As a community, we are made better by the diversity in culture, experience, and expertise of our members, and by our ability to exchange our ideas and perspectives.

Today you join the USF community and begin this journey of building bridges between professions, research and lifestyles. The ISSS office hopes you enjoy the program we put together for you. We not only want you to learn how to be successful in the classroom, but also personally. Remember to take good care of yourself and utilize the many resources USF has to support you while you are here.

If you have any questions throughout please don't hesitate to contact an ISSS staff member or one of our ISO Guides. Also, be sure to take a few minutes to look through this ISO Workbook carefully, as it's full of useful information for your first few weeks here at USF.

Parking On Campus:

USF has very limited parking and, as such, is unable to provide ample parking spaces for the majority of the USF community. Therefore, all students who live in any University housing facility are prohibited from bringing vehicles to campus and are ineligible to receive semester or annual parking permits.

During the fall and spring semesters, permits are awarded through a lottery system to students living outside of a 3 mile radius from campus. During the summer, however, students may purchase any type of parking permit.

ADA Shuttle and Night Safety Program:

The Department of Student Leadership and Engagement and the Department of Public Safety co-sponsor the USF Shuttle and the Night Safety Program. Its primary purpose is to provide reasonable transportation to classes, on campus locations, and off campus residences within the boundaries of the service. *USF IDs are required at all times.*

Transportation: Getting Around the San Francisco Bay Area

Bay Area Public Transportation: San Francisco is a small city (approximately 7 miles x 7 miles), making it easily accessible by public transportation. The main modes of public transportation are Muni (for Municipal) and BART (Bay Area Rapid Transit). Muni includes both buses, cable cars and trains within San Francisco. Caltrain connects San Francisco with San Jose via the Peninsula. For more information on Caltrain, visit: www.caltrain.com/site3.aspx.

- 31 Balboa** – Richmond to Downtown
- 33 Ashbury/18th Street** – Richmond to SF General Hospital
- 38 Geary** – Richmond to Downtown

BART is typically a commuter train that can be used to go to the San Francisco airport and to different parts of the greater Bay Area (see map on right).

Please visit these online resources for more information about the San Francisco public transportation system. You can also use Google maps directions application to find the best route to your destination, by choice of public transit, car and walking.

Shopping and Eating Near USF and Beyond

Dining and Entertainment Near USF:

USF is located in a section of the city often referred to as “NOPA,” (for North of the Panhandle). Although many of the immediate streets around campus are residential, you do not have to go far for some great eateries.

- ⇒ **Clement & Geary** streets: explore this area for a great variety of cheap Asian fare and Asian markets too.
- ⇒ **The Haight**: walk down Haight St. for exposure to San Francisco’s history as a “hippy” destination and try some affordable food ranging from Middle Eastern, to Italian, to Thai.
- ⇒ **Divisadero**: make the trek to Divisadero St. for a change of scenery and food options, such as Ethiopian, Japanese, and American fusion.

Search for restaurants and restaurant reviews on Yelp: www.yelp.com. Or stay in and get food delivered from hundreds of San Francisco restaurants at Grub Hub: www.grubhub.com

Shopping and Resources in the SF Bay Area:

Target @ Geary & Masonic St. Walking distance from USF Main Campus. This discount superstore has everything from housing items to clothing and footwear.

Stonestown Galleria on 19th Ave in San Francisco: This shopping mall has a wide range of stores and a great place to buff up your winter wardrobe that you thought you wouldn’t need in San Francisco.

Union Square in downtown San Francisco: Located in San Francisco’s financial district, Union Square to Market St. is the premier San Francisco shopping area. Come with energy and comfy shoes, you may walk miles.

Craigslist on the Internet: Craigslist is a one stop site for apartments, housing, and used items ranging from furniture to cars. Definitely recommended, but **use caution** when purchasing items through individual sellers. There are many fraudulent listings on this site. Never pay for something in advance or meet someone alone. Go to: sfbay.craigslist.org.

Grocery Shopping Near USF:

Lucky @ Fulton & Masonic: a large grocery store with groceries as well as hygiene and basic household items. One block from main campus.

Trader Joe’s @ Masonic & Geary: a medium sized store with affordable specialty items and gourmet natural foods.

Safeway @ 7th Ave & Cabrillo: a large grocery store comparable to Lucky. Close to Pedro Arrupe!

