Dear USF Community:

On Friday, November 15, 2013, at approximately 4 a.m., a USF engineer reported seeing a suspicious person in the Hayes Healy garage. Subsequent investigation by public safety officers located the subject, who is a known car burglar. It was determined that the suspect had broken into a vehicle parked on Golden Gate Avenue and was responsible for another car break-in on Golden Gate Avenue a few weeks ago. SFPD responded and took custody of the suspect.

Everyone is reminded not to leave items visible inside unattended vehicles. Burglars know that people often leave gifts in their vehicles during the Christmas shopping season.
