SOCIAL SECURITY NUMBER (SSN)

INSTRUCTIONS FOR STUDENTS WITH ON-CAMPUS EMPLOYMENT

International students who are authorized for on-campus employment are eligible to apply for a U.S. Social Security Number (SSN). Applications for the number must be made in person at a local Social Security Administration (SSA) office, after which the SSN is mailed within 4-6 weeks. New students must wait at least ten (10) business days after completing Status Verification with ISSS to apply for an SSN.

Going to the SSA office may be time-consuming and take 2-3 hours. Please allot sufficient time when visiting the SSA office. Additionally, failing to have all the required documents may either delay your application or result in denial.

The following documents must be submitted to the SSA office to apply for an SSN:

SSN FREQUENTLY ASKED QUESTIONS

Do I need a Social Security number before I start working?

SSA does not require you to have a Social Security number before you start work. However, the Internal Revenue Service requires employers to report wages using a Social Security number. While you wait for your Social Security number, your employer can use a letter from SSA stating that you applied for a number. Your employer may use your immigration documents as proof of your authorization to work in the United States. Employers can find more information on the Internet at (www.socialsecurity.gov/employer/hiring.htm).

Can I laminate my Social Security card?

Do not laminate your card. Lamination prevents detection of many security features. However, you may cover the card with plastic or other removable material if it does not damage the card.