Arguello Market

@ Arguello and McAllister: a specialty store with limited groceries, but more prepared food choices for quick meals. Delicious sandwiches!

Banking in the United States:

To open a bank account, you will need to bring your I-20 or DS-2019, passport, I-94 card/Admission Record, and cash to deposit. To obtain your Admission Record you can visit the Customs and Border Protection website for <https://i94.cdp.dhs.gov/>. Request to open a student checking account. You DO NOT need a Social Security Number to open a bank account. If the bank representative tells you that you need one, politely let them know that you know that you do not need one to open account. If they still want one, ask to speak with someone else at the bank. USF does not endorse any particular bank and there are many to choose from. Important things to consider are banking fees, bank locations, Automatic Teller Machine (ATM) locations, and wire transfer options with your bank in your home country. Listed below are just a few local banks near USF.

Cell Phones and Services:

HOW: You will need your passport, Certificate of Eligibility, and Admission Record to start a cell phone plan. You do not need a Social Security Number to apply for a cell phone, but most companies will want to verify your ability to pay the cell phone bill or require an extra deposit. The ISSS vendor letter (<http://myusf.usfca.edu/issv/students/f-1/verification-letters>) can help explain your student status and financial ability.

WHAT: Choose a cell phone, a provider, and a service plan. There are lots of options and you can compare them online. Some students like to bring their own phones and get a SIM card to put in it. Other students like to choose a no-contract or pay-as-you-go plan for less commitment, and others have started “family plans” with friends to get a better price. Listed below are a few service providers near USF.

WHY NOT: With modern technology there are many ways to communicate across national boundaries and oceans. Consider using Skype, Face Time, WhatsApp and other video and messaging services to talk with friends and family back home. Pre-paid phone cards for long-distance/international calls can also be a smart way to get in touch with relatives who don’t use the internet.

WHERE: Cell phone companies have many small stores throughout San Francisco where you can buy a phone and set-up a plan. ISSS also has complimentary SIM cards for use on any unlocked phone.

Student Enrollment Services

Student Enrollment Services is an important campus office for all students and offers a wide range of services. This office is where you will pay tuition and other fees, register for classes, submit official updates to your student status (such as major changes), and a place to get proof of your student status and enrollment history. The office is in Lone Mountain main but most services can be requested and completed online at: <https://myusf.usfca.edu/student-enrollment-services>.

Transcripts: Order your official transcripts online through the third party provider, the National Student Clearing House (see instructions below). Transcripts are a record of the classes you have taken at USF and the grades you have received. Transcripts are often needed when applying for a new visa. After submitting your request through the Publisher's Clearing house, transcripts are usually processed within 1-3 business days, but students should make their requests at least 2 weeks in advance. Additional delays may apply around peak months. Be sure to plan ahead and order early. Each transcript will cost you \$5 plus mailing fees.

Students can access an unofficial copy of their transcripts at any time through their student tab in MyUSF. Unofficial transcripts can be useful for travel but are not recommended for visa applications.

Release of Student Information: The Family Educational Rights and Privacy Act of 1974 (FERPA), also known as the Buckley Amendment, protects the privacy of students by limiting third party access to student education records. This means that third parties, including parents and other family members, will not be able to receive information or act on your behalf unless you officially authorize them to do so. If you would like to allow someone else access to your student information or be able to make tuition payment for you, you can complete the "Student Consent to Release Information" form, and submit it to Student Enrollment Services. For this form, and more information about FERPA, please visit One Stop's web page on student privacy: <https://myusf.usfca.edu/registration/student-consent-release-info>.

Social Security and Tax IDs

Getting a Social Security Number (SSN):

What is an SSN? An SSN is an identification number primarily used for income & tax purposes. Having a Social Security card and an SSN **does not authorize an individual to work** in the United States, nor do you need an SSN to begin working.

How do F-1 and J-1 visa holders get an SSN? Only international students who have on-campus employment or authorized off-campus employment may apply for an SSN.

Most students obtain an SSN by first getting an on-campus job. Once you have found employment on-campus, you will get a temporary payroll ID number, which will need to be replaced with an SSN number as soon as possible. You must present the receipt that shows you have applied for the SSN within 10 days of the start of your employment. Students should get their temporary number at the Student Employment office.

For detailed information about applying for a Social Security Number, please go to the ISSS website: web.usfca.edu/iss/ssf/.

