SCENARIO QUESTIONS
1. If you were the nurse for a patient going into surgery what are the pre-op and post-op teachings you would discuss?

2. If you were working on a floor and a doctor came up to you and yelled at you referring to patient that wasn't yours and you had not been taking care of, how would you respond?

3. If you were a nurse on a floor and you walked into a room and the patient was short of breath and said they were having trouble breathing, what would you access and why? You hear wheezing and you note that the patient has a history of asthma then what would you do? How would you chart this scenario?

4. If you are a nurse on a unit and you have a patient who is asking for pain meds, a patient who is leaving for the OR and the OR doc calls and says they are coming up in 5 minutes and you need to have the patient ready, a patient who needs to use the restroom, a patient who feels sick and a patient who wants someone to sit with them, who do you see first and why?

5. If you have a diabetic patient who is not communicative, what do you do?

6. If you are a nurse on a floor and one patient is experiencing transfusion reaction, another patient that is in shock and a third patient with low blood pressure, who do you see first and why?

7. If you have an older patient that has been in bed 2 weeks, is short of breath, and has a respiratory rate of 40, what do you do?

8. If you are a nurse on a floor and the ventilator alarm is sounding and the high pressure alarm is sounding, what do you do?

FINAL TIPS
Know the national patient safety goals
Know the order of vital signs (Airway, Breathing, Circulation, Pain, .) and emergency situations
Know your head-to-toe assessment as well as other unit specific assessments, (i.e. LATCH score, measuring lochia, fundal height for maternity)
Think of an experience that moved you from your clinical/preceptorship – something you will always remember
Stress your teamwork skills
Pay close attention to the job description if there is a technique you are unfamiliar with research it, i.e. “Sharp Experience”
