curriculum such as Nursing and Politics.
- 2. Have there been conversations to build internships into the core curriculum?
 - There are currently none formally however they are open to exploring this.
- 3. Does the number of students that are junior class standing without internships concern your department?
 - No it does not, but if they are unable to by June then it would be a cause for concern.

Follow up: What should students do when they are having difficulty finding internships?

- Come to Career Services to get more information about how to get internships.

5. **Open Forum** [6:10-6:15 pm]