Do I need an SSN to rent an apartment or apply for a cell phone plan? No, you do not need an SSN to rent an apartment or sign a contract for a cell phone. Instead, please access and download the “Vendor letter” from the ISSS website. This letter, along with your I-20/DS-2019, explains that you are an international student and that you have met the financial requirements set by the U.S. Department of State to live and study in the United States. You can access the vendor letter at: web.usfca.edu/iss/vendor/.

Other Tax ID Numbers:

Students who don’t have an on-campus job and are not authorized for off-campus employment, but who still need a tax ID number to report non-wage based income (*like a scholarship*), can apply for an Individual Tax ID Number (ITIN).

If you have a USF scholarship for room and board or living stipend, or scholarship from another United States based organization, you may need to apply for an ITIN.

Most students on a scholarship will have to pay taxes and will not be able to get this money refunded to them, until they have an ITIN.

To learn about the ITIN application, please attend one of the ISSS Tax Workshops (<https://myusf.usfca.edu/iss/students/workshops>).

If you have further questions about the ITIN process, please contact ISSS to make an appointment with an advisor.

Please note that ISSS will assist you as best we can, but we are not tax accountants. If you would like more assistance with your taxes you should contact a professional tax accountant.

On-Campus Employment: Checklist for International Students

International USF students who wish to work on campus must complete a three-part process in order to obtain employment and receive payments (earnings) in accordance with University and federal requirements. The steps listed below must be completed by all first-time employees. For additional information, please refer to the Office of Student Employment website.

A. Obtain a student employment position at USF

1. Look for and apply for an on campus job. Refer to the Online Job Listings page for a list of available job opportunities. When you are offered and have accepted a job, go to step 2.
2. After you accept an on-campus job, you will receive an email from USFWorks with instructions to complete the USCIS Form I-9, Employment Eligibility Verification. Once you have completed section 1 of the form, bring your supporting documents to the Student Employment Office, Lone Mountain, 2nd Floor. This step must be complete *before* your begin working.
3. Pick up your Work Clearance form upon submitting your Form I-9 to the Student Employment Office.
4. Deliver your Work Clearance to your hiring manager to confirm *you may now begin working*.

B. Obtain a Social Security Number

1. Obtain a USF Employment Confirmation Letter, a letter that must be printed on USF department letterhead and completed by your new supervisor or hiring manager.
2. F-1 Student: Submit your Employment Confirmation letter to the ISSS office through the MyISSS portal for endorsement.
J-1 Student: Submit your Employment Confirmation Letter to the ISSS office through the MyISSS portal for endorsement and additional paperwork.
3. Apply for a Social Security Card according to the instructions provided by ISSS, within 10 business days of your employment start date. Be sure to ask for a printed receipt to confirm your SSN application.
4. Scan/Email your Social Security card *receipt to the Student Employment Office* (stuemp@usfca.edu), within 12 business days of your employment start date.

C. Complete all necessary onboarding via USF Works

Please work with your on campus employer or USF Student Employment Office if you have any questions regarding navigating USF Works.

APPENDIX

Safety and Scams

The safety of all students attending University of San Francisco is our top priority. International students and visitors can be targets of crimes because they are less familiar with the area and what suspicious activity looks like. In San Francisco and the Bay Area, the most common incidents result in the loss of property but not physical harm. These incidents are random and, with some knowledge and awareness, can often be avoided.

Personal Safety:

Public Safety suggests keeping phones and valuables out of sight, and avoiding wearing headphones when walking around. Being aware and vigilant allows you to pick up on subtle signals that warn you to be cautious and be able to react quickly. Stay safe and trust your instincts!

For more information on crime prevention and tips for staying safe, visit the Public Safety Office's website: <https://www.usfca.edu/public-safety/crime-prevention>

Fraud and Scams:

A scam is when a person or persons try to get you to give money or information under false pretenses (a lie). It can also be called fraud.

The most common scams include someone claiming to be from a U.S. law enforcement agency (police, FBI, Department of Homeland Security, etc), the IRS (U.S. tax department), or even a company offering the student a job or person offering an apartment or housing.

Important points to help you recognize a scam:

- The U.S. government will never call you to demand immediate payment. You always have the opportunity to speak with ISSS or an immigration attorney before paying a fee.
- The Department of Homeland Security will communicate any concerns with students either with a written letter or through the ISSS office at USF.
- The police do not have the authority to deport anyone. Deportation is a lengthy legal process that involves the U.S. justice system and a ruling by an immigration judge.
- You should always see an apartment or house in person and sign a written agreement (called a lease) before paying any money.

If you ever have any questions or concerns about communication you receive, get the caller's name and contact, and call ISSS immediately.

Emergency Response:

Make sure the International Student and Scholar Services office has your emergency contact information. Also update your contact information in MyUSF so you can receive messages from the USF Emergency Response system.

In the event of an emergency, please follow the below guidelines:

- Be aware of emergency exits.
- Keep calm and do not run or panic.
- Evacuation is not always the safest course of action. If directed to evacuate, take your belongings that you can carry easily and proceed safely to the nearest evacuation route.
- Find a safe place to wait. Faculty and staff will need to be able to account for your whereabouts.

WHAT IS A MUNI PASS AND WHY WOULD I WANT ONE?

MUNI Pass Information

Spring 2022

MUNI (San Francisco Municipal Railway) operates San Francisco's buses, subways, streetcars, and historic cable cars. If you own an eligible Mobile Device, you can use the MuniMobile App for your transportation needs around the city. The MuniMobile App allows you to manage your USF Muni Pass quickly and conveniently. If you will not have a car, or if you expect to use the bus on a daily basis (or at least a couple times per week), then the MUNI Pass can save your money and is very convenient to use. Without a pass or MuniMobile, each bus ride is \$3.00 and exact change is needed each time. Most students have found the MUNI Pass to be very useful and cost effective. To learn more about planning your commute via MUNI, please visit: <http://511.org/>

Undergraduate students who pay the Transportation Fee as a part of their tuition are eligible to receive one Muni pass per Fall and Spring semester. Simply set up your MuniMobile App with your USF Muni Pass for unlimited rides around the city.

Glossary of Terms

Internal Revenue Service: Also known as the IRS, this is the federal agency responsible for collecting federal income taxes and enforcing tax reporting and collection laws. It is an agency of the U.S. Treasury Department.

International Student Advisor: The person at a university who is in charge of providing information and guidance to foreign students in areas of government regulation, visas, academic regulations, social customs, language, financial or housing problems, travel plans, insurance, and legal matters.

Jesuits: A Roman Catholic order of priests founded by St. Ignatius Loyola, St. Francis Xavier, and others in 1534, to do missionary work. Despite periodic persecution, the order has retained an important influence in Catholic thought and education. Also known as, “The Society of Jesus”. The society is engaged in evangelization and apostolic ministry in 112 nations on six continents. Jesuits work in education (founding schools, colleges, universities and seminaries), intellectual research, and cultural pursuits. Jesuits also give retreats, minister in hospitals and parishes and promote social justice and ecumenical dialogue.

J-1 Visa Holder: A non-immigrant exchange visitor participating in a program that promotes cultural exchange within the U.S. All applicants must meet eligibility criteria and be sponsored either by a private sector or government program. Different categories exist within the J-1 program, each defining the purpose or type of exchange. While most J-1 categories are explicitly named in the federal regulations governing the J-1 program, others have been inferred from the regulatory language. Many persons in the United States on J-1 visa are subject to the two-year home residency requirement found in Section 212(e) of the Immigration and Nationality Act. This regulation states that before a person on a J-1 visa with the two-year home residency requirement can change to nonimmigrant status (H-1B or L1, for example), or adjust to U.S. permanent resident status, the J-1 person must either return to the country of last residence for two years or obtain a waiver of the two-year home residency requirement.

Plagiarism: Plagiarism is defined as “literary theft” and consists of the unattributed quotation of the exact words of a published text, or the unattributed borrowing of original ideas by paraphrase from a published text. On written papers for which the student employs information gathered from books, articles, websites, or oral sources, each direct quotation, as well as ideas and facts that are not generally known to the public at large, or the form, structure, or style of a secondary source must be attributed to its author by means of the appropriate citation procedure. Only widely known facts and first-hand thoughts and observations original to the student do not require citations. Citations may be made in footnotes or within the body of the text. Plagiarism also consists of passing off as one’s own segments or the total of another person’s work. (Taken from USF’s Academic Dishonesty Code)

Nonimmigrant: An individual with a permanent residence abroad and in the United States temporarily, as in the case of a foreign student.

Nonresident: An individual in the United States temporarily (usually less than six years). Although required to file an annual federal income-tax return, nonresident aliens pay tax only on income from U.S. sources.
